Subject: Accountability for Jared Yuen

Hi,

My name is Isabella and I am a resident of San Jose, CA. I am emailing today to demand accountability for the excessive violence displayed by the San Jose police officer Jared Yuen (badge #4362).

I demand that Jared Yuen be fired for displaying a gross abuse of power and endangering the lives of unarmed citizens. I understand that an investigation is being done, but video evidence showing his blatant disregard for the safety of the public is apparent.

Yuen handled the situation inappropriately and unprofessionally. He escalated the situation by using inappropriate language and proceeded to fire projectiles at the public. These projectiles when fired at close range are lethal.

In addition to Yuen's actions, I am disappointed in San Jose officials who are not holding Yuen responsible. Police Chief Eddie Garcia, for instance, said that Yuen is a good kid who made a mistake, while San Jose City Council member Lan Diep stated that Yuen should not be fired and that he should be given a "chance to atone". This rhetoric downplays the situation and is extremely dangerous especially when there are lives at stake. The lack of accountability of police officers is apparent and we are demanding justice for the victims of his brutality. I demand that Yuen, as well as other police officers who abuse their power, are held accountable for their actions.

Sincerely,  
Isabella

Dear Trusted & Elected Officials of San Jose,

My name is Denver Turgano and I am a resident of San Diego, California. I grew up in San Jose, and majority of my family still lives there. I'm sure you've been flooded with emails similar to mine regarding the excessive violence and sadistic behavior displayed by the San Jose police officer, Jared Yuen (badge #4362).

After reading multiple articles across numerous news platforms (i.e. Mercury News, NBCBayArea, ABC7News) to ensure I understood multiple perspectives to the story, I believe Police Chief Eddie Garcia's response to the situation does little to no mitigation for the public's concerns of Officer Yuen's being able to domestically terrorize the streets of San Jose again in the future.

We understand that his investigation is pending and could very well take up to a year from your City Council meeting a couple days ago. However, per this [Code 3304 Section d of California Law](#), this officer may very well just walk away from his heinous acts without discipline or consequences should your department just casually move this investigation for over a year. **This unjust loophole is one of the very other serious aspects of the police system our movement is calling to change.**

Thus, I join the many others in calling for Jared Yuen's firing without pension and other benefits that come out of our hard-earned taxpayer money - he does not deserve our hard-earned money in exchange for his evil acts of escalating the situation between protesters just because "he let his emotion get a hold of him." To that, I respond by asking if SJPD's **professionally trained officers** can't learn to control their emotions in critical situations, how can the public trust them with handling lethal weapons and even the authority to kill?! These threateningly low standards will certainly be the difference of life or death to a civilian one day.

I cannot express how incredibly disappointed I am with my hometown's elected officials, especially Eddie Garcia. He was the one who have such a "[passionate speech to cadets that very same Saturday](#), preaching how not to "tarnish our badge" and "doesn't matter how you're trained if you have malice in your heart." With all due respect, Chief Eddie Garcia, this member of your team has clearly shown he has great malice in his heart this past weekend, and I am undoubtedly sure he is not the only one. I am also let down by San Jose City Council member Lan Diep stated that Yuen should not be fired and that he should be given a "chance to atone".

It is this rhetoric and public dialogue that makes you lose trust from your citizens and the very people you should be protecting and serving - you've certainly lost mine and my family's trust in SJPD and the City Council, and it's incredibly disheartening. Please find it in your spirits - the very same that inspired you to take up these professions and positions when you were younger - to enforce fair and publicly-accepted police accountability. I demand that Yuen, as well as other police officers who abuse their power, are held accountable for their actions. Thank you very much for listening to the people and consideration to helping San Jose considered a home once again.

Best regards,  
Denver Turgano

Hi,

My name is Romeo Medina and I am a resident of Daly City, CA. I am emailing today to demand accountability for the excessive violence displayed by the San Jose police officer Jared Yuen (badge #4362).

I demand that Jared Yuen be fired for displaying a gross abuse of power and endangering the lives of unarmed citizens. I understand that an investigation is being done, but video evidence showing his blatant disregard for the safety of the public is apparent.

Yuen handled the situation inappropriately and unprofessionally. He escalated the situation by using inappropriate language and proceeded to fire projectiles at the public. These projectiles when fired at close range are lethal.

In addition to Yuen's actions, I am disappointed in San Jose officials who are not holding Yuen responsible. Police Chief Eddie Garcia, for instance, said that Yuen is a good kid who made a mistake, while San Jose City Council member Lan Diep stated that Yuen should not be fired and that he should be given a "chance to atone". This rhetoric downplays the situation and is extremely dangerous especially when there are lives at stake. Hi,

My name is Kevin Wang and I am a resident of Hayward, California. I am emailing today to **demand accountability and termination for the intentional and excessive violence displayed by SJPD Jared Yuen (badge #4362).**

I demand Jared Yuen to be fired for using gross abuse of power and endangering the lives of unarmed citizens. Video evidence clearly shows the blatant disregard for the safety of the public and it is apparent he has no desire to properly uphold the values of a police officer.

While I understand there is an open investigation, however, it is apparent Jared intentionally acted negligently and unprofessionally. He clearly portrayed he had desires to harm unharmed individuals and actually did.

Additionally, I am highly disappointed in San Jose officials for completely disregarding Jared's actions and not holding him responsible. Police Chief Eddie Garcia for example indicated "Jared is a good kid who made a mistake" while SJ City Council Member Lan Diep stated "Jared should not be fired and he should be given a chance to atone". This rhetoric completely downplays the situation and is extremely dangerous given there are literally lives at stake. The inability to see the severity and lack of action taken is disturbing.

**I demand that Jared, as well as other police officers who abuse their power, are held accountable for their actions.**

I assure you I do not ask this lightly.

Regards,  
Kevin

Hi,

My name is Christina Fernandez and I am a resident of Hayward, California. I am emailing today to demand accountability for the excessive violence displayed by the San Jose police officer Jared Yuen (badge #4362).

I demand that Jared Yuen be fired for displaying a gross abuse of power and endangering the lives of unarmed citizens. I understand that an investigation is being done, but video evidence showing his blatant disregard for the safety of the public is apparent.

Yuen handled the situation inappropriately and unprofessionally. He escalated the situation by using inappropriate language and proceeded to fire projectiles at the public. These projectiles when fired at close range are lethal.

In addition to Yuen's actions, I am disappointed in San Jose officials who are not holding Yuen responsible. Police Chief Eddie Garcia, for instance, said that Yuen is a good kid who made a mistake, while San Jose City Council member Lan Diep stated that Yuen should not be fired and that he should be given a "chance to atone". This rhetoric downplays the situation and is extremely dangerous especially when there are lives at stake. The lack of accountability of police officers is apparent and we are demanding justice for the victims of his brutality. I demand that Yuen, as well as other police officers who abuse their power, are held accountable for their actions.

Sincerely,

Subject: Accountability for Jared Yuen

Hi,

My name is Sheila Messavussu and I am a resident of San Jose, CA. I am emailing today to demand accountability for the excessive violence displayed by the San Jose police officer Jared Yuen (badge #4362).

I demand that Jared Yuen be fired for displaying a gross abuse of power and endangering the lives of unarmed citizens. I understand that an investigation is being done, but video evidence showing his blatant disregard for the safety of the public is apparent.

Yuen handled the situation inappropriately and unprofessionally. He escalated the situation by using inappropriate language and proceeded to fire projectiles at the public. These projectiles when fired at close range are lethal.

In addition to Yuen's actions, I am disappointed in San Jose officials who are not holding Yuen responsible. Police Chief Eddie Garcia, for instance, said that Yuen is a good kid who made a mistake, while San Jose City Council member Lan Diep stated that Yuen should not be fired and that he should be given a "chance to atone". This rhetoric downplays the situation and is extremely dangerous especially when there are lives at stake. The lack of accountability of police officers is apparent and we are demanding justice for the victims of his brutality. I demand that Yuen, as well as other police officers who abuse their power, are held accountable for their actions.

Sincerely,  
Sheila

Hi,

My name is Jennifer and I am a resident of Thousand Oaks, CA, but I grew up in San Jose. I have been deeply saddened by the news and footage coming from my hometown during these protests, so I am emailing today to demand accountability for the excessive violence displayed by the San Jose police officer Jared Yuen (badge #4362).

I demand that Jared Yuen be fired for displaying a gross abuse of power and endangering the lives of unarmed citizens. I understand that an investigation is being done, but video evidence showing his blatant disregard for the safety of the public is apparent.

Yuen handled the situation inappropriately and unprofessionally. He escalated the situation by using inappropriate language and proceeded to fire projectiles at the public. These projectiles, when fired at close range, can be lethal and their use in this situation was unwarranted.

In addition to Yuen's actions, I am disappointed in San Jose officials who are not holding Yuen responsible. Police Chief Eddie Garcia, for instance, said that Yuen is a good kid who made a mistake, while San Jose City Council member Lan Diep stated that Yuen should not be fired and that he should be given a "chance to atone."
