## **SECOND REVISED EXHIBIT Q – PRICING POLICY**

The intent of the Pricing Policy is for prices and quality of products and services at the Airport to be comparable to off-Airport (street) locations within Santa Clara County, California. Multiple concessionaires operate at the Airport and it is expected that competition for customers will ensure that prices and quality of products and services remain at a level that closely matches street comparables.

### **Pricing Requirements and Comparables**

Concessionaire is responsible for establishing comparable locations for the purpose of instituting a pricing structure for their concessions under the following guidelines:

1. Name brand stores:
  - a. If a concession has a street location within Santa Clara County, that location will be designated as a comparable store.
  - b. Concessionaire may submit comparable pricing from a minimum of one (1) street location and no more than three (3) street locations.
2. Alternate comparable locations:
  - a. If a concession does not have a street location in Santa Clara County, the concessionaire and Airport will identify no more than three (3) street locations in Santa Clara County similar in concept, size, and quality.
  - b. If a product or service is not available at the selected street locations, the concessionaire and Airport will identify no more than three (3) alternate street locations in Santa Clara County for that product or service.
  - c. If concessionaire is unable to find a reasonable comparable location within Santa Clara County, the concessionaire shall have the right to request in writing an exemption from the local comparable requirement for approval by the Director. Such request must include reason for requested exemption and provide a detailed explanation of how concessionaire intends to establish pricing for its products or services.
3. Pricing:
  - a. Affordable pricing is an essential aspect of the passenger experience at the Airport. It is our goal that prices should be close to prices found on the street but in no case, shall prices exceed thirteen percent (13%) of a comparable location or brand located in the Santa Clara County area. If a location does not have an equivalent comparative brand in the vicinity, then the Airport and Concessionaire shall agree to three equivalent locations for comparison.
  - b. Concessionaire must provide a price justification, to be approved by the Airport, for any product that is different in size or quality for purposes of establishing a reasonable comparable price.

4. Protection from competition:

- a. Stores that are partially or fully protected from competition, such as hotels, amusement parks or sports arenas, and locations that operate using off-price or discount pricing structures, shall not be included as comparable locations.
- b. Notwithstanding the preceding paragraph, if a branded concession has a location at either Oakland International Airport or San Francisco International Airport, that airport location may be used as the only comparable location. However, prices cannot exceed the prices at that comparable airport location.

5. Product and price submittal:

Concessionaire is required to submit a complete product and price list to the Director for approval at least thirty (30) days prior to the initial concession opening. Such product and price list shall detail all products and services available for sale and the requested price. Differences in size or quality of a product or service shall, all other things being equal, be considered by Airport during its review.

6. Approval of comparables and pricing:

If the Airport and concessionaire are unable to agree on the comparable street locations or prices, the Director will select the comparable street locations for the purpose of establishing prices.

## **Pricing Display**

1. Display of pricing:

Concessionaire is required to prominently and clearly display pricing for all products and services offered at any location(s) at the Airport.

2. Pre-marked or pre-printed price:

Where prices are pre-marked or pre-printed on the item by the distributor or manufacturer, the price charged for the item shall not exceed the pre-marked or pre-printed price.

## **Price Adjustments and Prices for New Products**

1. Written approvals:

Concessionaire must obtain Airport's written approval prior to adjusting prices and prior to pricing new products and services. Any request for price adjustments or price approvals for new products and services must be submitted to the Director at least fourteen (14) days prior to either the price increase effective date or availability of a new product or service, as applicable. Price increases shall be

based on increases in prices for the same items at the comparable street locations in Santa Clara County.

2. Price adjustments:

Concessionaire will be allowed to submit pricing adjustments two (2) times per year unless otherwise requested by concessionaire due to market conditions, and as approved by the Director.

## **Remedies for Exorbitant Prices and/or Insufficient Quality**

1. Review of pricing and quality:

At any time, the Director may survey prices and the quality of products and services then in effect at comparable street locations in Santa Clara County. If the Director determines that any prices being charged by concessionaire at the Airport are exorbitant compared to street pricing as identified in the survey, or that any product or service being offered by concessionaire is of insufficient quality compared to the street locations, the concessionaire is required to submit, within seven (7) days, a product and price list with comparables as required in the Pricing Policy. Prices must be adjusted within seven (7) days of the Director's approval.

2. Remedies:

- a. Should the concessionaire not provide an acceptable price list with comparables within seven (7) days, the products or services must be removed immediately from the concession location or may be offered at street pricing plus thirteen percent (13%) as determined by the Director.
- b. Should the concessionaire not replace products or services of insufficient quality with items of sufficient quality within seven (7) days, the products or services must be removed immediately from the concession location.
