Please state why you want to become a member of this Board or Commission including specific objectives which you would work toward as a member. If you are applying for the Board of Fair Campaign and Political Practices, please indicate any familiarity or experience you may have with campaign laws.

I'm committed to human rights, social justice and equity advancement in the Bay Area. I have witnessed first hand how policies and programs may be well-intentioned but may either fall short or actually harm those who it is intended to benefit. I believe those who have been most impacted by systems and policies should be the ones to advise elected officials. I have been a recipient of health and social services and am formally incarcerated. Today, I am a public service professional and have leveraged my life experiences to improve services and promote equity. I plan to continue this path by participating on commissions and boards moving forward.
