## Re: Mid-year Budget Allocation

2-12-2019

Dear Mayor, Vice Mayor, City Council, and staff,

My name is Mimi M Hernandez, and I am writing this letter in support of the recommendation put forth at the December 4<sup>th,</sup> City Council meeting, regarding the memo co-authored by Councilmember Carrasco, Arenas, Davis, and Mayor Liccardo in regards to the small business anti-displacement research. Taking action to explore strategies and financing tools to mitigate small business displacement is one of many steps that can be taken in the appropriate direction by our elected officials. Small family owned businesses are not only the largest sector of employment in the city, but are also part of the cultural fabric of San José.

In my line of works as senior business adviser at our SBDC Centers, in the last seven years alone, my team has saved over 1600 local jobs. Each of these jobs saved reflect an investment workign smart towards positive Economic impact.

These small busineses represent our community, the constituents you serve, and just makes good economic sense. Each family owned business represents jobs, actual exisiting jobs in San Jose. When we lose small family owned businesses, We ALL lose. And we as a city have to work twice as hard, let's work instead, to retain them.

When a small business is displaced it's not only the business that is displaced, but also the dreams, hopes, and livelihood of our neighbors and family members. We realize that we are going through a historic and defining moment with the proposed deal that would allow Google to change the landscape of our Diridon station and beyond, because this change will in fact have impacts far beyond San José.

We support measures and policies that protect small businesses, affording them the tools and information necessary to help maintain the culture, diversity, and backbone of the largest employer base in San José, small businesses. With the recent news showing cities and giving tax breaks and expediting permits to get big corporations to move in, we are pleased that San José City Council is taking the opposite approack to make sure that the communiy at large can benefit from the growth. Thank you.

Saludos,

Mimi M Hernandez Senior Business Adviser, Education Coordinator Hispanic Chamber of Commerce Silicon Valley
