Please describe your experience in serving on a Commission or Board.

Considering your experience and activities in business, labor, professional, social, or other organizations, indicate the experience, training, knowledge and/or skills which qualify you for appointment to the selected commission(s).

Outside of the three years I was away for college, I've been a lifelong resident of San Jose and care about the future of San Jose.

What is your understanding of the purpose of the Commission?

To update the district map of San Jose so that the districts are roughly the same in population size and have logical borders (i.e. major streets, natural geographic borders, and similar community needs, etc.)

Please list three issues facing the City that you feel the Commission should address.

1) Homelessness and making sure districts with greatest need have the necessary resources to address the problem. 2) Diversity and ensuring San Jose's diversity is embraced in its districts map and not diluted by poorly chosen boundaries. 3) More affordable housing (I'm not sure this Commission will have authority in this regard but it is a real issue for San Jose families).

I would like to say . . .

I am excited by the idea of being a part of updating San Jose's district map and, if chosen, would be proud to serve on San Jose's Redistricting Advisory Commission.

Please state why you want to become a member of this Board or Commission including specific objectives which you would work toward as a member. If you are applying for the Board of Fair Campaign and Political Practices, please indicate any familiarity or experience you may have with campaign laws.

I am seeking appointment to the San Jose Redistricting Advisory Commission to represent District 10 during this very important process that only takes place once every 10 years. It would be an honor to be part of a commission that supports the ideals of representative democracy. My objectives would be to work respectfully and productively with the other commission members to ensure a fair and transparent process that allows the public to engage and provide input.

Please state any other information which you feel would be useful in reviewing your application

My participation in this commission would contribute to the goal of having a commission makeup that represents the diversity of San José's population. I am the daughter of an immigrant who came to this country at age 12 from the Dominican Republic to join her mom (my grandmother) and her brother for a better life. I am also the wife of a decorated Air Force pilot who served in combat and is now with the Reserves. I am also someone who chose to live in San José (not once but twice) because I believe in its future and how our leaders are addressing tough societal issues. I am someone who takes the time to understand the data and the story behind the numbers, and would like to give back to my community in a way that will have long term impacts on equity and fair representation.

Supplemental Questions

If applicable, have you ever attended a meeting of the Commission(s) to which you are applying?

☐ Yes ☐ No

Would you be available to attend meetings at the scheduled time?

☐ Yes ☐ No

Please describe your experience in serving on a Commission or Board.

I take my board responsibilities seriously, including attending meetings regularly, participating fully and delivering results. I am often tapped for increasing responsibilities as an officer due to my dedicated efforts. After serving on the San Jose Management Association Board of Directors for several years, I became President and continued initiatives to increase membership numbers, enhance the member experience, and build stronger relationships within the board. Also, when I served on the California State Public Affairs Committee (CalSPAC) for the Junior League of San Jose, I was recognized with the Above and Beyond Award by the CalSPAC co-chairs for my contributions in successfully chairing the Health Policy Subcommittee and inspiring others. In Texas, I was part of a statewide Board of Directors for a professional organization in which I helped with the conference planning and became part of the executive team as Secretary.

Considering your experience and activities in business, labor, professional, social, or other organizations, indicate the experience, training, knowledge and/or skills which qualify you for appointment to the selected commission(s).

From my experience and activities through professional and volunteer opportunities, I am someone who is diplomatic, thoughtful and resourceful while working with others from very different backgrounds in producing a good result. As a seasoned communicator, I am knowledgeable in reaching hard-to-reach populations and taking the time to listen to others who may have a different perspective. I am also a former TV news anchor/reporter who knows how the right question can get to the heart of the issue and bring a solution closer to the surface.

What is your understanding of the purpose of the Commission?

Made up of 10 members who are appointed by the Councilmember from each district and one Chairperson who is chosen from the city at large and appointed by the Mayor, the Commission is to meet as a body and hold numerous public hearings at various locations in San José concerning its recommendations for Council District boundaries. The Commission will study, produce a report, and make appropriate recommendations to the City Council with respect to redistricting within 120 days following its appointment. For the redistricting process, the Commission will consider the following factors while maintaining nearly equal populations in each district (as noted in the commission's description): natural boundaries, street lines and/or City boundaries; geography; cohesiveness, contiguity, integrity and compactness of territory; and community of interests within each district. The overarching purpose is to develop and propose City Council district maps that ensure fair representation of San José's communities in their local government.

Please list three issues facing the City that you feel the Commission should address.

The scope of the Redistricting Advisory Commission is limited. However, the Commission's work will impact the public's trust in government, equity issues across the city (i.e. digital divide, equitable access to city services, etc.), and fair representation that's based on the latest population changes and demographics so it's more - as the framers of the U.S. Constitution might say - "an exact Portrait, a Miniature, of the People at large."

I would like to say . . .

With my varied board and commission experience combined with my appreciation of good governance and strategic communications background, I believe I would represent District 10 well and the City as a whole by serving on the San José Redistricting Advisory Commission. Thank you for your consideration.
