Subject: Local Curfew

Hello,

My name is Karter Ruud and resident of San Jose, CA. I am outraged by the recent murders of George Floyd and Breanna Taylor, amongst countless others, by police officers in this country. In the last five days I have attended peaceful protests at city hall and witnessed aggressive force for our local police force. I have been had to duck and cover from rubber bullets, and cough through teargas (whilst wearing a facemask because of a current virus that effects our respiratory system). I have done nothing but peacefully protest and voice my opinion. I feel strongly that the city of San Jose should be protecting its citizen's rights to gather. To peacefully protest.

I am writing to you today to tell the council to PLEASE vote for its constituents. For its people. Please get rid of this outrageous curfew that only stifles our voices further, and puts black people at more risk of being unfairly treated. Enough is enough. I am begging you. The people of San Jose are begging the council to vote for us. Get rid of the curfew. Fire Jared Yuen. Make sure police stop shooting at its innocent citizens. I have never been so afraid for my safety as I was the other night. And who was I terrified of? The police. The scene in front of city hall at on Saturday night felt like a war zone. It should not be like this. Get rid of the curfew. The people of San Jose do not want chaos, violence, or destruction. We want justice. We want to feel safe and protected.

Thank you.

To whom it may concern,

I am a part of the San Jose community. I am a former SJSU student, a teacher at one of San Jose's many school's, and am a resident in downtown San Jose. I was also a protestor at two of the peaceful rallies in front of City Hall.

The black community in this country has suffered hundreds of years of oppression that has continued within the systematic racist policies that lie within the justice system. People of Color are disproportionately targeted by the Police Department in their own neighborhoods, and are often met by extreme force that, more often than not, is unwarranted. This happens on a daily basis all over this country. This happens here in this diverse city.

The death of George Floyd was horrendous. It was the final straw among the long list of black Americans that have suffered at the hands of public officers meant to protect us. This is why we protest. The community has a right to gather and bring awareness to the atrocities that come to our black brothers and sisters everyday. Peaceful protestors that live here. The crowds were full of people of many backgrounds, and ages. There were children as young as infants, and dogs on leashes. All of us facing an Army of police officers armed with riot gear, just waiting to shoot at anyone who made the wrong move. Tell me, since when is it ok to shoot into a crowd of unarmed peaceful protestors? To shoot into a crowd where there are innocent children present? Do we live in a police state where civilians are forced into compliance by use of rubber bullets and tear gas used by a militarized police department? A police department that is funded by the taxpayers they shoot at?

The American people are allowed to protest as a means of freedom of speech. The use of a curfew stifles these freedoms. The criminals that have stooped to property destruction and looting are often separate from the majority of us trying to change a broken system. The use of police force against peaceful citizens needs to stop. This community needs to trust our police department, not fear them. Only then can we mend the divisiveness between the people and law enforcement.

Council: Please vote to end this curfew. Please vote to end the militarization of the police, and end police brutality against POC.

Thank you.

Hello,

My name is Veronica Kraus and I have been a resident of San Jose for my entire life. I am extremely against extending the curfew as it will unfairly target those working past the curfew and put our large homeless population at risk of arrest and violence. It also limits protests, infringing on our right to peacefully assemble.

I believe that everyone has the right to protest peacefully. Until the police become involved is when you see violence break out. When the pandemic first started I assumed these type of restrictions would've been implemented, but no that was not the case. We have the right to fight for our rights, so don't strip this away from us. I don't condone this curfew. Thank you for your time.

Like people all across the city and the country, I was **horrified** to learn of the **police murders** of **George Floyd** in Minneapolis and **Breonna Taylor** in Louisville. George Floyd was murdered by a white police officer and three accomplices. Breonne Taylor was murdered by an armed police gang that broke into her home. Not to mention the many other lives we have lost like **Eric Garner** in **2014**.

We should be the example that helps start the healing our counties needs. Every day since Friday, the San Jose community has organized peaceful protests for justice and against police violence. I grew up participating in protests and other marches here in San Jose, learning the value of my first amendment rights. Please, support us in changing the racist militarized culture that's abundant among law enforcement.

The police showed up with armored vehicles and riot gear. The police beat people with batons. The police shot people with rubber bullets. The police used tear gas in the middle of the COVID pandemic—an act of biological warfare.

Curfew will further empower police to make arrests that would be unwarranted otherwise, and may be used to justify responding to peaceful protest with yet more violence.

Peaceful protestors with their children should not have to worry about being arrested or hurt.

Council: you must vote against the curfew. Put your energy into fighting racism. Demilitarize and defund your police.

By right of constituency, I require you to represent the people's needs. I ask that you immediately end and deter from ever again reinforcing the San Jose curfew in response to justified protests against the police murders of Black lives.

By doing so, 1) You are restricting working-class mothers, fathers, and families access to everyday necessities, especially amidst a pandemic in which they are the most vulnerable. 2) You are militarizing a police force to take out the lives of your residents. And hence: 3) We know this is an attack against rightful, justified protests against evident anti-Black violence, so I write this and say this clearly:

If you continue to support the carceral state at the expense of your residents' lives, your constituents will know your priorities lie in perpetuating anti-Black violence, exposing poor, immigrant working people of color to immediate health risks, and more.

All Black Lives Matter.

A citywide curfew is so damaging, especially in my community, which is majority Latinos. My people work graveyard shifts and are prone to be stopped and cited which will have a tremendous effect on their financial status. I have seen residents of San Jose come together to express their anger and mourning over Gorge Floyd's murder. San Jose residents have come together as a cry for police reform and Justice for black lives all over our country. This was specifically sparked by the murder of Geroge Floyd. I have seen marches and demonstrations in which the San Jose police have responded with tear gas, rubber bullets, and violence.

Enacting a curfew will only further curb free speech. Enacting a curfew will only continue to support the violence shown by SJP. I am a resident of San Jose and I strongly oppose the extension of the emergency curfew. So many of the people of this good city, like so many across our country, are reeling in pain from the recent murder of George Floyd at the hands of local Minneapolis police - the very people tasked with protecting his life.

We have had destructive protesters disgrace the efforts of so many more peaceful advocates and local businesses have been damaged, but the answer to these events is not an 8:30pm curfew extending through the summer. A curfew does nothing to heal the pain of the thousands upon thousands of upset citizens who call San Jose their home.

A curfew will not prevent those who wish for destruction from acting upon it, it will merely force such agents into the shadows as otherwise good-intended citizens will feel oppressed by a police force who may detain them for simply seeing the light of day. Yes, the light of day - soon the sun will be setting later than 8:30pm.

An escalation of policing is NOT the solution to a situation borne by the actions of an overly aggressive police unit. That much should be painfully, painfully clear and I'm honestly disappointed in city leadership's that such a thing has to be said.

Hello my name is Dulce. And I am against the curfew. The reason being is that it won't make the issue better. You take away people's right to be out and you know that reverse psychology works. The opposite will happen. More arrests and more damage to the cities. There will be no peace if the police and county do not support those in pain. All that you all will be doing is stirring up anger and frustration, instead of compassion and love. We as people and people of color, feel that we are not supported or wanted in the community. Racism in 2020 is giving us a broader vision, it's not called 20/20 vision for nothing. The biggest issues are being presented and what we need now more than ever is a community that understands, picks us up, and sends a message to the rest of the country of what San Jose is really about and that is JUSTICE and COMMUNITY. So please consider to not have a curfew. It will make things worse. Help us make this country a safe place for Black people and our community.

George Floyd was murdered by a white police officer and three accomplices. Breonna Taylor was murdered by an armed police gang that broke into her home.

I am here to condemn 400 years of violence committed against Black people and communities of color on this stolen land. The violence of history continues in San Jose today.

Every day since Friday, the San Jose community has organized peaceful protests for justice and against police violence. How did San Jose Police respond? The police showed up with armored vehicles and riot gear. The police beat people with batons. The police shot people with rubber bullets. The police used tear gas in the middle of the COVID pandemic—an act of biological warfare.

Peaceful protestors should not have to worry about being arrested. Council: you must vote against the curfew. Put your energy into fighting racism. Demilitarize and defund your police.

City council,

I am a resident of San Jose and have witnessed my city come together in peaceful protest over the last week. What I have personally seen in the streets is my community expressing their anger and mourning over George Floyd's murder and an outcry for police reform and justice for black lives all over the country.

Enacting a curfew will only further curb free speech and continue to support the violence perpetrated by the SJPD this weekend. Please reconsider this curfew. Peaceful protesters should not be met with violence and arrests.

Sincerely,

Nicole Munoz

Every day since Friday, the San Jose community has organized peaceful protests for justice and against police brutality. How did San Jose Police respond? The police showed up with armored vehicles and riot gear. The police beat people with batons. The police shot people with rubber bullets. The police used tear gas in the middle of the COVID pandemic—an act of biological warfare. It has also been hard to support police force considering there has been proof showing police inciting the violence and even damaging property to manipulate the media into thinking the protestors are the only people creating havoc. I would also like to call action against officer Jared Yuen considering the way he acted as the peaceful protests were occurring. No police should ever think they are superior to others by showing temptation through excitement about potentially hurting civilians. I don't believe he is fit to be an officer and his vulgar responses to protesters shows he has a lot of characteristics of hatred in his heart.

Peaceful protestors should not have to worry about being arrested or beaten. Council: you must vote against the curfew. Put your energy into fighting racism. Demilitarize and defund your police.

Hello,

My name is Luis Jimenez, a resident of East Side San Jose. Like people all across the city and the country, I was horrified to learn of the police murders of George Floyd in Minneapolis and Breonna Taylor in Louisville and the countless of other police murders over the past years!

George Floyd was murdered by a white police officer and three accomplices. Breonne Taylor was murdered by an armed police gang that broke into her home.

I am here to condemn 400 years of violence committed against Black people and communities of color on this stolen land. The violence of history continues in San Jose today.

Every day since Friday, the San Jose community has organized peaceful protests for justice and against police violence. How did San Jose Police respond? The police showed up with armored vehicles and riot gear. The police beat people with batons. The police shot people with rubber bullets. The police used tear gas in the middle of the COVID pandemic—an act of biological warfare. Mayor Liccardo kneeled for seconds for a police propaganda photo opp and immediately left, as well.

Peaceful protestors should not have to worry about being arrested. Council: you must vote against the curfew. The curfew endangers the BLACK and POC in our communities who are already susceptible to racial profiling by our police.

Put your energy into fighting racism. Demilitarize and defund your police. Injustice for others today, will become injustice for you tomorrow. You are in a unique position of power. Act now.

Thanks for your cooperation,
