Subject: Accountability for Jared Yuen

Hi,

My name is Janet Medlin and I am a resident of Santa Clara, California. I am emailing today to demand accountability for the excessive violence displayed by the San Jose police officer Jared Yuen (badge #4362).

I demand that Jared Yuen be fired for displaying a gross abuse of power and endangering the lives of unarmed citizens. I understand that an investigation is being done, but video evidence showing his blatant disregard for the safety of the public is apparent.

Yuen handled the situation inappropriately and unprofessionally. He escalated the situation by using inappropriate language and proceeded to fire projectiles at the public. These projectiles when fired at close range are lethal.

In addition to Yuen's actions, I am disappointed in San Jose officials who are not holding Yuen responsible. Police Chief Eddie Garcia, for instance, said that Yuen is a good kid who made a mistake, while San Jose City Council member Lan Diep stated that Yuen should not be fired and that he should be given a "chance to atone". This rhetoric downplays the situation and is extremely dangerous especially when there are lives at stake. The lack of accountability of police officers is apparent and we are demanding justice for the victims of his brutality. I demand that Yuen, as well as other police officers who abuse their power, are held accountable for their actions.

Sincerely,
Janet Medlin

[External Email]

Dear Mayor Licardo, CM Foley, Chief Garcia, Controller Sykes, and others,

My name is Mark O'Neill and I am a resident of San Jose's 9th district. I am emailing today to demand immediate accountability for the excessive violence displayed by the SJ police officer Jared Yuen (Badge #4362).

I demand that Jared Yuen be fired for displaying a gross abuse of power and endangering the lives of unarmed citizens. I understand that an investigation is being done, but video evidence showing his blatant disregard for the safety of the public is apparent. **Officer Yuen poses a substantial future risk to public safety, and destabilises the already threatened trust between the people and police and San Jose.**

Yuen handled the situation inappropriately and unprofessionally. He escalated the situation by using inappropriate language and proceeded to fire projectiles at the public. These projectiles when fired at close range are **lethal**. I never expected to witness even the potential of human rights violations in the city I grew up in and pay taxes to run.

In addition to Yuen's actions, I am disappointed in San Jose officials who are not holding Yuen responsible. Police Chief Eddie Garcia, for instance, said that Yuen is a good kid who made a mistake, while CM Lan Diep stated that Yuen should not be fired and that he should be given a "chance to atone". This rhetoric downplays the situation and is extremely dangerous especially when there are lives at stake. Yuen is not a kid, he is a grown adult responsible for his conduct. In my service industry, throwing expletives at the people I serve is **not atonable**.

To CM Foley, would you have a teacher in a classroom calling students by those words?

To Chief Garcia, why do you demand our civility when your staff member is withholding the same?

To Controller Sykes, I refuse my tax money to pay the salary of a public servant who fails to serve the public.

The lack of accountability of police officers is apparent and we are demanding justice for the victims of his brutality. I demand that Yuen, as well as other police officers who abuse their power, are held accountable for their actions.

Sincerely,

Mark O'Neill

Hi, My name is Angelique and I am a resident of San Jose. I am emailing today to demand accountability for the excessive violence displayed by the San Jose police officer Jared Yuen (badge #4362). I demand that Jared Yuen be fired for displaying a gross abuse of power and endangering the lives of unarmed citizens. I understand that an investigation is being done, but video evidence showing his blatant disregard for the safety of the public is apparent. Yuen handled the situation inappropriately and unprofessionally. He escalated the situation by using inappropriate language and proceeded to fire projectiles at the public. These projectiles when fired at close range are lethal. In addition to Yuen's actions, I am disappointed in San Jose officials who are not holding Yuen responsible. Police Chief Eddie Garcia, for instance, said that Yuen is a good kid who made a mistake, while San Jose City Council member Lan Diep stated that Yuen should not be fired and that he should be given a "chance to atone". This rhetoric downplays the situation and is extremely dangerous especially when there are lives at stake. The lack of accountability of police officers is apparent and we are demanding justice for the victims of his brutality. I demand that Yuen, as well as other police officers who abuse their power, are held accountable for their actions. Sincerely, Angelique S.

I will not be able to trust the San Jose police knowing that there are officers out here that can not control their actions or emotions. If I can't trust them on camera, during a peaceful protest, how are we supposed to trust them off camera to protect and serve us?

Yuen handled the situation inappropriately and unprofessionally. He escalated the situation by using inappropriate language and proceeded to fire projectiles at the public. These projectiles when fired at close range are lethal.

In addition to Yuen's actions, I am disappointed in San Jose officials who are not holding Yuen responsible. Police Chief Eddie Garcia, for instance, said that Yuen is a good kid who made a mistake, while San Jose City Council member Lan Diep stated that Yuen should not be fired and that he should be given a "chance to atone". This rhetoric downplays the situation and is extremely dangerous especially when there are lives at stake. The lack of accountability of police officers is apparent and we are demanding justice for the victims of his brutality. I demand that Yuen, as well as other police officers who abuse their power, are held accountable for their actions.

Sincerely,
Mariah Chavez
