Dear Chair Jones, Vice Chair Peralez, and Members of the Rules Committee, We urge you to advance and support the Memorandum regarding ASSEMBLY BILL 1400: GUARANTEED HEALTHCARE FOR ALL. The pandemic has established through gross loss of lives and livelihoods that commodified, inaccessible healthcare, health disparities, and inequitable COVID-19 responses COST everyone. Our broken healthcare system cannot continue as it is. This pandemic has been exponentially worsened and exponentially more costly to all, including our City, because of grave systemic injustices and dysfunctional, if not foolish, approaches to a basic human need. Future emergent health crises will be no different unless we commit ourselves to a universal, equitable, and strategic approach to healthcare. AB-1400 is a step we must take. A lawsuit filed by MALDEF against state officials for Medi-Cal discrimination against Latinos demonstrates that our communal, municipal voice is necessary to correct inaction and error. Fiscal and moral responsibility compels you. The enormous costs of COVID-19 in lost lives of loved ones and in financial recovery for scores gives all of us a vastly differently lens to assess costs of universal health care. The costs of maintaining unequal, disparate, inequitable, inaccessible healthcare are far, far greater than systems change through AB-1400. We push you to push our Council to push our State - for our suffering San Jose families and all San Jose residents. Our lives and economy cannot be left to risks that we have all seen realized during this pandemic. You are urged to advance and support the Memorandum on AB-1400 (Kalra et al). Sincerely,

[External Email]

Dear Chair Jones, Vice Chair Peralez, and Members of the Rules Committee,

We urge you to advance and support the Memorandum regarding ASSEMBLY BILL 1400: GUARANTEED HEALTHCARE FOR ALL. The pandemic has established through gross loss of lives and livelihoods that commodified, inaccessible healthcare, health disparities, and inequitable COVID-19 responses COST everyone. Our broken healthcare system cannot continue as it is. This pandemic has been exponentially worsened and exponentially more costly to all, including our City, because of grave systemic injustices and dysfunctional, if not foolish, approaches to a basic human need. Future emergent health crises will be no different unless we commit ourselves to a universal, equitable, and strategic approach to healthcare. AB-1400 is a step we must take. A lawsuit filed by MALDEF against state officials for Medi-Cal discrimination against Latinos demonstrates that our communal, municipal voice is necessary to correct inaction and error. Fiscal and moral responsibility compels you. The enormous costs of COVID-19 in lost lives of loved ones and in financial recovery for scores gives all of us a vastly differently lens to assess costs of universal health care. The costs of maintaining unequal, disparate, inequitable, inaccessible healthcare are far, far greater than systems change through AB-1400. We push you to push our Council to push our State - for our suffering San Jose families and all San Jose residents. Our lives and economy cannot be left to risks that we have all seen realized during this pandemic. You are urged to advance and support the Memorandum on AB-1400 (Kalra et al).

Sincerely,

Maritza Maldonado

[External Email]

Dear Chair Jones, Vice Chair Peralez, and Members of the Rules Committee, We urge you to advance and support the Memorandum regarding ASSEMBLY BILL 1400: GUARANTEED HEALTHCARE FOR ALL. The pandemic has established through gross loss of lives and livelihoods that commodified, inaccessible healthcare, health disparities, and inequitable COVID-19 responses COST everyone. Our broken healthcare system cannot continue as it is. This pandemic has been exponentially worsened and exponentially more costly to all, including our City, because of grave systemic injustices and dysfunctional, if not foolish, approaches to a basic human need. Future emergent health crises will be no different unless we commit ourselves to a universal, equitable, and strategic approach to healthcare. AB-1400 is a step we must take. A lawsuit filed by MALDEF against state officials for Medi-Cal discrimination against Latinos demonstrates that our communal, municipal voice is necessary to correct inaction and error. Fiscal and moral responsibility compels you. The enormous costs of COVID-19 in lost lives of loved ones and in financial recovery for scores gives all of us a vastly differently lens to assess costs of universal health care. The costs of maintaining unequal, disparate, inequitable, inaccessible healthcare are far, far greater than systems change through AB-1400. We push you to push our Council to push our State - for our suffering San Jose families and all San Jose residents. Our lives and economy cannot be left to risks that we have all seen realized during this pandemic. You are urged to advance and support the Memorandum on AB-1400 (Kalra et al). Sincerely,

[External Email]

Hello,

My name is Huong, and I would like to submit my comment for support for CalCare, AB1400.

As a person who has compromised health issues, I have to take multiple medications to get through the day. AB 1400 will guarantee me and others health insurance. When I become unemployed, it becomes stressful, anxiety, and panic attacks because I don't know when I can get my medication, and I can't focus on other things like look for work. AB 1400 will eliminate that worry for many like myself.

Please vote YES for AB 1400.

Thank you,

Huong Nguyen
