## Public Community of Interest Form

- Input can be provided in public hearings or using our "Community of Interest" Worksheet.
- This can be provided on the website as a part of overall community engagement strategy.
- Some agencies convert these to a webform or survey instrument.

Tell us about your community!

**Help shape the future of City of San José's Council Districts**

Every ten years, U.S. Census data is used to redraw City of San José City Council district boundaries. This ensures the districts are balanced for changes in population. The City Council wants to hear from you on how these boundaries should be drawn. Complete this form to tell the Commission about your **community of interest** – keeping communities of interest together is a high-ranking criteria in the redistricting process.

**What is a Community of Interest?**

A Community of Interest is a group of people in the same geographically definable area who share common social and economic interests. Some examples of Communities of Interest are:

- Senior citizens
- LGBTQIA+ communities
- College students living near campus
- People who live downtown or in a neighborhood
- Dog park community
- Residents who share a common language
- People that use the same transportation systems

**What criteria will help the City Council understand the importance of your community in the redistricting process?**

When answering the questions on the form, please keep in mind the following:

1. Does your community have a shared culture, characteristics, or bond?
