Subject: Item 8.4 - Support for CDBG Funding

I am delighted to submit this email in support of item 8.4, and specifically the award of \$1,200,000 of CDBG Public Services funding for food services to Loaves and Fishes and our consortium partners. Loaves and Fishes and our partners in this project are providing critically-needed meals throughout San Jose to our community members in need. We are the City's on-the-ground safety net in this time of crisis and are committed to responding to the explosion of need in this time. We're grateful for the City's continued partnership in this effort.

Best regards, Gisela

Gisela B. Bushey
