

Memorandum

TO: HONORABLE MAYOR
AND CITY COUNCIL

FROM: John Ristow

**SUBJECT: 2020 LOCAL STREETS
CONCRETE #1 PROJECT**

DATE: March 9, 2020

Approved

Date

3/12/2020

COUNCIL DISTRICTS: 1 & 3

RECOMMENDATION

- (a) Approve award of a construction contract for the 2020 Local Streets Concrete #1 Project, to the low bidder, Spencon Construction, Inc. in the amount of \$1,367,640.
- (b) Approve an approximate five percent contingency in the amount of \$68,400.

OUTCOME

Approval of this construction contract will provide required concrete and sidewalk accessibility (ADA-compliant curb ramps) improvements along 31 miles of streets on the Local Street and Neighborhood Street Network to be maintained in the 2020 construction season. Approval of an approximate five percent contingency will provide funding for any unanticipated work necessary for the proper construction and completion of the project.

BACKGROUND

The Department of Transportation (DOT) will maintain approximately 128 miles of streets on the Local and Neighborhood Street Network in the 2020 construction season, which will also result in the installation and retrofit of approximately 1,220 ADA curb ramps. Pavement maintenance is typically performed in two separate phases: preparation and a final surface application. The preparation phase requires the removal of structurally failed areas of pavement and replaces them with new asphalt concrete. The preparation phase also includes concrete work, Americans with Disability Act (ADA) curb ramp upgrades and installation, and traffic signal detector repairs and upgrades. The preparation phase is the subject of this memorandum and will result in the construction of 239 ramps locations along 31 miles of Local Streets identified in the Attachment. The final phase of maintenance will be covered by future projects, which DOT plans to bring to Council in early April to June.

To decrease the overall timeframe for completing the preparation work, reduce cost, and provide more bidding opportunities for small and local contractors, DOT divided the concrete and ADA ramps preparation work into two major and eight minor construction projects across the City. A description of the 2020 pavement maintenance projects was provided in an information memorandum to the Council in December 2019.

The City's Local and Neighborhood Street Network is organized into 135 geographically contiguous "Pavement Maintenance Zones" (PMZs). The PMZs were established several decades ago to support efficient planning and delivery of paving projects, maximize the amount of paving work completed at one time within a neighborhood area, and provide geographic equity of pavement maintenance across the City. Information provided by the City's pavement management database is used to identify candidate PMZs for preventive maintenance and sealing. The final list of PMZs to receive sealing was established using the following criteria:

- Funding availability and funding use restrictions
- Streets not affected by current or future street related projects
- Maintenance history and prescribed treatment schedules
- Community and City Council office feedback regarding roadway conditions and priority street segments
- Multi-year geographic spread across the City and street network

The attachment contains the list of streets that will have ADA curb ramps installed or retrofitted. The list may change if unforeseen circumstances arise or new information regarding other street-related projects becomes available.

ANALYSIS

Bids were opened on February 13, 2020 with the following results:

CONTRACTOR	CITY	BID AMOUNT	VARIANCE	% UNDER/OVER ENGINEER'S ESTIMATE
Spenco Construction, Inc.	Danville, CA	\$1,367,640	\$254,316	-15.7%
Rosas Brothers Construction	Oakland, CA	\$1,398,920	\$223,036	-13.8%
<i>ENGINEER'S ESTIMATE</i>	-	<i>\$1,621,956</i>	-	-
Sposeto Engineering, Inc.	Livermore, CA	\$1,704,888	\$82,932	5.1%
FBD Vanguard Construction, Inc.	Livermore, CA	\$1,722,082	\$100,126	6.2%
Precision Grade, Inc.	San Juan Bautista, CA	\$1,851,472	\$229,516	14.2%

The low bid submitted by Spenco Construction, Inc. is \$1,367,640.00 and is 15.7% below the Engineer's Estimate. The Engineer's Estimate for this project is \$2,443,850.00. The estimate is based on bids received from similar past projects and most current estimated construction prices. The bid is considered acceptable for the work involved in the project. Staff recommends that the construction contract be awarded to Spenco Construction Inc.

San Jose Municipal Code Section 7.04.050 provides that the contingency for all public works contracts (except those involving the renovation of a building or buildings) cannot exceed ten percent of the total contract amount. Staff recommends a five percent contingency, which should be sufficient to account for unforeseen conditions that might arise in the excavation, removal and replacement of failed concrete areas.

Construction is scheduled to begin in April 2020 and be completed by the end of August 2020.

CONCLUSION

Based in the evaluation of bids, the low bid is considered acceptable and staff recommends awarding the construction contract for the 2020 Local Streets Concrete #1 to Spenco Construction, Inc.

EVALUATION AND FOLLOW-UP

DOT provides an ongoing evaluation of the City's pavement conditions and provides periodic reports on this topic to the Transportation, Environment Committee, and the City Council. In addition to the project discussed in this memo, seven additional projects for the Local & Neighborhood Streets Network will be brought forward for Council action this Spring. Specifically, two contracts will involve preparation phase work, and five contracts will provide for sealing or resurfacing work on a combined total of 128 miles neighborhood streets.

CLIMATE SMART SAN JOSE

The recommendation in this memo has no effect on Climate Smart San José energy, water, or mobility goals.

PUBLIC OUTREACH

To solicit contractors, this project was listed on an online bid solicitation website, Biddingo, where bid packages were made available to download for contractor organizations and builders' exchange. When the project commences the contractor will provide advance notification regarding working hours, duration of project, and any appropriate schedule and lane closures to affected businesses and residents, as stated in the specifications. To inform traveling motorists of upcoming construction activities and potential traffic delays, changeable message signs may be used on selected streets stating the scheduled date and time for work to occur on the street. This memorandum will be posted on the City's Council Agenda website for the March 24, 2020 Council Meeting.

COORDINATION

This project has been coordinated with the Department of Public Works, and this memorandum has been coordinated with the City Attorney's Office and the City Manager's Budget Office.

COMMISSION RECOMMENDATION/INPUT

No commission recommendation or input is associated with this action.

COST SUMMARY/IMPLICATIONS

1. COST OF PROJECT:

Project Delivery Estimate	\$136,764.00
Construction Contract	\$1,367,640.00
Contingency	<u>\$68,400.00</u>
TOTAL PROJECT COSTS:	\$1,572,804.00

2. SOURCE OF FUNDING: Funding for this project is included in the 2019-2020 Adopted Capital Budget in the 2016 VTA Measure B

3. FISCAL IMPACT: This project will have no net operating and maintenance costs to the General Fund.

BUDGET REFERENCE

The table below identifies the fund and appropriation proposed to fund the recommended contract award, including project delivery, construction, and contingency costs.

Fund #	Appn #	Appn Name	Total Appn	Amt. for Contract	2018-2019 Adopted Budget Page	Last Budget Action (Date, Ord. No.)
486	403Q	Pavement Maintenance - VTA Measure B 2016	\$18,900,000	\$1,367,640	Adopted Capital Budget Pg. V-887	10/22/2019 30325
Totals			\$18,900,000	\$1,367,640		

CEQA

Categorically Exempt, File No. PP18-029, CEQA Guidelines Section 15301(c), Existing Facilities.
