March 18, 2020

The Honorable Sam Liccardo, Mayor and  
Members of the City Council  
City of San José  
200 East Santa Clara Street  
San Jose, CA 95113

Dear Mayor Liccardo and Councilmembers:

I am writing to urge the San José City Council to approve the Paid Sick Leave Ordinance that will be considered at the Rules Committee on March 18, 2020. As we are facing a health crisis due to COVID-19, it is important that workers have the opportunity to maintain their health and stay home when necessary.

At the March 10, 2020 meeting of the Santa Clara County Board of Supervisors, the County's Health Officer, Dr. Sara Cody informed the Board that since novel Coronavirus has spread to the community, containment is no longer an option and that focus must shift to slowing the spread of the virus. Aside from frequent hand washing and avoiding large gatherings of people, the Public Health Department's message to the public on how to slow the spread of the virus has been clear: if you are sick, stay home and do not come to work.

The most current research has shown that the virus has an incubation period that can last as long as 14 days for some patients. The County Public Health Department has also found that infected persons on average pass the virus on to 2 to 3 people if nothing is done to prevent it. Workers who begin to feel symptoms must have the ability to stay home and self-quarantine, while having enough sick time left over in case their condition worsens, requiring treatment and/or quarantine. During a public health emergency such as the one we're experiencing now, it is also critical that all workers have access to paid sick leave, regardless of how much they have accrued, in order to protect our communities.

Cities across California—from Oakland and San Francisco to Los Angeles and San Diego—have passed common sense paid sick leave protections for all workers with minimal disruptions for businesses. As recent events have taught us, it is essential that everyone has access to robust paid sick leave benefits before the next public health emergency strikes. Doing so limits interruptions to essential services and infrastructure during a critical time. We applaud the City Council initiative on this issue and urge councilmembers to pass this Paid Sick Leave Ordinance. Thank you.

Sincerely,

  
KANSEN CHU  
Assemblymember, AD 25
