SUBJECT: IMPACT OF CARDROOM GAMBLING ON CRIME ANNUAL REPORT

RECOMMENDATION

Accept the annual report on the impact of cardroom gambling on crime in the San José metropolitan area for 2018-2019.

EXECUTIVE SUMMARY

In comparison to the prior fiscal reporting period, there has been a decrease in calls for service and an increase of reported incidents at Sutter's Place, dba Bay 101 Casino Cardroom ("Bay 101 Casino"); and an increase in both calls for service and reported incidents at Garden City, Inc., dba Casino M8trix ("Casino M8trix") during the current reporting period July 1, 2018 through June 30, 2019. Reported incidents involving arrests at Bay 101 Casino slightly decreased and Casino M8trix remained the same during the current fiscal period when compared to the previous fiscal period.

In order to determine whether the activity of gambling has had a direct impact on crime in the City, an in-depth investigation must be undertaken into each and every incident listed in this report. This report will not do that. Rather, this report will provide the reader with information on the types of incidents that have occurred at each cardroom and attempts to identify those incidents that are gambling in nature (e.g., cheating, underage gambling, etc.). In order to provide a sense of how the cardrooms are operating and whether or not they are complying with the City's gaming regulations, the Department will provide the Public Safety, Finance and Strategic Support Committee with a "Cardroom Compliance with Title 16 of the San Jose Municipal Code Annual Report" under separate cover.

BACKGROUND

There are two permitted cardrooms operating in the City of San Jose: Bay 101 Casino and Casino M8trix. Subsection (A) of Section 16.04.050 of the San Jose Municipal Code (Code) states, in relevant part: "The Chief of Police shall prepare an Annual Report evaluating the

impact of cardroom gambling on crime in the San Jose metropolitan area." This Section of the Code was first codified and adopted by the City Council in 1996 to help the Council understand what, if any, impact gaming activity was having on overall crime in the City. Since then, the Crime Analysis Unit has provided crime statistics for all incidents occurring each year at the cardrooms.

Beginning with fiscal year 2012-2013, a distinction was drawn between crimes that are gaming in nature (crimes occurring at the cardroom premises with a direct nexus to gambling) and those incidents that are not gaming related (incidents that occurred at the cardroom premises with no direct nexus to gambling). Of note, although the Department acknowledges that incidents occurring off cardroom properties (e.g. burglary, robbery, domestic violence) could very well be related to gambling as a result of gambling losses, gambling addictions, and other socioeconomic factors, the Department is unable to tie them directly to any cardroom without information from the complaining parties. As such, incidents occurring off-site will not be reported herein.

BACKGROUND

Crime/Incident Statistics for Bay 101 Casino and Casino M8trix for Fiscal Year 2018-2019

The San Jose Police Department maintains records of all calls for service and reported incidents. Calls for service are calls that come into the San Jose Police Dispatch Center requesting or requiring dispatch of a patrol unit. Reported incidents are incidents in which a report is generated by a member of the public or a police officer. Not all calls for service result in a reported incident and not all reported incidents result in an arrest. In addition, for a call for service or reported incident to be specifically attributed to a cardroom, the individual cardroom address must be referenced in the dispatch system or noted on the police report as the location of occurrence. Only those statistics which can be directly related to the cardrooms during Fiscal Year 2018-2019 are included in this report.
