STORE EMPLOYEES WORKING DURING THE COVID-19
HEALTH EMERGENCY IN SAN JOSE AND DECLARING
THE URGENCY THEREOF**

WHEREAS, the new coronavirus 19 (“COVID-19”) disease is caused by a virus that spreads easily from person to person and may result in serious injury or death, and is classified by the World Health Organization (“WHO”) as a worldwide pandemic; and

WHEREAS, COVID-19 has spread broadly throughout California and remains a significant health risk to the community, especially members of our most vulnerable populations; and

WHEREAS, WHO has declared that COVID-19 is a global pandemic, which is particularly severe in high risk populations, such as people with underlying medical conditions and the elderly, and the WHO has raised the health emergency to the highest level, requiring extraordinary actions to disrupt and prevent the spread of the disease; and

WHEREAS, on March 4, 2020, California Governor Gavin Newsom proclaimed a state of emergency in response to COVID-19; and

WHEREAS, on March 19, 2020, California Governor Gavin Newsom issued a “Stay Home – Stay Healthy” proclamation closing all non-essential workplaces, requiring people to stay home except to participate in essential activities or to provide essential business services, and banning all gatherings for social, spiritual, and recreational purposes. In addition to healthcare, public health and emergency services, the “Stay Home-Stay Healthy” proclamation specifically identified Grocery Stores as essential

businesses critical to protecting the health and well-being of Californians and designated their workers as essential critical infrastructure workers; and

WHEREAS, on December 3, 2020, California Governor Gavin Newsom extended the “Stay Home-Stay Healthy” proclamation and imposed a Regional Stay at Home Order; and

WHEREAS, on January 25, 2021, the California Department of Health and the County of Santa Clara lifted the Regional Stay at Home Order and announced that businesses, entities and individuals in Santa Clara County are subject to the purple tier of the State’s Blueprint for a Safer Economy and a revised County Health Officer Order; and

WHEREAS, as of January 26, 2021, the World Health Organization Situation Report reported a global total of 98,925,221 cases of COVID-19, including 2,127,294 deaths; as of February 3, 2021, the State of California reported 3,294,447 cases of COVID-19 including 42,466 deaths; and as of February 3, 2021, the City of San José reported 68,097 cases of COVID-19; and

WHEREAS, Grocery Stores are essential businesses operating in the City of San José and serve as the main points of distribution of food and other daily necessities for residents during the COVID-19 emergency; and

WHEREAS, Grocery Store employees are essential workers who perform services that are fundamental to the economy and health of the community during the COVID-19 crisis. These employees interact with the public and have limited ability to engage in physical distancing; and continually expose themselves and the public to the spread of disease; and

WHEREAS, Grocery Store employees have been supporting grocery businesses' operations and facilitating community access to food during the pandemic, despite facing a clear and present danger of workplace exposure to COVID-19 and receiving limited or inconsistent additional pay in recognition of this hazard; and

WHEREAS, Grocery Store employees cannot choose to work from home and must come to work to perform their jobs, which can involve substantial interaction with customers and/or ventilation systems that could potentially spread the virus. They are wearing masks, trying as much as possible to social distance, performing safety protocols, and learning new skills to decrease transmission of the virus to protect themselves and the public; and

WHEREAS, hazard pay, paid in addition to regular wages, is an established type of compensation for employees performing hazardous duty or work involving physical hardship that can cause extreme discomfort and distress; and

WHEREAS, Grocery Store employees working during COVID-19 emergency merit additional compensation because they are performing hazardous duty due to the significant risk of exposure to COVID-19 while working. Grocery Store employees have been working under these hazardous conditions for months. They are working in these hazardous conditions now and will continue to face safety risks as the COVID-19 public health emergency presents an ongoing threat for an uncertain period, potentially resulting in subsequent waves of infection; and

WHEREAS, the continued availability of Grocery Stores is fundamental to the health and welfare of the community and is made possible during the COVID-19 emergency because Grocery Store employees are on the frontlines of this devastating pandemic supporting public health, safety and welfare by working in hazardous conditions; and

WHEREAS, the Occupational and Environmental Medicine Journal published a study of the association between COVID-19 infection, exposure risk and mental health among a cohort of essential retail workers in the USA. In that study, the researchers found a considerable asymptomatic COVID-19 infection rate among grocery workers: Employees with direct customer exposure were five times more likely to test positive for COVID-19; and

WHEREAS, the Brookings Institute Report dated November 2020 reported the inequities between the windfall profits of retail businesses and their essential workers and found that while top retail companies' profits have soared during the pandemic, pay for their frontline essential workers, in most cases, has not; that the top retail companies in the analysis earned on average an extra \$16.7 billion in profit this year compared to last year; a 40% increase; that the 13 companies studied raised pay for their frontline essential workers by an average of just \$1.11 per hour since the pandemic began, a 10% increase on top of wages that are often too low to meet a family's basic needs; and

WHEREAS, establishing an immediate requirement for Grocery Stores to provide hazard pay to Grocery Store employees protects public health and welfare by insuring the stability of the food supply chain, supports stable incomes and promotes job retention by ensuring that Grocery Store employees are compensated for the substantial risks, efforts, and expenses they are undertaking to provide essential services in a safe and reliable manner during the COVID-19 emergency; and

WHEREAS, Section 606 of the City Charter does not require codification of this Grocery Store Employee Hazard Premium Pay Ordinance because it is temporary, and therefore, not a general ordinance in force; and

WHEREAS, pursuant to the provisions and requirements of the California Environmental Quality Act of 1970, together with related State CEQA Guidelines and

Title 21 of the San José Municipal Code (collectively, "CEQA"), the Director of Planning, Building and Code Enforcement has determined that the provisions of this Ordinance do not constitute a project, under File No. PP17-008 (General Procedure and Policy Making resulting in no changes to the physical environment); and

WHEREAS, the City Council of the City of San José is the decision-making body for this Ordinance; and

WHEREAS, this Council has reviewed and considered the "not a project" determination under CEQA prior to taking any approval actions on this Ordinance;
