COUNCIL AGENDA: 4/20/021

FILE: 21-735 ITEM: 2.10

Memorandum

TO: HONORABLE MAYOR AND CITY COUNCIL

FROM: John Ristow

SUBJECT: 2021 LOCAL STREETS

CONCRETE #2 PROJECT

DATE: April 5, 2021

Approved Date 4/8/2021

COUNCIL DISTRICT: 2 & 7

RECOMMENDATION

(a) Approve award of a construction contract for the 2021 Local Streets Concrete #2 Project, to the low bidder, Spencon Construction, Inc. in the amount of \$1,481,075.

(b) Approve an approximate ten percent contingency in the amount of \$148,000.

OUTCOME

Approval of this construction contract will provide concrete and sidewalk accessibility (ADA-compliant curb ramps) improvements along 21 miles of streets on the Local and Neighborhood Street Network to be maintained in the 2021 construction season. Approval of an approximate 10% contingency will provide funding for any unanticipated work necessary for the proper construction and completion of the project.

BACKGROUND

The Department of Transportation (DOT) will maintain approximately 140 miles of streets on the Local and Neighborhood Street Network in the 2021 construction season, which will also result in the installation and retrofit of approximately 1,490 ADA curb ramps. Pavement maintenance is typically performed in two separate phases: preparation and a final surface application. The preparation phase requires the removal of structurally failed areas of pavement and replaces them with new asphalt concrete. The preparation phase also includes concrete work, Americans with Disability Act (ADA) curb ramp upgrades and installation, and traffic signal detector repairs and upgrades. The preparation phase is the subject of this memorandum and will result in the construction of 256 ramp locations along 21 miles of Local Streets identified in the attachment. The final phase of maintenance will be covered by remove and replace, one sealing, and four resurfacing projects, which DOT plans to bring to Council in early April to June.

Subject: 2021 Local Streets Concrete #2 Project

Page 2

To decrease the overall timeframe for completing the preparation work, reduce cost, and provide more bidding opportunities for small and local contractors, DOT divided the Concrete and ADA ramps preparation work into two major and 13 minor public works projects across the City. A description of the 2021 pavement maintenance projects was provided in an information memorandum to the Council in February 2021.

The City's Local and Neighborhood Street Network is organized into 135 geographically contiguous "Pavement Maintenance Zones" (PMZs). The PMZs were established several decades ago to support efficient planning and delivery of paving projects, maximize the amount of paving work completed at one time within a neighborhood area, and provide geographic spread of pavement across the City. Information provided by the City's pavement management database is used to identify candidate PMZs for preventive maintenance and sealing. The final list of PMZs to receive pavement maintenance was established using the following criteria:

- Funding availability and funding use restrictions
- Total miles of streets in reconstruction and rehabilitation category
- Streets not affected by current or future street related projects
- Maintenance history and prescribed treatment schedules
- Relative location of street segments to create multiple, continuous segments, consistency within neighborhoods, and project efficiency
- Multi-year geographic spread across the City and street network
- Number of public traffic attraction facilities such as schools, hospitals, libraries, community centers, etc.
- Community and City Council office feedback regarding roadway conditions and priority street segments

This year DOT added an additional criterion: equity. DOT staff cross-referenced the selected zones with census tracts designated by the Municipal Transportation Commission (MTC) as "Communities of Concern" (COC) to better track equity in service delivery. Results confirmed that 207 out of 325 miles (roughly 65%) of local and neighborhood streets designated in COC areas will be maintained by the end of the three-year plan (2023). DOT anticipates completing pavement maintenance for nearly 50% of the local street network in this same timeframe. Also, DOT will be maintaining a total of 52 COC miles in 2021 as part of the program which is roughly 37% of the 140 miles selected for maintenance in 2021.

This project in particular will provide 120 ADA curb ramps located on streets in COC neighborhoods, which account for approximately 47% of the scope of work.

April 5, 2021

Subject: 2021 Local Streets Concrete #2 Project

Page 3

The attachment contains the list of streets that will have ADA curb ramps installed or retrofitted. The list may change if unforeseen circumstances arise or new information regarding other street-related projects becomes available.

ANALYSIS

Bids were opened on March 4, 2021 with the following results:

CONTRACTOR	CITY	BID AMOUNT	VARIANCE	% UNDER/OVER ENGINEER'S ESTIMATE
Spencon Construction, Inc.	Danville, CA	\$1,481,075.00	\$708,685.00	-32.4%
J.J.R Construction, Inc.	San Mateo, CA	\$1,498,510.00	\$691,250.00	-31.6%
Duran Construction Group	San Jose, CA	\$1,544,502.50	\$645,257.00	-29.5%
FBD Vanguard Construction, Inc.	Livermore, CA	\$1,965,410.00	\$224,350.00	-10.2%
ENGINEER'S ESTIMATE	-	\$2,189,760.00	-	-
Azul Works, Inc.	South San Francisco, CA	\$2,529,830.00	\$340,070.00	15.5%

The low bid submitted by Spencon Construction, Inc. is \$1,481,075 and is 32.4% below the Engineer's Estimate. The Engineer's Estimate for this project is \$2,189,760. The estimate is based on bids received from similar past projects and most current estimated construction prices. The bid is considered acceptable for the work involved in the project. Staff recommends that the construction contract be awarded to Spencon Construction, Inc.

San Jose Municipal Code Section 27.04.050 provides that the contingency for all public works contracts (except those involving the renovation of a building or buildings) cannot exceed 10% of the total contract amount. Staff recommends an approximate 10% contingency, which should be sufficient to account for unforeseen conditions that might arise in the excavation, removal and replacement of failed concrete areas.

Construction is scheduled to begin in May 2021 and will be completed by early August 2021.

Project Labor Agreement Applicability

A project labor agreement (PLA) is not applicable to this project as the City's engineer's estimate of the total cost of the Construction Contract to construct for this project does not exceed three million dollars (\$3,000,000).

April 5, 2021

Subject: 2021 Local Streets Concrete #2 Project

Page 4

Local and Small Business Outreach

This project does not have a preference for local and/or small businesses.

CONCLUSION

Based on the evaluation of bids, the low bid is considered acceptable, and staff recommends awarding the construction contract for the 2021 Local Streets Concrete #2 to Spencon Construction, Inc.

EVALUATION AND FOLLOW-UP

DOT provides an ongoing evaluation of the City's pavement conditions and provides periodic reports on this topic to the Transportation & Environment Committee, and the City Council. In addition to the project discussed in this memo, six additional large pavement maintenance projects for Local and Neighborhood Streets are tentatively scheduled for Council action this spring.

CLIMATE SMART SAN JOSE

The recommendation in this memo has no effect on Climate Smart San José energy, water, or mobility goals.

PUBLIC OUTREACH

To solicit contractors, this project was listed on an online bid solicitation website, Biddingo, where bid packages were made available to download for contractor organizations and builders' exchange. When the project commences the contractor will provide advance notification regarding working hours, duration of project, and any appropriate schedule and lane closures to affected businesses and residents, as stated in the specifications. To inform traveling motorists of upcoming construction activities and potential traffic delays, changeable message signs may be used on selected streets stating the scheduled date and time for work to occur on the street. This memorandum will be posted on the City's Council Agenda website for the April 20, 2021 Council Meeting.

Page 5

COORDINATION

This project has been coordinated with the Department of Public Works, and this memorandum has been coordinated with the Department of Planning, Building and Code Enforcement, the City Attorney's Office and the City Manager's Budget Office.

COMMISSION RECOMMENDATION/INPUT

No commission recommendation or input is associated with this action.

FISCAL/POLICY ALIGNMENT

This project supports the Transportation and Aviation Services City Service Area goal to *Preserve and Improve Transportation Assets and Facilities*.

COST SUMMARY/IMPLICATIONS

1. COST OF PROJECT:

TOTAL PROJECT COSTS:	\$1,777,075
Contingency	<u>\$148,000</u>
Construction Contract	\$1,481,075
Programmatic Project Delivery Estimate	\$148,000

2. SOURCE OF FUNDING: Funding for this project is included in the 2020-2021

Adopted Capital Budget in the 2016 VTA Measure B

appropriation.

3. FISCAL IMPACT: This project will have no net operating and maintenance costs

to the General Fund.
