<b>Council District(s):</b> Citywide			<b>CMO Approval:</b>  02/12/21

**SUBJECT: FIRST AMENDMENT TO THE MOUNT CHUAL ANTENNA SITE LEASE SCHEDULE**

**RECOMMENDATION:**

Adopt a resolution authorizing the City Manager, or his designee, to negotiate and execute a First Amendment to the Antenna Site Lease Schedule dated August 29, 2001 between the City of San José and Pinnacle Towers LLC, a Delaware limited liability company to extend the lease term, from March 1, 2021 to February 29, 2036, for a total of 15 years for a total cost of approximately \$540,000, with two additional five-year options to renew for a total cost of approximately \$759,000 if one option term is exercised and \$1,000,000 if both option terms are exercised, subject to the appropriation of funds.

**BASIS FOR RECOMMENDATION:**

The City's Mount Chual antenna facility is the site of a telecommunications monopole serving the City's public police and fire safety dispatch and emergency telephone answering system (911).

On October 1, 1990, the City's public police and fire safety dispatch and emergency telephone answering system (911) became operational. The design of the system requires the licensing of several remote locations for communications receivers and transmitters. One of these locations is the Mount Chual facility, located in South San Jose near Mount Chual Spur Road (see Exhibit A, Aerial Map of Site). The City has leased space for communications antenna placement and corresponding rack space since construction of the facility in 1991.

The City entered into the Antenna Site Lease Schedule dated August 29, 2001 ("Original Lease") with Pinnacle Towers, Inc., a Delaware corporation ("Landlord"). The lease ran for a period of 20 years and will expire on February 28, 2021. The City is currently paying \$2,822.76 per month for the lease.

Public Works Radio Shop staff have determined that this facility is currently an important radio site and is necessary for the backup operation of the City's public safety radio communications as well as ongoing conventional radio channels for all other City staff not on the Silicon Valley Regional Communications System.

Staff negotiated a First Amendment to the Original Lease ("First Amendment") to extend the lease term for an additional 25 years ("Extension Term"), which includes a 15-year initial term with two automatic five-year options to renew. The Extension Term will commence March 1, 2021 and will expire on February 29, 2036 if the two five-year automatic renewal terms aren't exercised. Staff negotiated a reduction in both the monthly rent and annual escalator for the Extension Term. The rent for Year 1 of the Extension Term will be reduced from \$2,822.76 to \$2,600 per month (\$31,200 per year). The annual escalator will be reduced from 4% to 2% per annum for the years thereafter. All other terms in the Original Lease will remain in full force and effect.

Climate Smart San Jose:

The recommendation in this memo has no effect on Climate Smart San José energy, water, or mobility goals.

Commission Recommendation/Input:

No commission recommendation or input is associated with this action.

**COST AND FUNDING SOURCE:**

The first year's rent for this agreement totals \$31,200 and shall increase by 2% per annum for a total cost of approximately \$540,000 for the initial 15-year term, approximately \$759,000 if one five-year option term is exercised, and approximately \$1,000,000 if both five-year option terms are exercised. The Original Lease also contains wording that will allow the Landlord to pass through the prorate cost of any increase in electrical rates to the site. Funding for Fiscal Year 2020-2021 is available in the City-Wide Property Leases appropriation (APPN 2064) and is subject to annual appropriations.
