Diridon Integrated Station Concept Plan - Rail Alignment.

Accept staff recommendation regarding the Diridon Integrated Station Concept Plan Decision #3, to maintain and improve track approaches in the existing northern and southern corridors, and commit to work to develop a design for the southern rail corridor that results in noise, vibration, and visual conditions that are no worse and ideally better than today, even with higher future train volumes.

CEQA: Not a Project, File No. PP17-009, Staff Reports, Assessments, Annual Reports, and Informational Memos that involve no approvals of any City action. (Transportation)
