Actions Related to the Design-Build Procurement to Construct an Aircraft Rescue and Fire Fighting Facility at the Airport.

Adopt a resolution in accordance with San José Municipal Code Section 14.07.310:

- (a) Finding that the cost of the proposed design-build contract for the Aircraft Rescue and Fire Fighting Facility Project (the “Project”) at the Norman Y. Mineta San José International Airport will exceed \$5,000,000, and that the use of the design-build delivery method process is likely to save money and/or result in faster Project completion than if the City used the traditional design-bid-build method of project delivery;
- (b) Approving the Request for Proposals (“RFP”) and the evaluation criteria and process by which the City shall select a design-build entity for the Project; and
- (c) Authorizing the Director of Public Works to issue addenda to the RFP to add any additional requirements or to make such other revisions to the RFP that are consistent with the scope and selection criteria as approved by Council.

CEQA: Thirteenth Addendum to the Norman Y. Mineta San José International Airport Master Plan Update Project Environmental Impact Report, (EIR) (Resolution No. 67380), and Final Supplemental EIR, (Resolution No. 71451), and Addenda thereto, File No. PP18-075. (Public Works/Airport)
