Amendment to San José Clean Energy 2021 Service and Rate Changes.

Adopt a resolution:

- (a) Amending San José Clean Energy's (SJCE) GreenSource default product beginning May 15, 2021 by increasing its renewable energy content to 55% and increasing its rates to 8% above Pacific Gas and Electric Company's (PG&E) generation rates after accounting for the Franchise Fee Surcharge and the Power Charge Indifference Adjustment, provided that SJCE's 100% renewable energy TotalGreen product will continue to be 0.5-1 cent per kWh higher than GreenSource;
- (b) Establishing a third product called GreenValue, with rates set at parity to PG&E generation rates after accounting for the Franchise Fee Surcharge and the Power Charge Indifference Adjustment; and
- (c) Establishing the SJ Cares program for CARE (California Alternate Rates for Electricity) and FERA (Family Electric Rate Assistance) customers, for whom GreenSource generation service will be set at parity to PG&E generation rates after accounting for the Franchise Fee Surcharge and the Power Charge Indifference Adjustment.

CEQA: Not a Project, File No. PP17-008, General Procedure and Policy Making resulting in no changes to the physical environment. (Community Energy)
