Dear Chair Jones, Vice Chair Peralez, and Members of the Rules Committee, We urge you to advance and support the Memorandum regarding ASSEMBLY BILL 1400: GUARANTEED HEALTHCARE FOR ALL. The pandemic has established through gross loss of lives and livelihoods that commodified, inaccessible healthcare, health disparities, and inequitable COVID-19 responses COST everyone. Our

broken healthcare system cannot continue as it is. This pandemic has been exponentially worsened and exponentially more costly to all, including our City, because of grave systemic injustices and dysfunctional, if not foolish, approaches to a basic human need. Future emergent health crises will be no different unless we commit ourselves to a universal, equitable, and strategic approach to healthcare. AB-1400 is a step we must take. A lawsuit filed by MALDEF against state officials for Medi-Cal discrimination against Latinos demonstrates that our communal, municipal voice is necessary to correct inaction and error. Fiscal and moral responsibility compels you. The enormous costs of COVID-19 in lost lives of loved ones and in financial recovery for scores gives all of us a vastly differently lens to assess costs of universal health care. The costs of maintaining unequal, disparate, inequitable, inaccessible healthcare are far, far greater than systems change through AB-1400. We push you to push our Council to push our State - for our suffering San Jose families and all San Jose residents. Our lives and economy cannot be left to risks that we have all seen realized during this pandemic. You are urged to advance and support the Memorandum on AB-1400 (Kalra et al).

Sincerely,
Anna Ponce

Dear Chair Jones, Vice Chair Peralez, and Members of the Rules Committee, I urge you to advance and

support the Memorandum regarding ASSEMBLY BILL 1400: GUARANTEED HEALTHCARE FOR ALL. The pandemic has established through gross loss of lives and livelihoods that commodified, inaccessible healthcare, health disparities, and inequitable COVID-19 responses COST everyone. Our broken healthcare system cannot continue as it is. This pandemic has been exponentially worsened and exponentially more costly to all, including our City, because of grave systemic injustices and dysfunctional, if not foolish, approaches to a basic human need. Future emergent health crises will be no different unless we commit ourselves to a universal, equitable, and strategic approach to healthcare. AB-1400 is a step we must take. A lawsuit filed by MALDEF against state officials for Medi-Cal discrimination against Latinos demonstrates that our communal, municipal voice is necessary to correct inaction and error. Fiscal and moral responsibility compels you. The enormous costs of COVID-19 in lost lives of loved ones and in financial recovery for scores gives all of us a vastly differently lens to assess costs of universal health care. The costs of maintaining unequal, disparate, inequitable, inaccessible healthcare are far, far greater than systems change through AB-1400. We push you to push our Council to push our State - for our suffering San Jose families and all San Jose residents. Our lives and economy cannot be left to risks that we have all seen realized during this pandemic. You are urged to advance and support the Memorandum on AB-1400 (Kalra et al).

Sincerely,

Kolumban Boesch

Honorable San Jose Councilmembers and Mayor,

I urge your support on Tuesday, April 27 for Councilmember Carrasco's memo in support of AB 1400, the California Guaranteed Healthcare for All Act (CalCare). This bill will guarantee all California residents will be fully covered for health care without co-pays, deductibles, or other out-of-pocket costs, regardless of employment status, immigration status, or any other criteria. The enormous costs of COVID-19 in lost lives added to the costs of maintaining our unequal, disparate, inequitable, inaccessible health care are too much to bear by our working families and communities. The lives and livelihoods of our San Jose families and residents cannot be left to the for-profit patchwork of current healthcare systems. The SJ City Council Rules and Open Government Committee has moved Councilmember Carrasco's memo forward for consideration by the full City Council. We urge you, as our representatives, to approve and advocate in support of AB 1400 on Tuesday, April 27 Thank you for standing up for the health and wellbeing of San Jose residents.

We urge your support on Tuesday, April 27 for Councilmember Carrasco's memo in support of AB 1400, the California Guaranteed Healthcare for All Act (CalCare).

This bill will guarantee all California residents will be fully covered for health care without co-pays, deductibles, or other out-of-pocket costs, regardless of employment status, immigration status, or any other criteria.

The enormous costs of COVID-19 in lost lives added to the costs of maintaining our unequal, disparate, inequitable, inaccessible health care are too much to bear by our working families and communities. The lives and livelihoods of our San Jose families and residents cannot be left to the for-profit patchwork of current healthcare systems.

The SJ City Council Rules and Open Government Committee has moved Councilmember Carrasco's memo forward for consideration by the full City Council. We urge you to approve and advocate in support of AB 1400 on Tuesday, April 27. While I am a resident of Sunnyvale, San Jose is one of the largest cities in California and the country, and the support of this bill by the SJ City Council will certainly encourage other cities to support AB1400 as well.

Thank you for standing up for the health and wellbeing of San Jose and California residents!

Sincerely,
Christine Clougherty-Ng
