**Subject:** Better Bike Plan 2025

[External Email]

Dear Council Member,

I am Charlie and I am currently living in the Evergreen neighborhood of East San Jose. I frequently ride up the great training climbs around here but also through the city in order to get to other neighborhoods within SJ. I am writing to express support for the Better Bike Plan 2025. The city staff have done an incredible job in drafting the Plan after two years of extensive effort. I am not only excited to see the Plan getting adopted but also eager to see rapid implementation of the same.

I am especially excited about the goals the Plan mentions:

- Complete the high priority projects within 5 years
- Add 372 miles of protected bikeways within 5 years
- Strong public engagement process

In the near future, we would love to get more details about the detailed prioritized project list and information about how the city plans to procure funding for completing the projects.

I enthusiastically support the Plan and encourage you to forward it to the Council.  
Thank you!

Sincerely,  
Charlie
