

# Equity Study Session

February 10, 2020, 1:30-4:30pm  
San Jose City Council Chambers

# Achieving Equity in San Jose

City Council Study Session  
Monday, February 10<sup>th</sup>, 2020

**Dwayne S. Marsh**, former Vice President  
Institutional and Sectoral Change

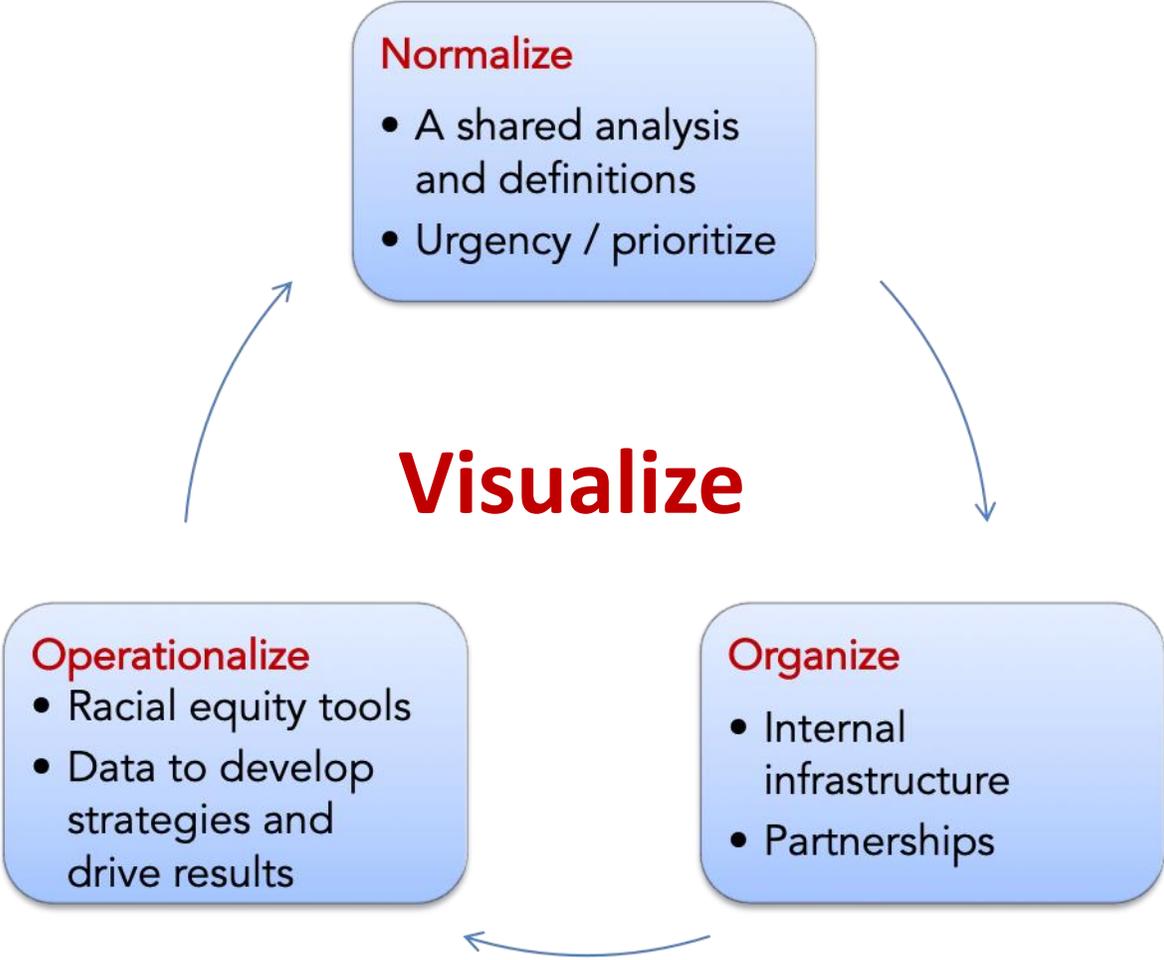

# Your Facilitator

## Objectives:

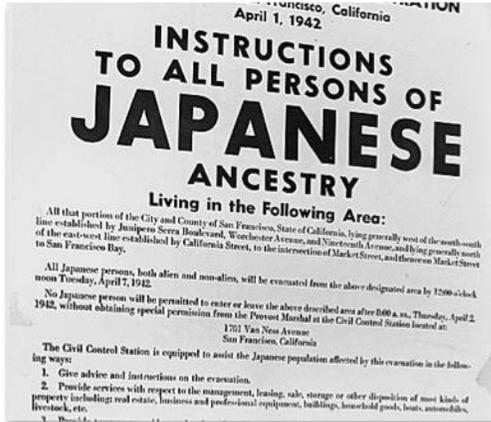

- Build a shared understanding of what equity work means in the context of local government, why it is important, and how to embed a framework that reduces inequities.
- Lay the groundwork for a thoughtful, intentional, multi-year process of systems change that will improve outcomes for all.
- Explore the power and potential inherent use of a racial equity review and analysis methodology.

# National Effective Practice:

# History of institutions and race

Initially explicit

Institutions (and government) explicitly creates and maintains racial inequity.

Became implicit

Discrimination illegal, but "race-neutral" policies and practices perpetuate inequity.

Just, multiracial, democratic society

Proactive policies, practices and procedures that advance racial equity.

# Why Lead with Race?

- A growing standard in the public sector
- The power of intersectionality
- Racial inequities: deep and pervasive
- Racial anxiety on the rise
- Applying the structural race lens is useful in examining other structural problems
- Specificity matters

# Equity? Equality?

## What's the difference?

# Diversity, Equity and Inclusion

**DIVERSITY** ●●▶ **INCLUSION** ●●●●●●●●▶ **EQUITY**

## Quantity

Different identities & cultures

## Quality

Participation across identities & cultures

## Justice

Policies, practices, & procedures to ensure equitable outcomes

## Racial equity means:

Closing the **gaps** so that race does not predict one's success, while also **improving outcomes for all**

- To do so, have to:
  - ✓ Target strategies to focus improvements for those worse off
  - ✓ Move beyond “services” and focus on changing policies, institutions and structures

**When we find solutions that  
work for those most  
vulnerable in our communities,  
we find solutions that work  
better for everyone.**

### **Individual racism:**

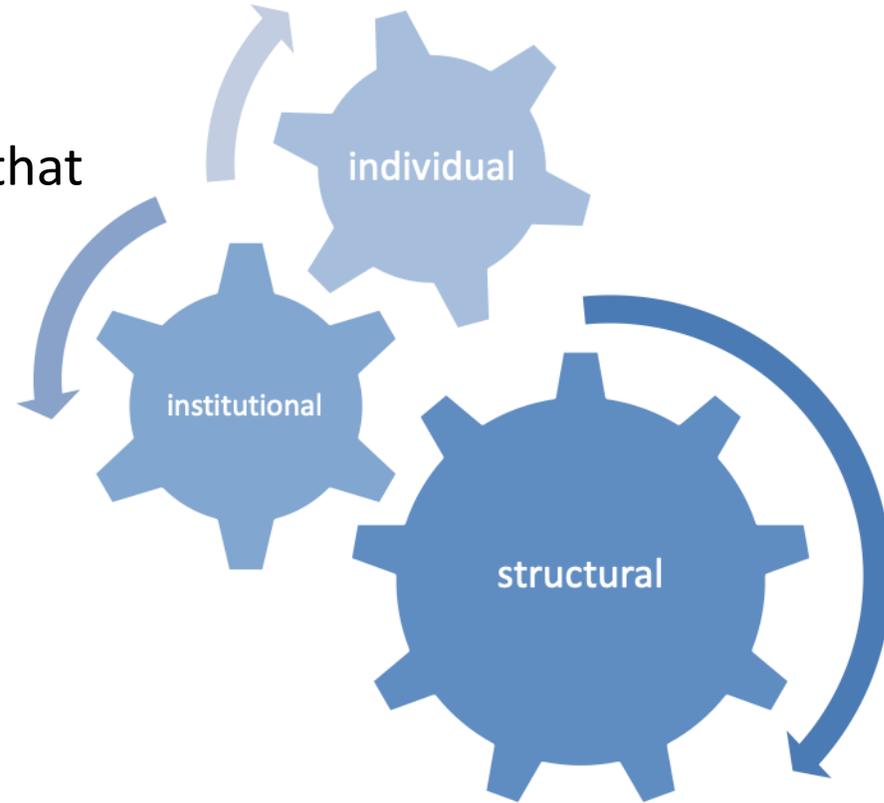

- Bigotry or discrimination by an individual based on race.

### **Institutional racism:**

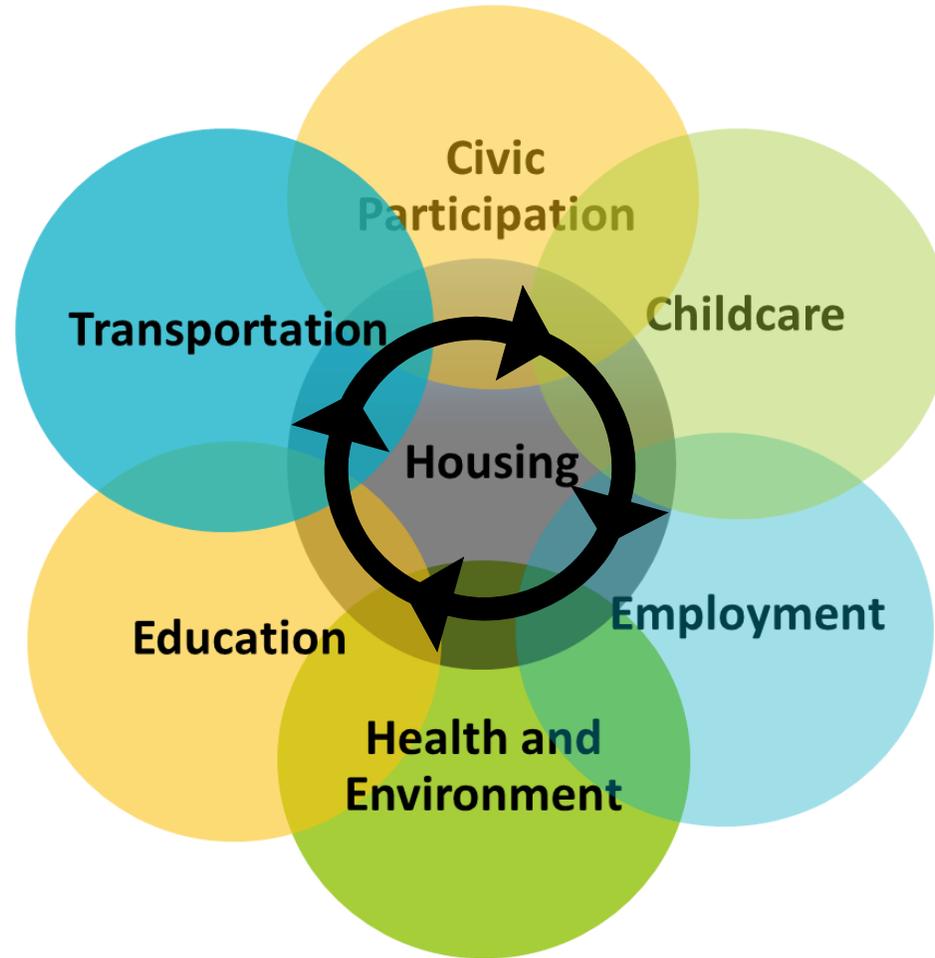

- Policies, practices and procedures that often work better for white people than for people of color, often unintentionally or inadvertently.

### **Structural racism:**

- A history and current reality of institutional racism across all institutions, combining to create a system that negatively impacts communities of color.

# What We Mean by Structural Racism:

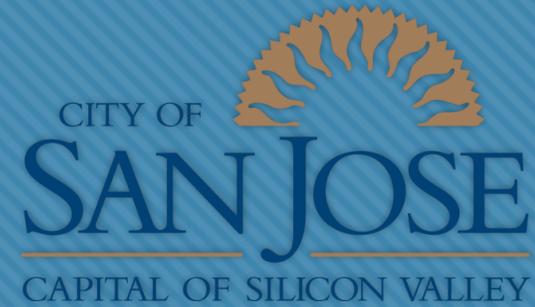

# King County, WA and City of Madison, WI

# City of Portland

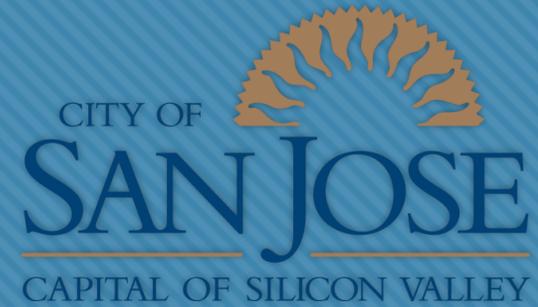

VIDEO

# San Jose Examples of Integrating Equity Perspective

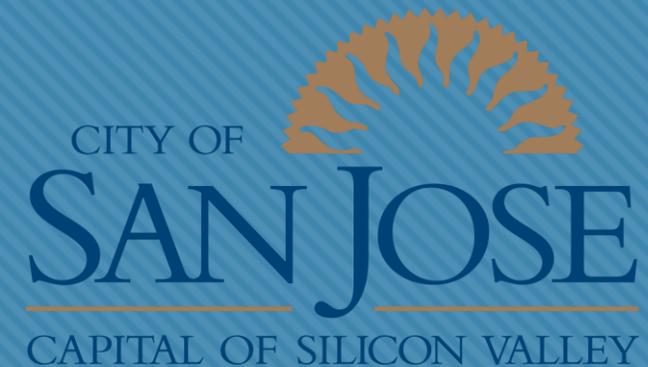

- Lunch & Learn– normalizing conversations
- Language access
- Training and program design
- Contracting outreach
- Community connections and engagement
- Employee Resource Groups
- Explicit equity goals in strategic plans
- Peer review and feedback

# Equity Screen Projects

- Proactive Community Policing
- Sexual Assaults Law Enforcement Training and Support Services
- Project Hope
- Family-Friendly Facilities
- Youth Learning
- Tree Planting

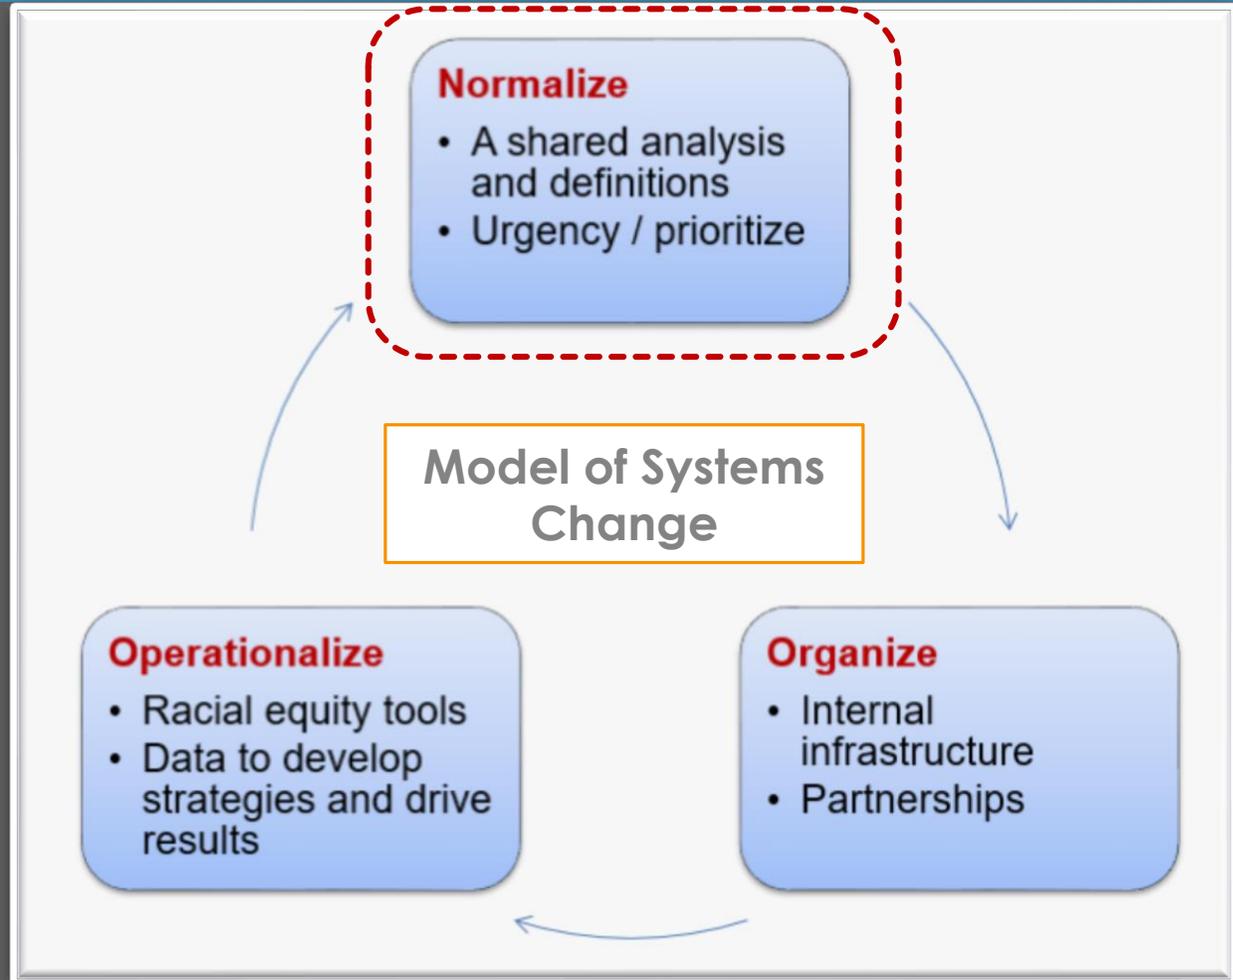

# Planning, Building, & Code Enforcement

Normalizing

# First Step: Normalize

Learning WHY inequities persist is important. This understanding helps to frame strategies for shaping policies and delivering services equitably and with improved outcomes.

# Normalizing Activities

## PBCE New Employee Orientations

- Director shares racial equity as a department priority

## Lunch & Learn Sessions

- Videos
- Talks from subject-matter experts
- Teleconference with other jurisdictions
- Book clubs (upcoming)

## Trainings

- Leadership team training
- Planners from other jurisdictions sharing experiences regarding equitable planning

# What We've Learned

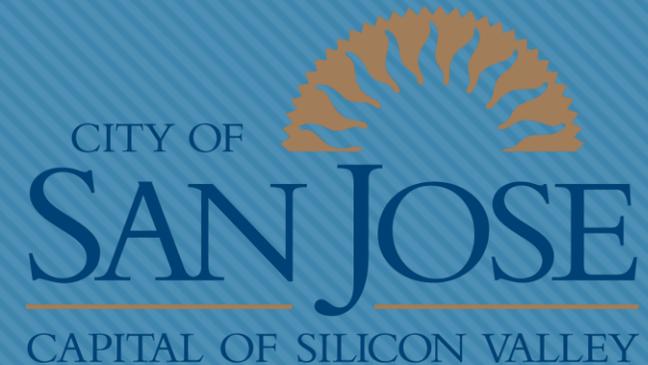

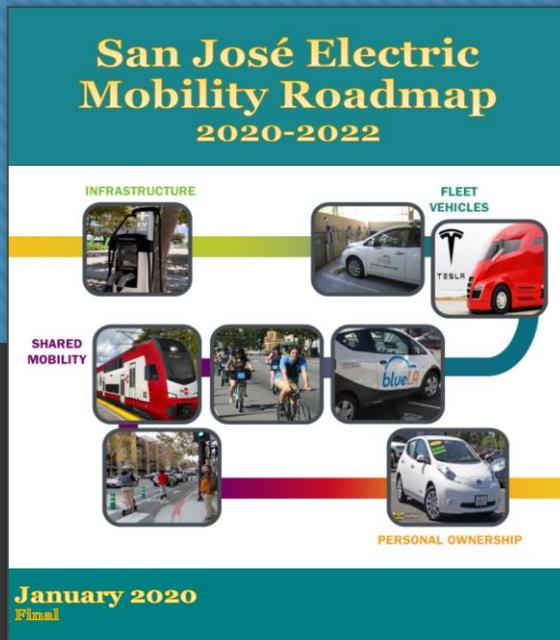

- Value – Sessions are valuable for expanding awareness regarding racial equity.
- Interest – Session attendees are generally eager to learn more and take action.
- Impact – Sessions are eye-opening. Some of us are unaware of America's institutional racism.
- Challenge - We need to find ways to engage more staff and expand training topics.

# Making Continuous Progress

- Continue providing learning /sharing opportunities
- Explore various staff engagement tools
- Make racial equity resources more accessible
- Develop a model that can be replicated in other departments

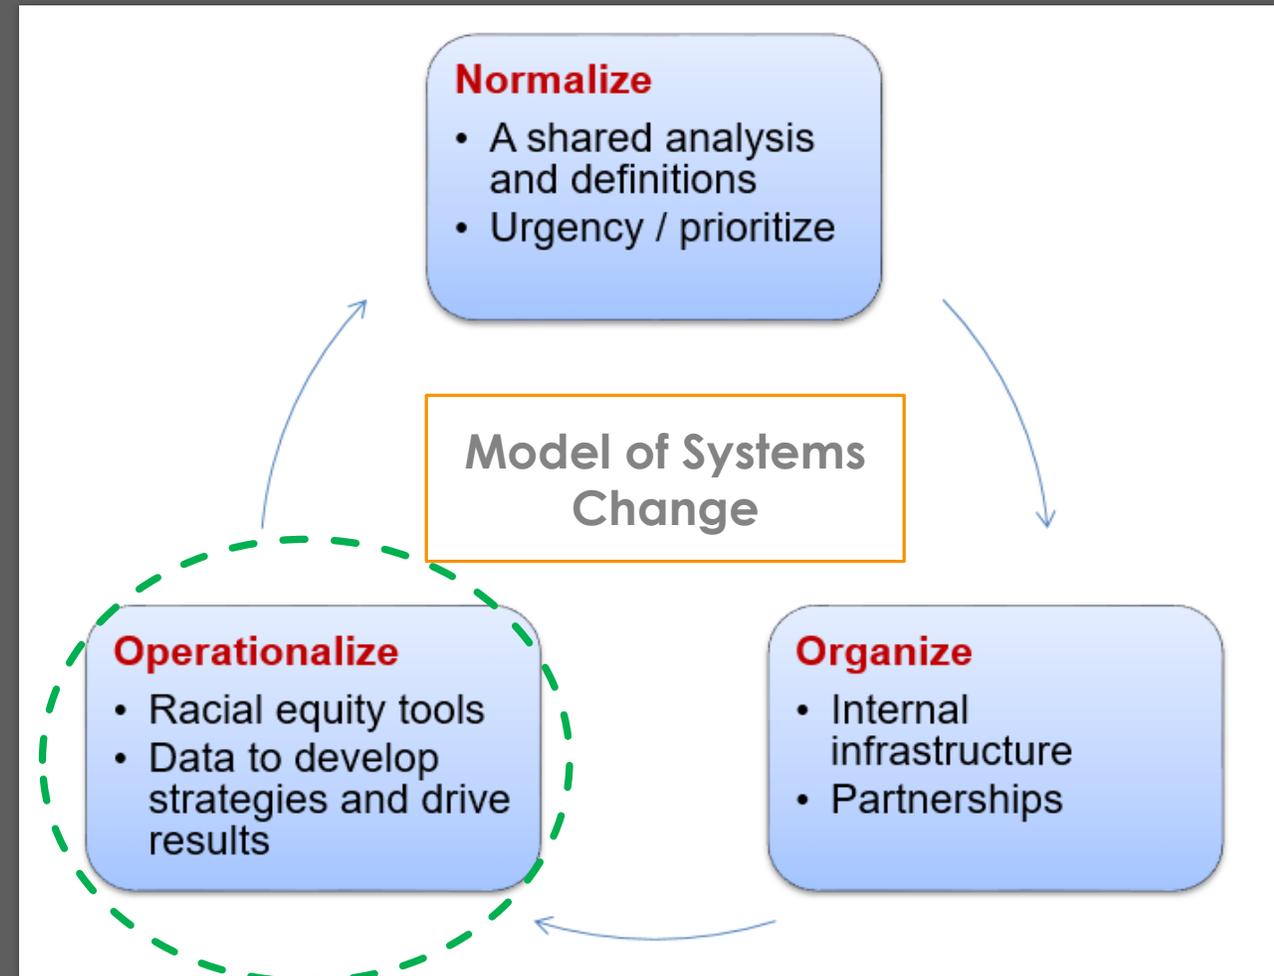

# Department of Transportation

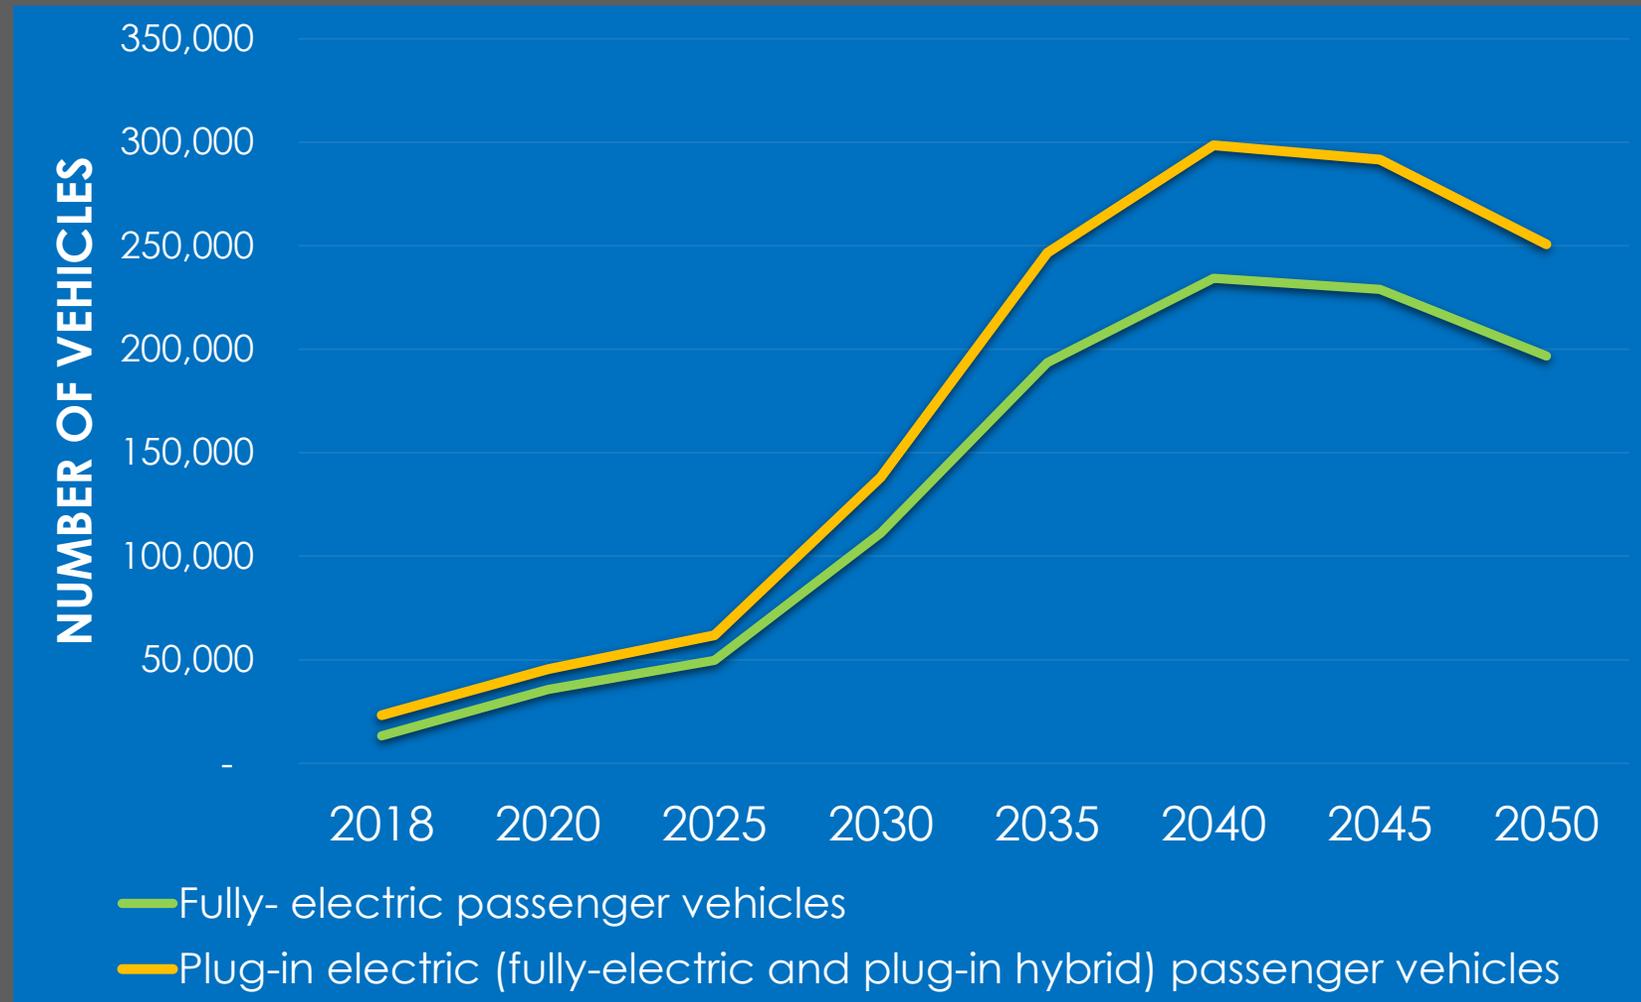

# Key Points

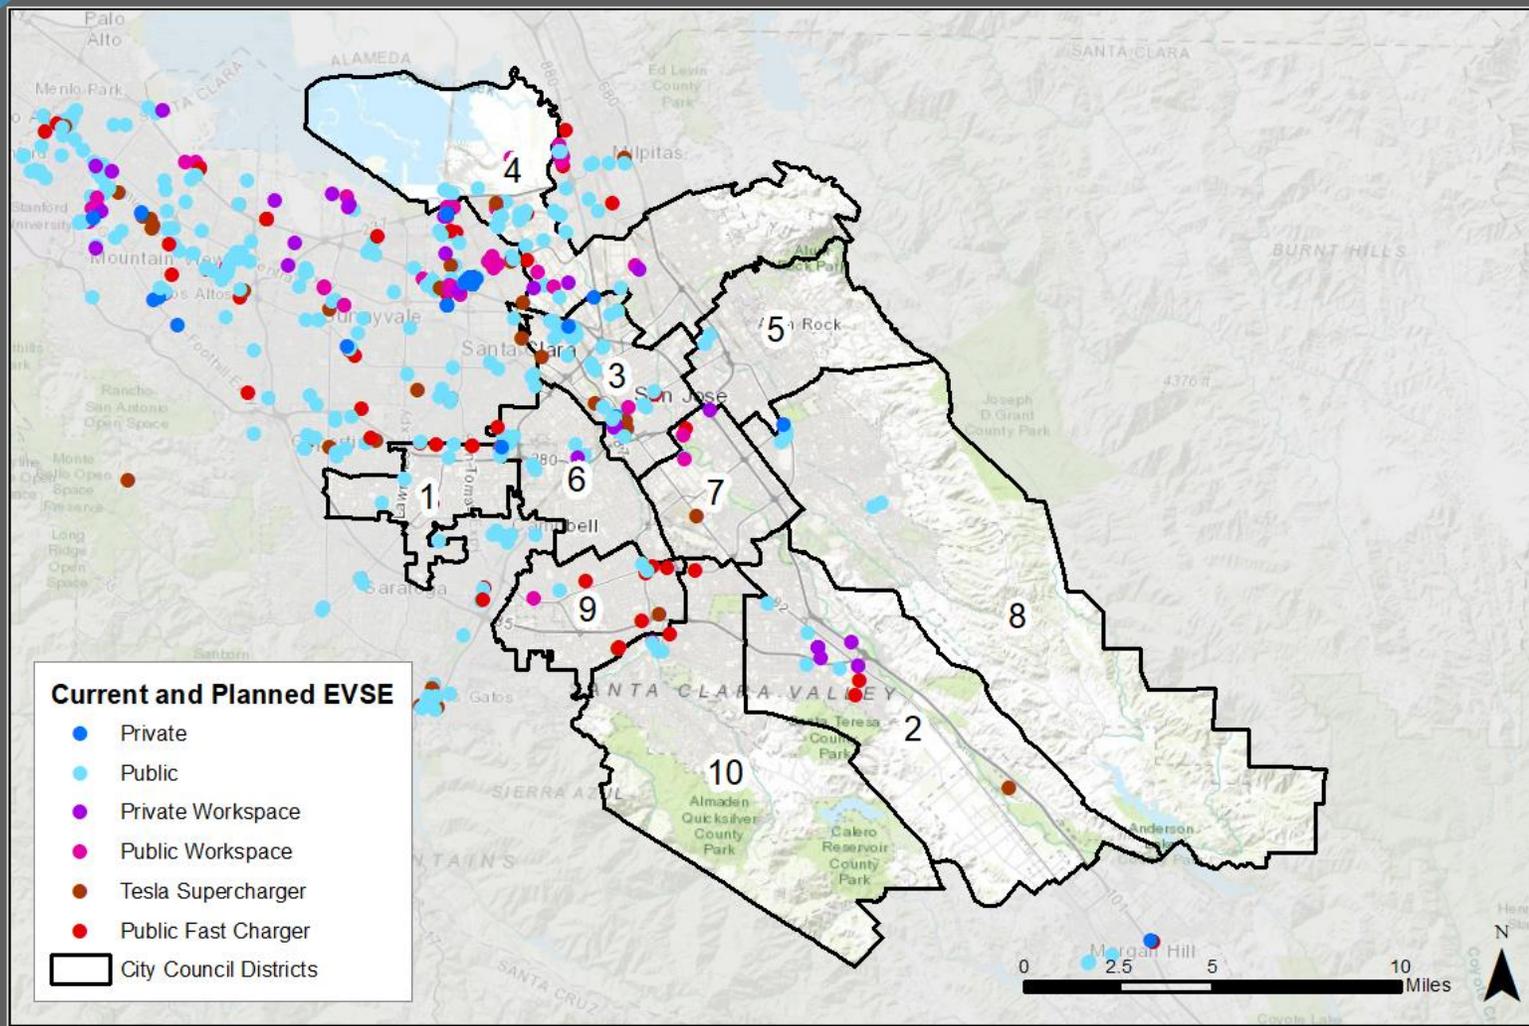

1. Share equity analysis
2. How impacted plan
3. What learned
4. What we plan to do next

# Electric Vehicle Growth Needed to Meet Climate Goals

# Non-Residential Charging

# A Racial Equity Review & Analysis

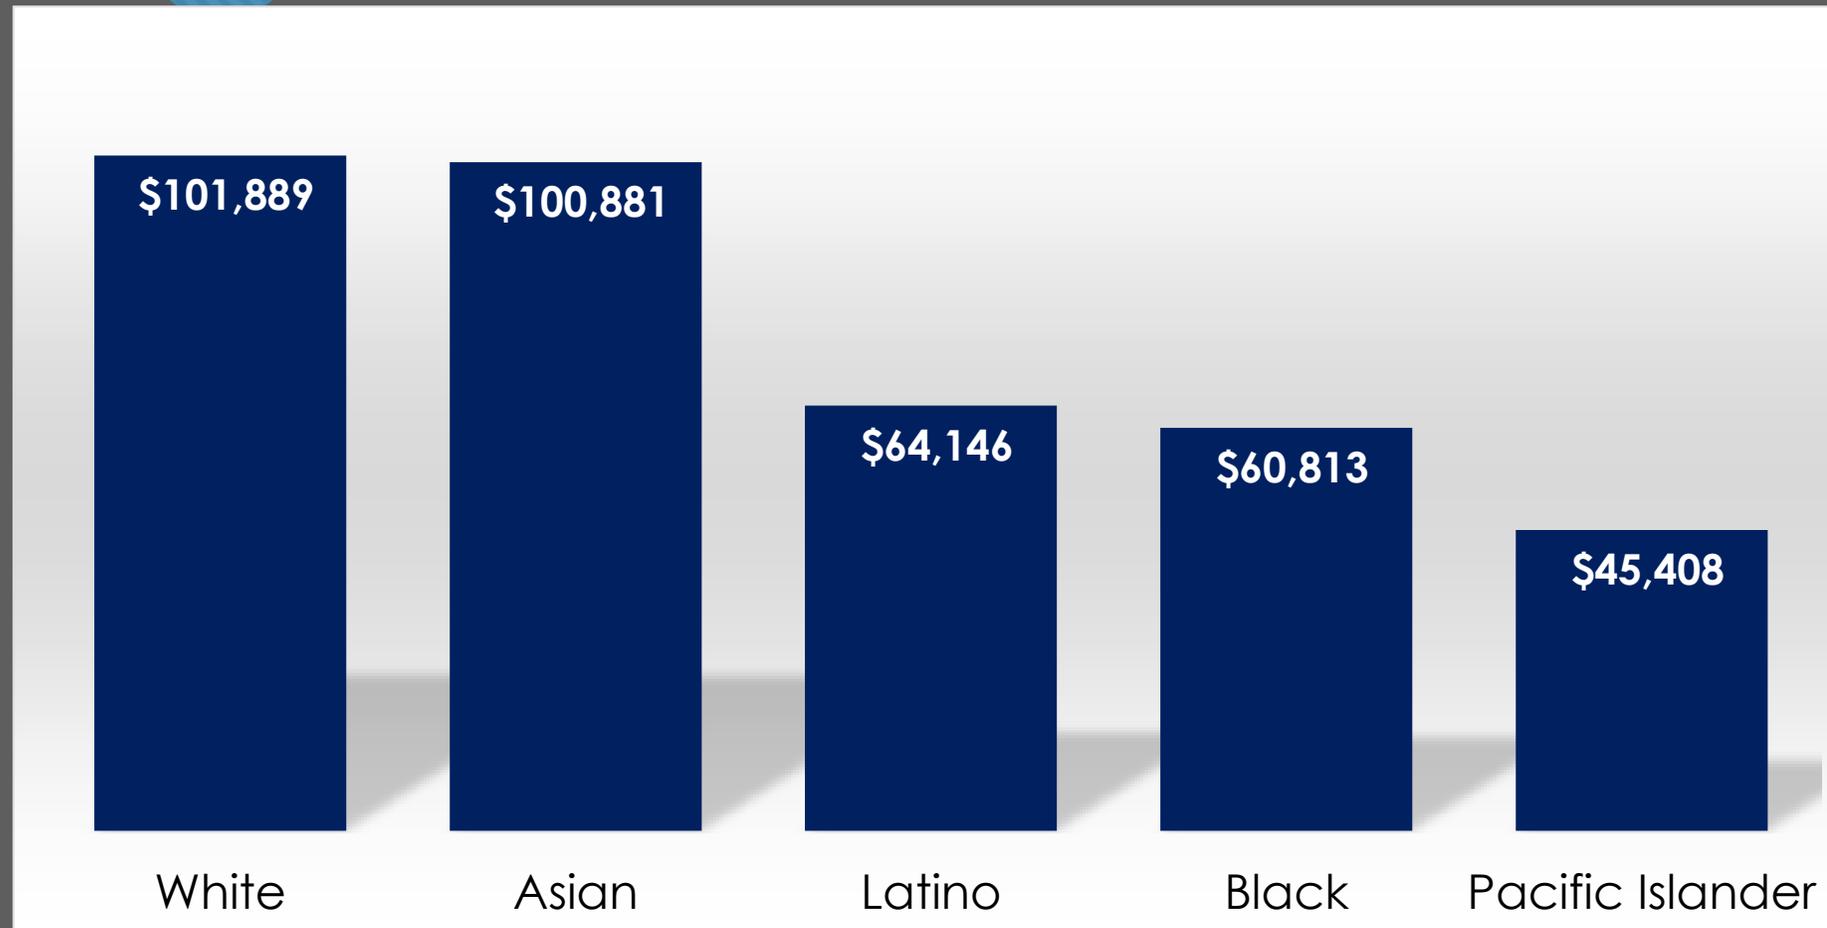

1. Outcome: What are the intended result of your program?
2. Data: Gather data disaggregated by race that would measure the desired result. What do the data tell you? Who is most impacted?
  - Root Cause Analysis: What does the data tell us about the root cause or factors influencing racial inequity?
3. Community Engagement: How have communities been engaged? Are there opportunities to expand engagement?
4. Identify Solutions: Brainstorm potential actions that would change trend toward racial equality, prioritize, and implement
5. Implementation Plan: How will you implement it? Is it realistic? Adequately resourced?
6. Accountability: How will you track, evaluate and communicate results?

# Our question

- Are there racial and economic disparities in electric vehicle ownership in San Jose?

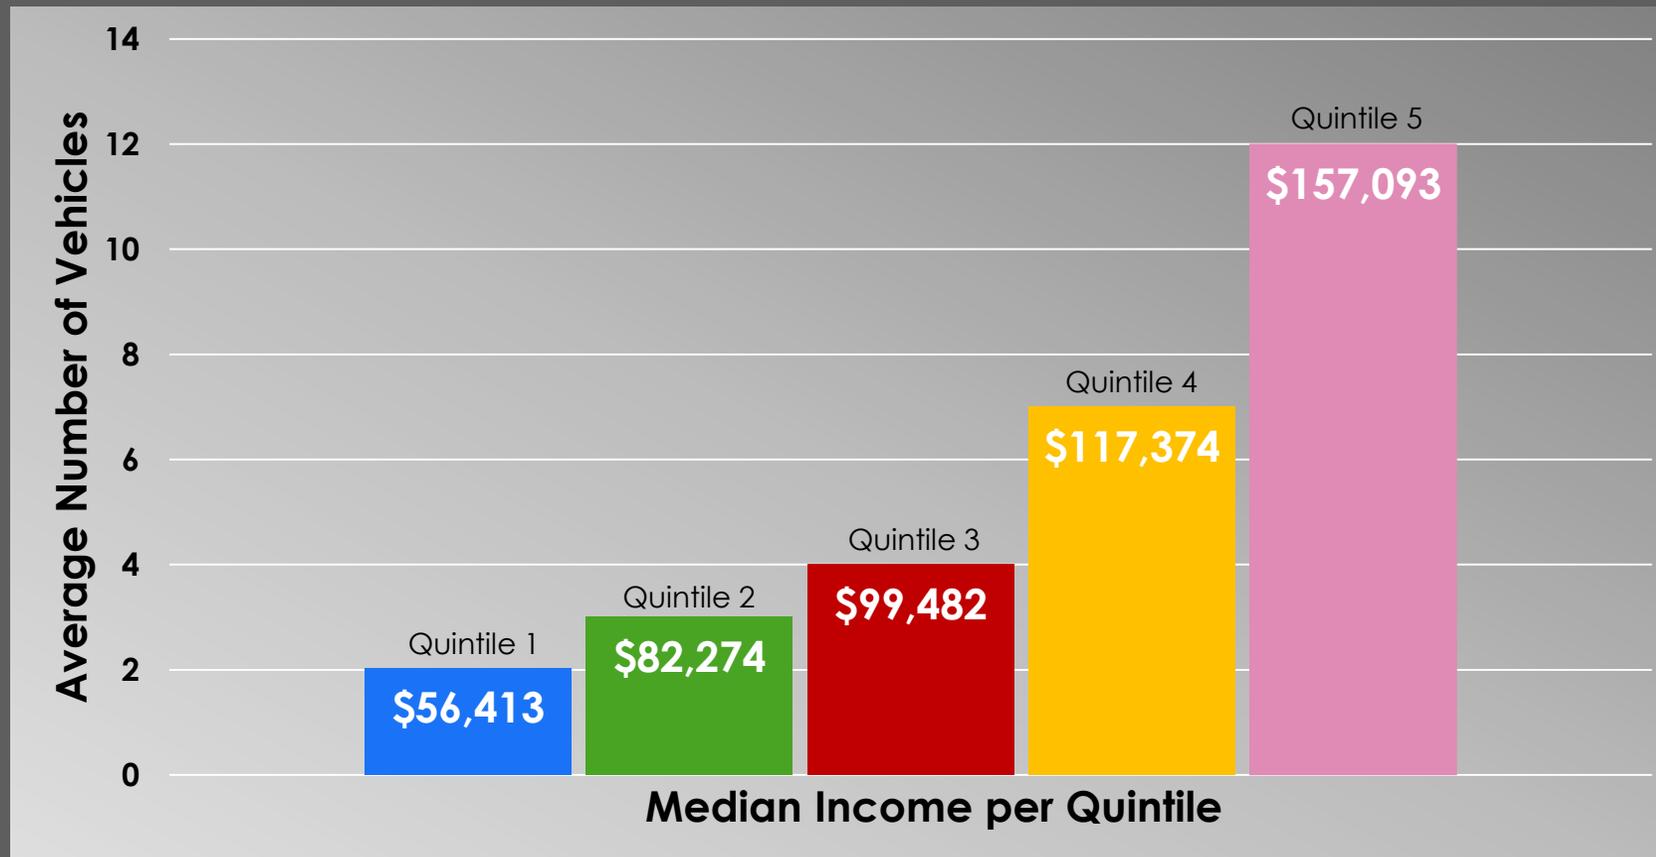

# San José Median Income by Race

# San José Electric Vehicle Ownership

Average No. of Registered Vehicles per 100 Households by Income Quintile

# Electric Vehicle Concentration

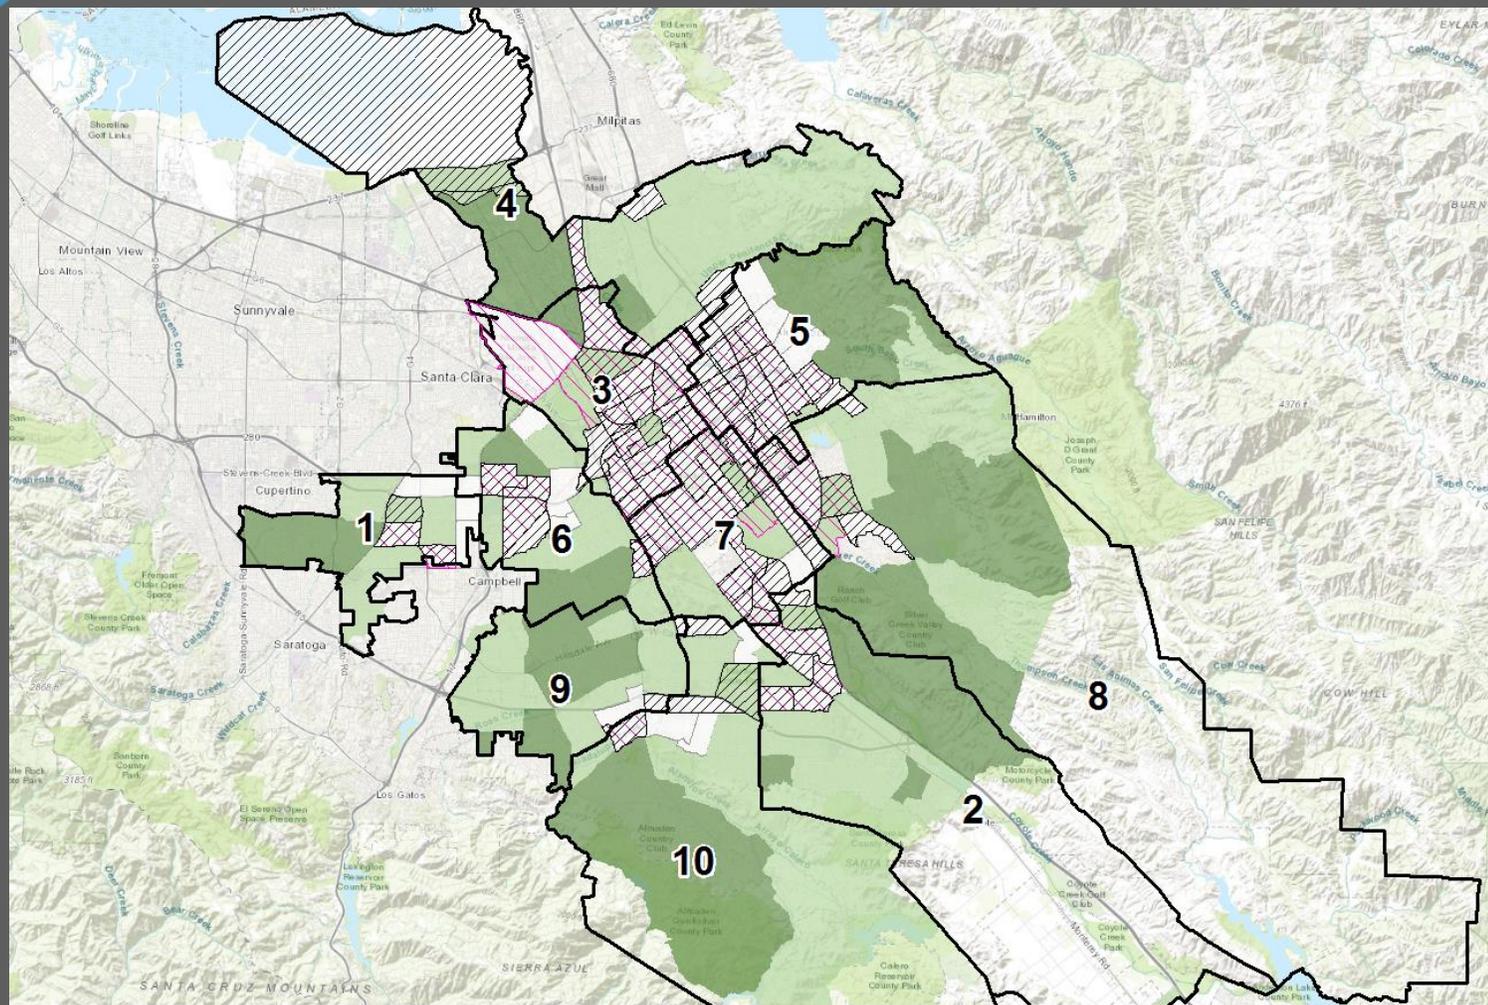

**Legend**

-  MTC Communities of Concern
-  City Council Districts
-  AB 1550 Low Income

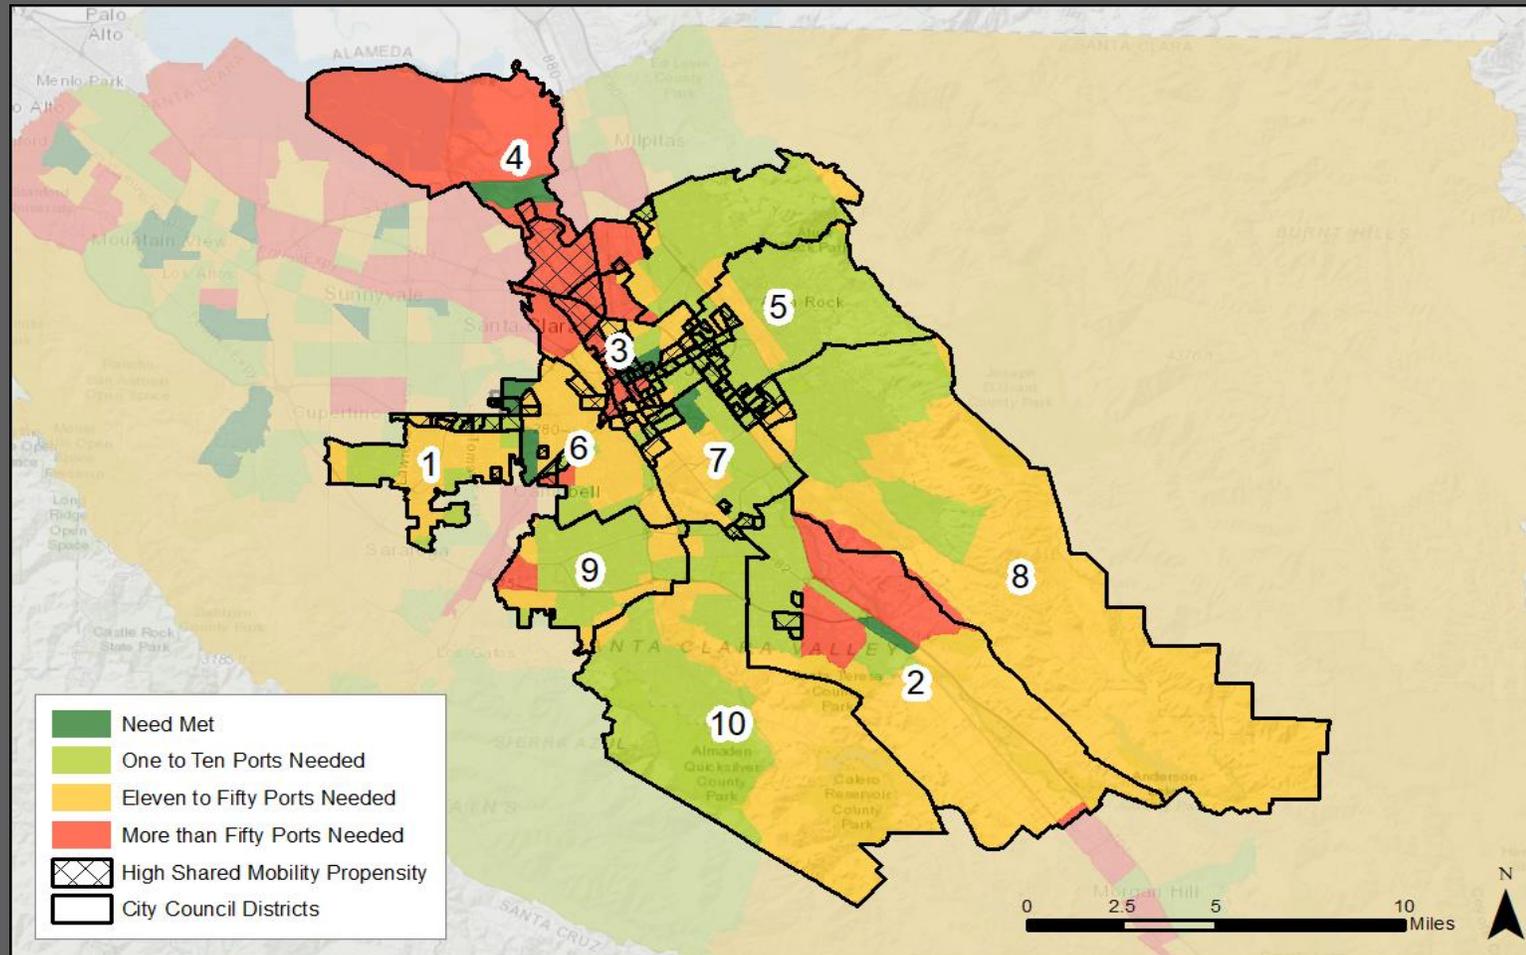

**PEVs per Household Ratio**

**PEV\_RATIO**

-  Low
-  Medium
-  High

# 2025 Projected Charging Need

# Electric Mobility Roadmap

<b>Charging Infrastructure</b>	Streamline charger permitting	PG&E EV Charger Network program	Electrify America program	Adopt Electric Vehicle Reach Code	Fund CALeVIP Regional Program	Community engagement around charger installations	Use CALeVIP to install priority chargers	Adopt & implement EV electrical rate	Monitor and improve EV Reach Code	Identify Priority Locations for Public Charger Installations	Designate Electric Mobility Infrastructure Leads	Create City EV Charger Fund	Partner with private entities to get priority EV chargers installed	Provide technical assistance to small building owners/ managers & low-income residents	Wayfinding for EV chargers
<b>Fleet Electrification</b>	Develop 2020-21 fleet conversion plan	Electrify public transit	Pilot new medium and heavy-duty EV fleet applications	Replace City's older, non-police sedans	Develop emergency back-up plan for the City's electric fleet	Pursue battery recycling energy storage pilot	Update Green Fleet policy	Encourage private fleet conversions	Boost electrification of urban freight	Promote electric-powered cargo bikes					
<b>Personally-Owned EVs</b>	Organize Ride & Drive events	Create EV webpage	Create dealer education program	Organize discount group buy	Down payment incentive for low-income buyers	Explore creation of a financial counseling program									
<b>Shared Electric Mobility</b>	Develop an EV shared mobility pilot program	Adopt a parking management and pricing policy	Expand shared micro-mobility services and usage	Expand Bike Network and Protected Bike Lanes	Establish parking policies that support electric & shared vehicles	Pursue grants to fund EV shared mobility pilots	Expand and electrify car-share services	Accelerate electrification of ride-hailing	Facilitate Mobility as a Service (MaaS)	Explore an electric school bus demonstration project	EV pilot in affordable housing development

# Language Equity in San José

# Normalizing Language Access

# A Snapshot of San José Residents

**57% of the population in San Jose speak a language other than English at home**

**39% of residents are foreign born**

**25% of residents in San Jose are limited English proficient (LEP) – speak English less than very well**

# Organizing for Language Access

## Progress

- Lang Access vendors
- Community partners prioritizing Language Access
- Internal engagement, feedback from bilingual staff

# Operationalizing Language Access

## Progress

*Not doing more work, it's doing the same work differently*

- Tools available, vendors
- Increased awareness
- Comprehensive assessment and cost estimates – in process

**INTERPRETERS AVAILABLE**

*You have access to interpretation services 24/7 at no personal cost to you. This chart includes languages commonly spoken in your community, additional languages are available.*

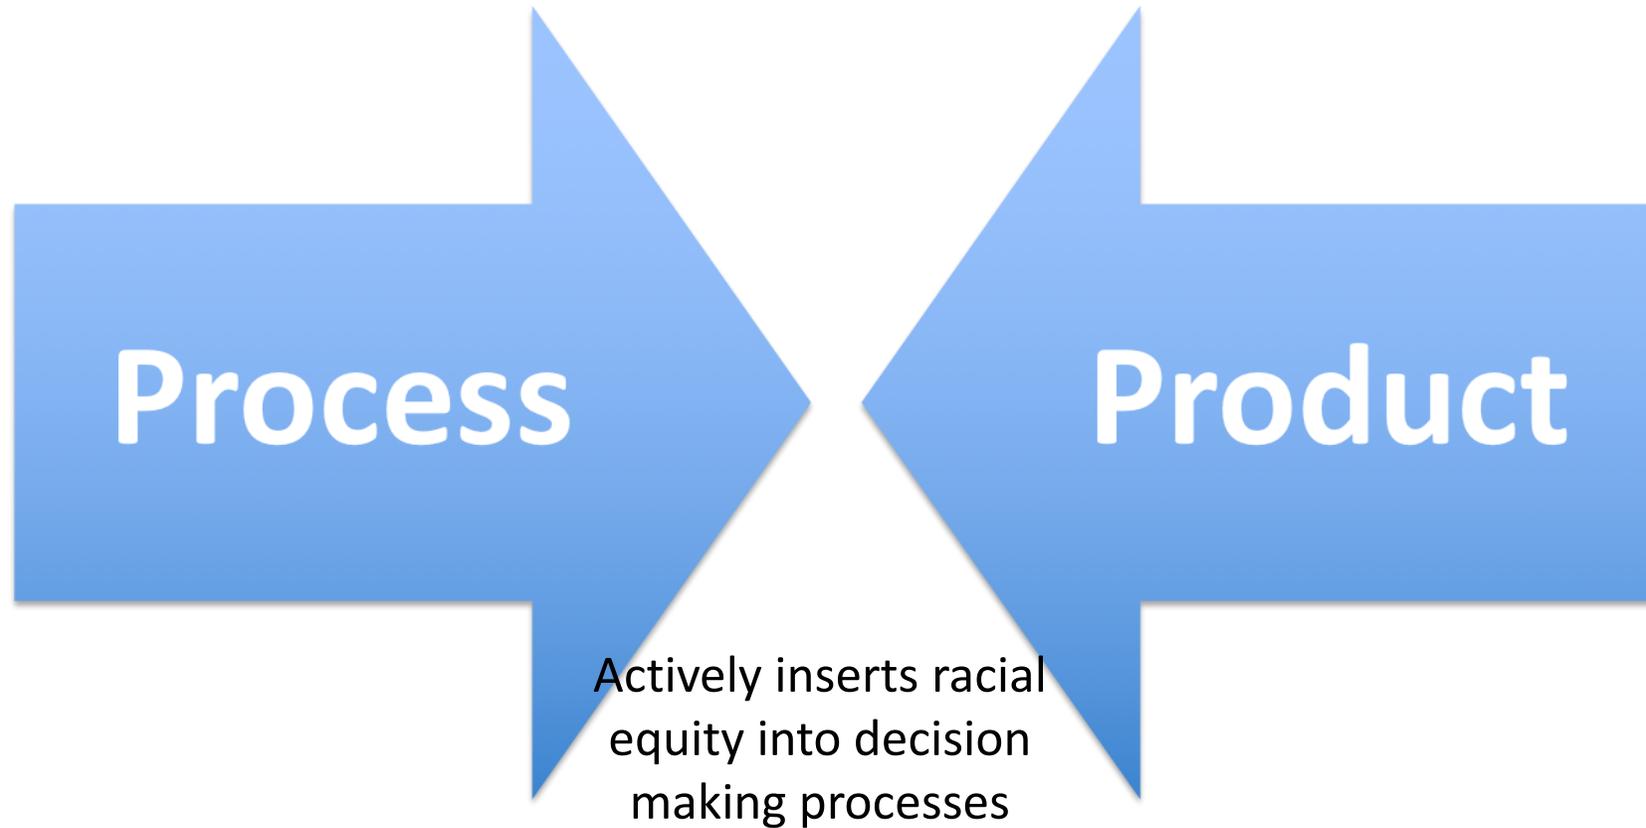

**English: Do you speak [language]? We will provide an interpreter at no personal cost to you.**

<p>Arabic</p> <p>هل تتحدث اللغة العربية؟ سوف نوفر لك مترجماً فوراً بدون أي تكلفة عليك. اللغة العربية</p>	<p>Mandarin</p> <p>您讲普通话吗？我们将免费为您提供翻译。中文</p>

<p>Spanish</p>	<p>Spanish</p>

Language Access is an equity concern and as such, is not separate from, but should be embedded in all we do.

# Employing an Equity Review and Analysis

# What is a Equity Review & Analysis?

# What is the Equity Review & Analysis process?

# Who should use this process?

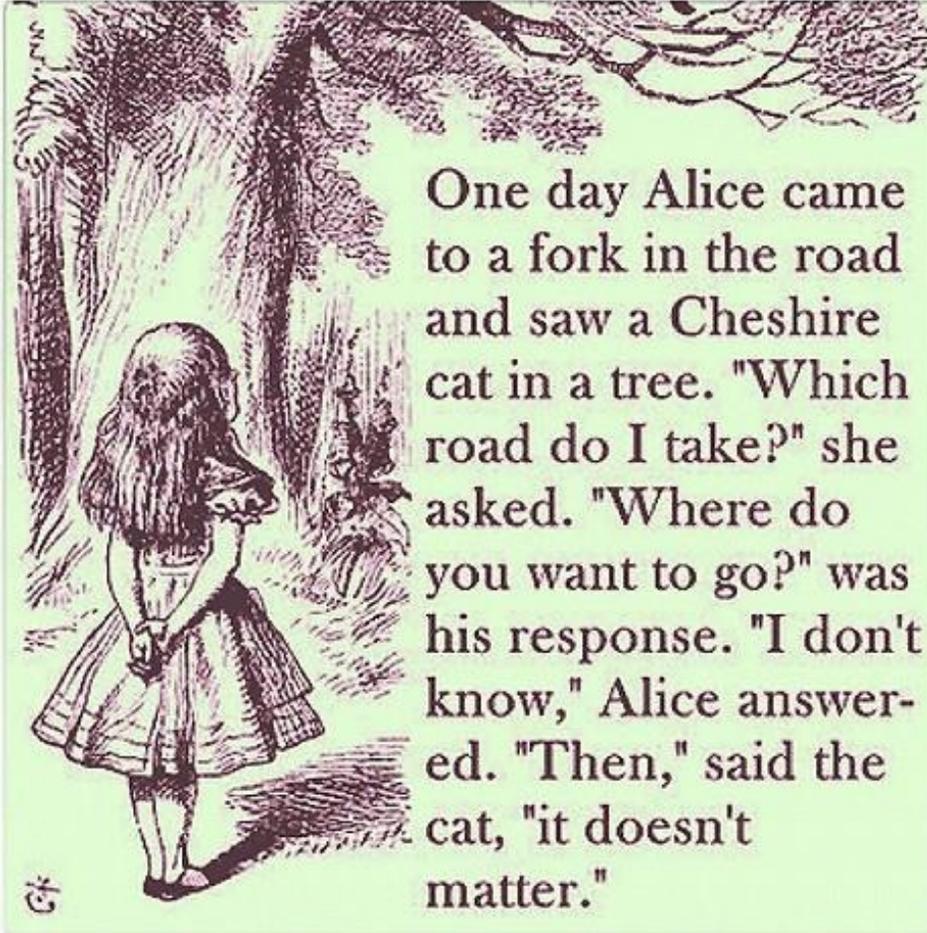

Elected officials

Government staff

Community

One day Alice came to a fork in the road and saw a Cheshire cat in a tree. "Which road do I take?" she asked. "Where do you want to go?" was his response. "I don't know," Alice answered. "Then," said the cat, "it doesn't matter."

THE THINGSWE SAY.COM

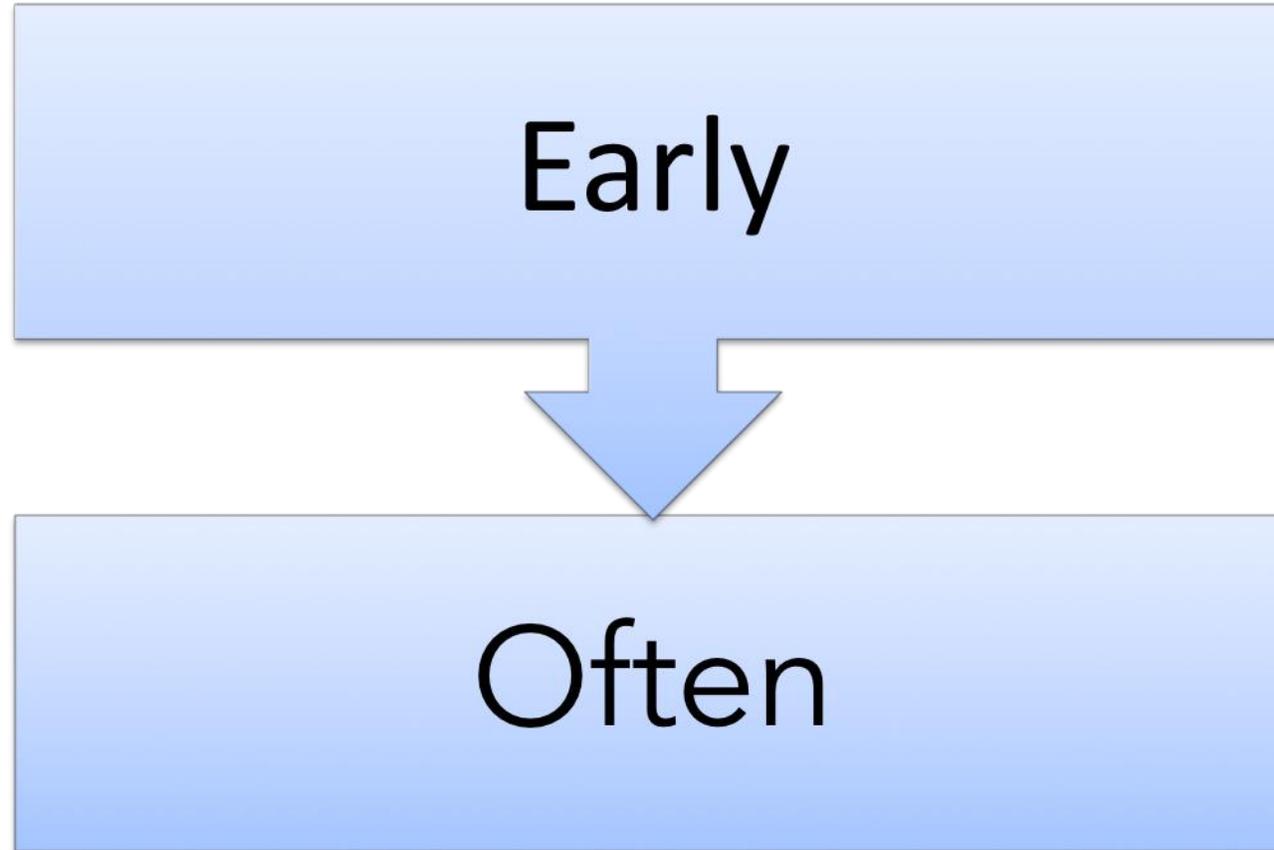

# Choice Points

- Key decision-making opportunities that influence outcomes.
- Cumulative impacts of many small choices can be as significant as the impacts of big decisions.
- Less likely to replicate the status quo.

# When to use the process?

# Equity Review and Analysis Process

# Used in budget, policy, and program decisions

## Examples:

- ✓ Streetlights / complaint-based systems
- ✓ Restrictions on use of criminal background checks in hiring processes
- ✓ Contracting policies and procedures
- ✓ Increases to the minimum wage
- ✓ Public utility project ranking criteria

# Equity Review & Analysis In Application

#1

What is your proposal  
and what are the desired  
results and outcomes?

# Step 1 – discussion questions

- Describe the policy, program, practice, or budget decision under consideration?
- What are the intended results (in the community) and outcomes (within your organization)?
- What does this proposal have an ability to impact?

# #2

What's the community and performance data? What does the data tell us?

## Step 2 – discussion questions

- Will the proposal have impacts in specific geographic areas (neighborhoods, areas, or regions)? What are the racial demographics of those living in the area?
- What does population level data tell you about existing racial inequities? What does it tell you about root causes influencing racial inequities?
- What performance level data do you have available for your proposal?
- Are there data gaps? What additional data would be helpful in analyzing the proposal

# #3

How have communities been engaged? Are there opportunities to expand engagement?

## Step 3 – discussion questions

- Who are the community members most impacted by this project?  
Have you already involved community members?
- What has your engagement process told you about the burdens or benefits for different groups?
- What has your engagement process told you about the factors that produce or perpetuate racial inequity?
- What additional outreach or engagement needs to take place?

# #4

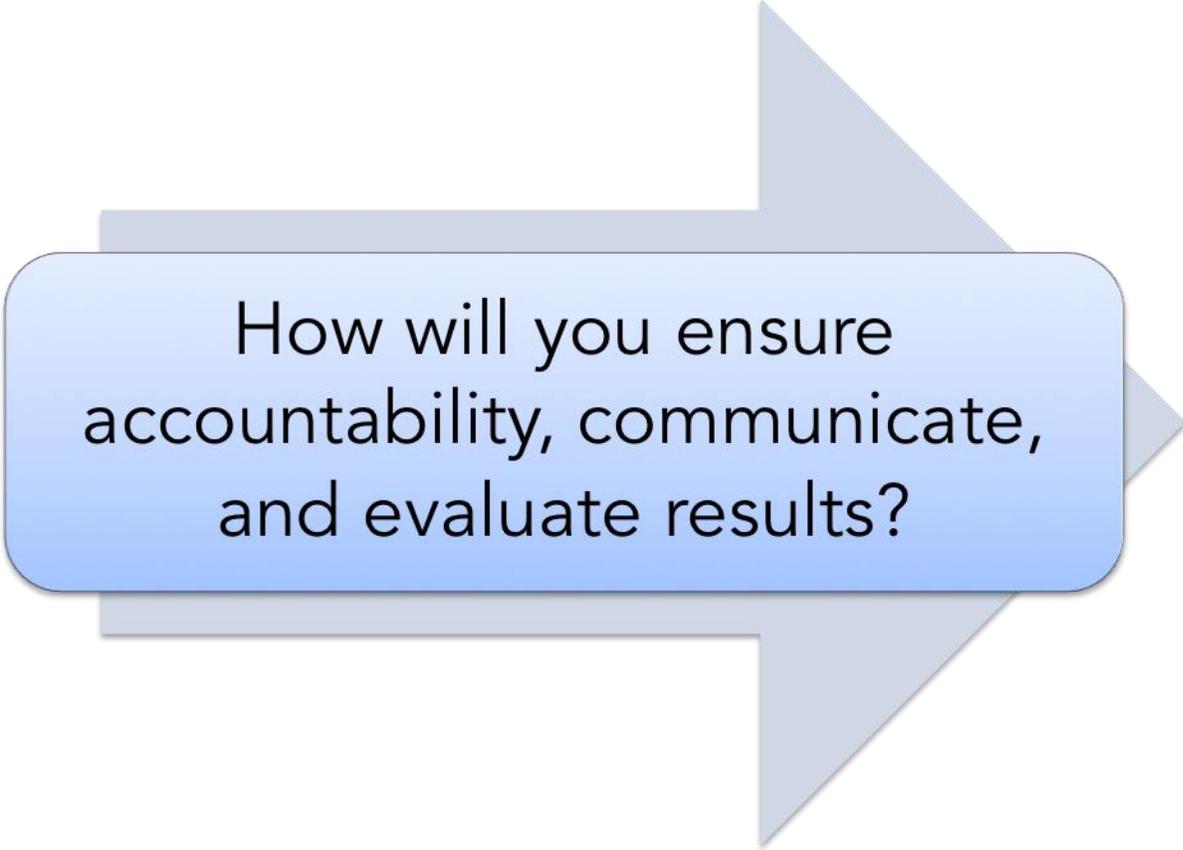

Who will benefit from or be burdened? How are you advancing racial equity or mitigating unintended consequences?

#5

What is your plan  
for implementation?

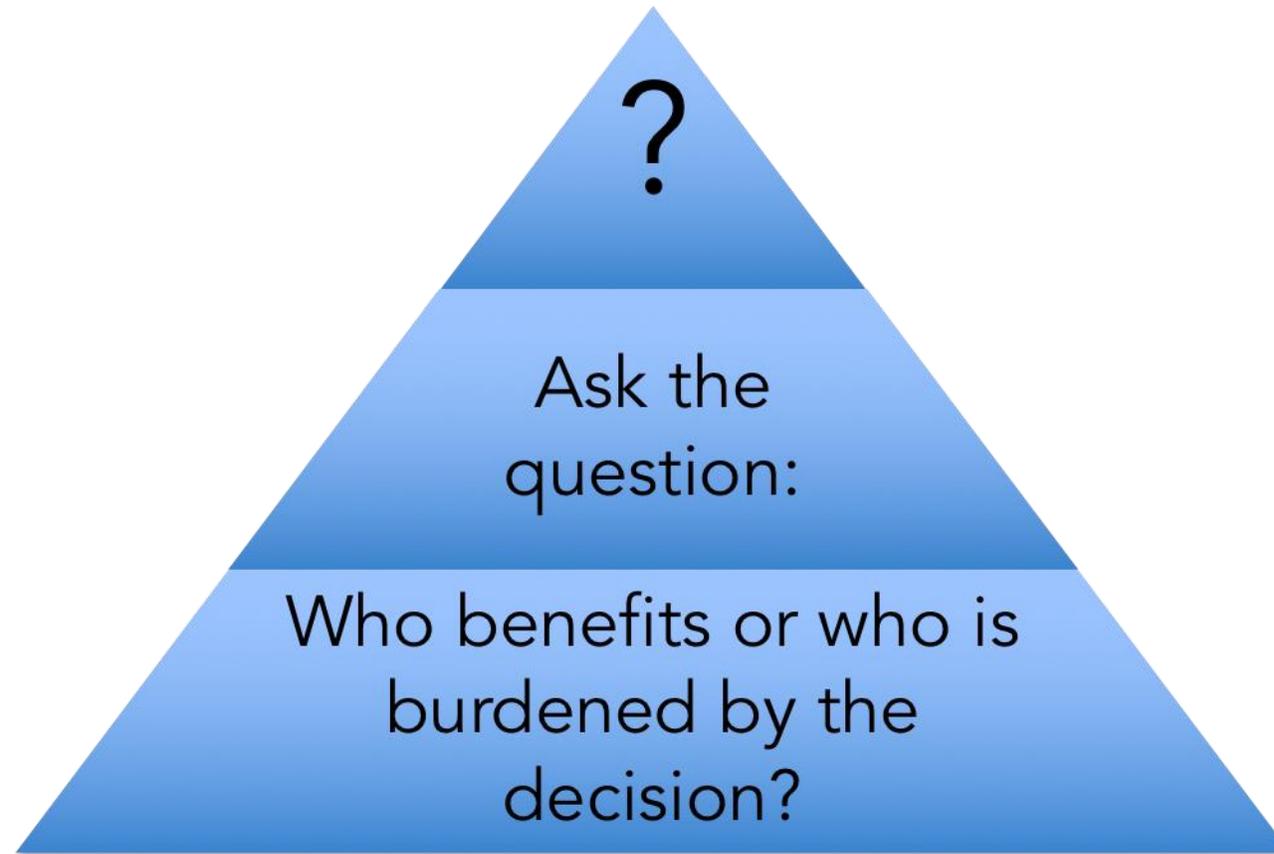

# #6

How will you ensure  
accountability, communicate,  
and evaluate results?

# What if I don't have enough time?

# City Approach to Equity: Key Next Steps
