RECOMMENDATION

Provide a "time certain" of 6:00pm (on 12/11 or 12/18) for Item 10.5 on the December 4th agenda (Campbell Union High School District – GP18-004).

BACKGROUND

Approximately 30 Campbell Union High School District stakeholders, including residents, administrators, and trustees have reached out to my office in the last few days asking that we provide a time certain for what was item 10.5 on the 12/4 City Council meeting agenda which will be heard in a future City Council meeting (12/11 or 12/18). A 6:00pm start time on this conversation would ensure all stakeholders, including students, could participate in the public comment process.

I hope my colleagues on the Rules and Open Government Committee concur with my assertion that having meaningful input from this community on this item is important and should be accommodated to the best of our ability.
