Please state why you want to become a member of this Board or Commission including specific objectives which you would work toward as a member. If you are applying for the Board of Fair Campaign and Political Practices, please indicate any familiarity or experience you may have with campaign laws.

I am very politically active and engaged on best practices. I am also interested in fair processes and supporting city council with directives ,policy information, and analysis needed to make informed decisions. I have volunteered for campaigns , current member of aauw, as well as been a volunteer esl teacher at the public library. I grew upon the bay area and have done well but I worry about the housing and creating a society of the haves and have nots. San Jose needs to be more affordable, inclusive, and care about all levels of society. I have family and friends working 2-3 jobs to just have an apartment here and how is that sustainable? As I chat with. Residents and neighbors, I hear about how they are planning to leave California due to cost of living here. How do we stop migration of retirement community with income to spend leaving for cheaper states? Diversity across all forms and factors is critical to inclusion, education, art and community is what will make California the place I one to instead of plAce you came from.. I am great at analytics and I work in security and I am getting my privacy certification to insure I understand and can articulate privacy policy. I am hoping my background, upbringing, passion and Desire for fairness are attributes that are valued.

I am very interested in helping the city do a great job in planning and becoming a green city. I understand the need for more housing but I also believe more planning is needed for infrastructure. This includes, road and traffic, public transit, water, and sewage. For many year I was a Caltrain rider, but unfortunately there is no public transit that can get me to my current employer.
