Hello,

I am writing to support Council member Esparza's and Council member Davis' memorandum to keep our streets safe by taking action to address the increase of dangerous side shows and street racing. Side shows and street racing are putting our communities in harm's way each time they occur.

Currently, the City of San Jose and SJPd do not have the tools and resources to address these large scale, dangerous events. I am demanding the City take action and approve Councilmember Esparza's and Councilmember Davis' memorandum.

Thanks,  
Cynthia

Dear Mayor Liccardo and City Councilmembers,

My sincere thanks and gratitude to Mayor Liccardo, all City Councilmembers, and the San Jose Police Department for all your efforts thus far in trying to stop sideshows occurring throughout our city. All your efforts to try to stop this illegal and dangerous activity is greatly appreciated.

I'm writing to express my support for a proposed City ordinance that would hold promoters of sideshows accountable. I fully support providing the City and SJPd with the tools needed to stop all sideshows. The increasing number and violent escalation of this ongoing problem is extremely alarming. Please approve this proposed ordinance. Your continued leadership and search for solutions to this growing and dangerous problem is very much appreciated.

Thank you very much for your time and attention to this matter.

Sincerely,

Jennifer Roberts

I live in the Montecito Vista community and we're often impacted by side shows on Curtner and on Monterey which block our streets, create noise, bring all kinds of unwanted individuals to the area and can cause injuries and result in violence that would threaten our peace and safety.. This is very important.. I profusely request you take proper attention to this very important matter

Thank you,

Hello,

I am writing to support Council member Esparza's and Council member Davis' memorandum to keep our streets safe by taking action to address the increase of dangerous side shows and street racing.

Side shows and street racing are putting our communities in harm's way each time they occur.

Currently, the City of San Jose and SJPd do not have the tools and resources to address these large scale, dangerous events.

I am demanding the City take action and approve Councilmember Esparza's and Councilmember Davis' memorandum.

A very recent side show (Mid February) on Hamilton Ave and Leigh Ave was the site of many firearms being shot off.

Please see the photo attached hereto, showing spent brass casings which were all over this intersection the morning after the side show on Hamilton Ave and Leigh Ave.

These brass casing are from .223 and .45 caliber and others. These are very dangerous weapons which are illegal to fire in city limits at this intersection.

***At a minimum, the city should be shutting this potentially lethal activity down.***

Thank you.

[External Email]

Hello, I am writing to support Council member Esparza's and Council member Davis' memorandum to keep our streets safe by taking action to address the increase of dangerous side shows and street racing. Side shows and street racing are putting our communities in harm's way each time they occur. Currently, the City of San Jose and SJPd do not have the tools and resources to address these large scale, dangerous events. I am demanding the City take action and approve Councilmember Esparza's and Councilmember Davis' memorandum. Thank you!

I live near Monterey Road and Branham lane,

There have been several side shows there recently. Very dangerous and loud, blocking traffic in both directions.

[External Email]

Hello, I am writing to support Council member Esparza's and Council member Davis' memorandum to keep our streets safe by taking action to address the increase of dangerous side shows and street racing. Side shows and street racing are putting our communities in harm's way each time they occur. Currently, the City of San Jose and SJPd do not have the tools and resources to address these large scale, dangerous events. I am demanding the City take action and approve Councilmember Esparza's and Councilmember Davis' memorandum. Thank you!

Mike
