<u>AB 4</u>	<u>Arambula, D</u>	Covered California expansion.	12/02/2024 - Introduced HTML PDF	05/23/2025 - Failed Deadline pursuant to Rule 61(a)(5). (Last location was APPR. SUSPENSE FILE on 4/23/2025)(May be acted upon Jan 2026)	05/23/2025 - Assembly 2 YEAR	Current federal law, the Patient Protection and Affordable Care Act (PPACA), requires each state to establish an American Health Benefit Exchange to facilitate the purchase of qualified health benefit plans by qualified individuals and qualified small employers. Current state law creates the California Health Benefit Exchange, also known as Covered California, to facilitate the enrollment of qualified individuals and qualified small employers in qualified health plans as required under PPACA. Current law requires the Exchange to apply for a federal waiver to allow persons otherwise not able to obtain coverage through the Exchange because of their immigration status to obtain coverage from the Exchange. This bill would delete that requirement and would instead require the Exchange, no sooner than January 1, 2027, and upon appropriation by the Legislature for this purpose, to administer a program to allow persons otherwise not able to obtain coverage by reason of immigration status to enroll in health insurance coverage in a manner as substantially similar to other Californians as feasible, consistent with federal guidance and given existing federal law and rules. The bill would require the Exchange to undertake outreach, marketing, and other efforts to ensure enrollment, which would begin on October 1, 2028. (Based on 12/02/2024 text)	Monitor
<u>AB 6</u>	<u>Ward, D</u>	Residential developments: building standards: review.	05/05/2025 - Amended HTML PDF	07/14/2025 - In committee: Referred to APPR. suspense file.	07/14/2025 - Senate APP R. SUSPENSE FILE	The California Building Standards Law establishes the California Building Standards Commission (commission) within the Department of General Services and sets forth its powers and duties, including approval and adoption of building standards and codification of those standards into the California Building Standards Code (code). Current law requires the commission to publish, or cause to be published, editions of the code in its entirety once every 3 years. Current law requires the building standards and rules and regulations to impose substantially the same requirements as are contained in the most recent editions of specified international or uniform industry codes, including the International Residential Code of the International Code Council. Current law establishes the Department of Housing and Community Development (department) in the Business, Consumer Services, and Housing Agency and requires the department to submit an annual report to the Governor and both houses of the Legislature on the operations and accomplishments during the previous fiscal year of the housing programs administered by the department. This bill would require the department to convene a working group no later than December 31, 2026, to research and consider identifying and recommending amendments to state building standards allowing residential developments to be built under the requirements of the California Residential Code, as specified. The bill would require the department, no later than December 31, 2027, 2028, to provide a one-time report of its findings to the Legislature in the annual report described above. The bill, if the report identifies and recommends amendments to building standards, would require the department to research, develop, and consider proposing the standards for adoption by the commission, as specified. Held at Desk.	08/25/2025 - Senate DES K	Current law establishes the Ocean Protection Council in state government to, among other things, establish policies to coordinate the collection, evaluation, and sharing of scientific data related to coastal and ocean resources among agencies. Current law requires the council to develop and implement a voluntary sustainable seafood promotion program for the state, to consist of specified components, including a competitive grant and loan program for eligible entities, including, but not limited to, fishery groups and associations, for the purpose of assisting California fisheries in qualifying for certification to internationally accepted standards for sustainable seafood. This bill would, subject to the availability of funding, require the council to participate, as a stakeholder and in an advisory capacity, in the Protecting Blue Whales and Blue Skies Program with air pollution control districts and air quality management districts along the coast and other stakeholders to support, in an advisory capacity, coastal air districts in their efforts to implement a statewide voluntary vessel speed reduction and sustainable shipping program for the California coast in order to reduce air pollution, the risk of fatal vessel strikes on whales, and harmful underwater acoustic impacts. The bill would authorize the expansion of the existing Protecting Blue Whales and Blue Skies Program to include specified components, including incentives to program participants based on a percentage of distance traveled by a participating vessel at a reduced speed, as provided. SUSPENSE FILE	Current law defines murder as the unlawful killing of a human being, or a fetus, with malice aforethought. Existing law also defines manslaughter as the unlawful killing of a human being without malice, and establishes 3 kinds of manslaughter: voluntary, involuntary, and vehicular. This bill would require a law enforcement agency to review the casefile regarding an open unsolved homicide upon written application by certain persons to determine if a reinvestigation would result in probative investigative leads, as specified. The bill would define a homicide to include murder and manslaughter and an open unsolved homicide as a homicide committed after January 1, 1990, but no less than 3 years prior to the date of the application for case review, that was investigated by a law enforcement agency, for which all probative investigative leads have been exhausted and for which no suspect has been identified. If the review determines that a reinvestigation would result in probative investigative leads, this bill would require a reinvestigation, as specified. (Based on 07/16/2025 text)	Monitor

Ordered to Consent Calendar.	08/25/2025 - Senate CONSENT CALENDAR	The Planning and Zoning Law requires a city or county to adopt a general plan for land use development within its boundaries that includes, among other things, a housing element. The law requires the Department of Housing and Community Development (HCD) to determine whether the housing element is in substantial compliance with specified provisions of that law. Current law requires HCD to designate jurisdictions as prohousing pursuant to emergency regulations adopted by HCD, as prescribed, and to report those designations to the Office of Land Use and Climate Innovation. Current law specifies that these emergency regulations will remain in effect until HCD promulgates permanent prohousing regulations. This bill would instead require HCD to designate jurisdictions as prohousing pursuant to permanent regulations adopted by HCD to implement these provisions, as specified. Beginning with the 7th housing element cycle, upon request by a small rural jurisdiction, to the extent feasible, the bill would require HCD to evaluate materials from the small rural jurisdiction's housing element submission when determining whether the jurisdiction qualifies as prohousing, but only with respect to those small rural jurisdictions that have a compliant housing element. SUSPENSE FILE on 4/9/2025)(May be acted upon Jan 2026)	05/23/2025 - Assembly 2 YEAR	Current law, commencing January 1, 2019, made various changes to the law governing ignition interlock devices (IID), including, among other things, requiring a person who has been convicted of driving a motor vehicle under the influence of an alcoholic beverage, as specified, to install for a specified period of time as ordered by the court, an IID on the vehicle they operate, provided however that installation of an IID is discretionary for a first offender, as specified; authorizing a person convicted of driving a motor vehicle under the influence, if all other requirements are satisfied, including the installation of an IID, to apply for a restricted driver's license without completing a period of license suspension or revocation; and requiring ignition interlock device manufacturers to be in compliance with specified provisions relating to payment for the costs of an ignition interlock device. Current law makes these changes operative until January 1, 2026. On January 1, 2026, current law, as it relates to these provisions, is generally reinstated to read as it read prior to January 1, 2019. Current law makes it a crime to violate certain provisions relating to IIDs and motor vehicles equipped with IIDs. This bill would extend the operation of these provisions until January 1, 2033, and would instead reinstate the law to how it read prior to January 1, 2019, on January 1, 2033. Ordered to third reading.	07/17/2025 - Senate THIRD READING	Current law prescribes requirements for the disposal of surplus land by a local agency and defines terms for these purposes, including, among others, “surplus land” to mean land owned in fee simple by any local agency for which the local agency’s governing body takes formal action in a regular public meeting declaring that the land is surplus and is not necessary for the agency’s use. Current law defines “exempt surplus land” to mean land that is subject to a sectional planning area document, as described, and meets specified requirements, including that the land identified in the adopted sectional planning area document was dedicated prior to January 1, 2019, at least 25% of the units are dedicated to lower income households, as specified, and that the land is developed at an average density of at least 10 units per acre calculated with respect to the entire sectional planning area. This bill would change those requirements so that at a minimum, 25% of units that are proposed by the sectional planning area document as adopted prior to January 1, 2019, and are not designated for students, faculty, or staff of an academic institution, or 500 units, whichever is greater, must be dedicated to lower income households, as specified, and that the land must be developed at an average density of at least 10 units per acre, in accordance with certain requirements and calculated with respect to the entire sectional planning area and inclusive of housing designated for students, faculty, and staff of an academic institution. SUSPENSE FILE	Current law provides that a tenant is guilty of unlawful detainer if the tenant continues to possess the property without permission of the landlord after the tenant defaults on rent or fails to perform a condition or covenant of the lease under which the property is held, among other reasons. Current law requires a tenant be served a 3 days' notice in writing to cure a default or perform a condition of the lease, or return possession of the property to the landlord, as specified. Current law, until January 1, 2030, prohibits an owner of residential real property from terminating a tenancy without just cause, as specified. This bill would, until January 20, 2029, enact the Social Security Tenant Protection Act of 2025 (the Act). The Act would authorize a tenant of residential real property to assert Social Security hardship as an affirmative defense in an unlawful detainer proceeding based on the nonpayment of rent. The Act would define "Social Security hardship" as a loss of income due to an interruption in the payment of Social Security benefits due to the action or inaction of the federal government. The Act would require a tenant asserting Social Security hardship as an affirmative defense to provide, to the satisfaction of the court, evidence that Social Security payments typically received by the tenant's household have been terminated, delayed, or reduced due to no fault of the tenant and that the hardship prevented the tenant from paying the rent. If the tenant successfully provides this evidence, the Act would require the court to issue a stay of the unlawful detainer action, as specified. The Act would not relieve a tenant of their obligation to pay past due rent, and it would require a tenant, within 14 days of the Social Security benefits being restored, to either pay all past due rent or enter into a mutually agreed upon payment plan with the owner of the residential real property. Prior law, until January 1, 2024, authorized a tenant to temporarily permit the occupancy of their dwelling unit by a person who is at risk of homelessness, as defined, regardless of the terms of the lease or rental agreement, with the written approval of the owner or landlord of the property, and subject to extension under certain circumstances. Prior law further authorized an owner or landlord to adjust the rent payable under the lease during the time the person who is at risk of homelessness is occupying the dwelling unit, as compensation for the occupancy of that person, and required the terms regarding the rent payable in those circumstances to be agreed to in writing by the owner or landlord and the tenant. This bill, until January 1, 2031, would reinstate the above-described provisions, and would include certain new provisions regarding occupancy. The bill would additionally define “person at risk of homelessness” to include any person who is displaced from their residence as a result of a disaster in a disaster-stricken area in which a state of emergency has been proclaimed by the Governor. The bill, among other things, would permit a tenant, with written approval of the owner or landlord, to temporarily permit the occupancy of their dwelling unit by a person who is at risk of homelessness and one or more common household pets owned or otherwise maintained by the person. Ordered to third reading.	08/20/2025 - Senate THIRD READING	Current law regulates the terms and conditions of residential tenancies, including generally limiting the amount of security that a landlord may demand or receive to an amount or value equivalent to one month's rent, as provided, and allowing a landlord to claim of the security only those amounts as are reasonably necessary for specified purposes. Current law defines a security for these purposes as any payment, fee, deposit, or charge, including any payment, fee, deposit, or charge, except as specified, that is imposed at a tenancy's beginning to reimburse a landlord for costs associated with processing a new tenant or that is imposed as an advance payment of rent, used for any purpose. Current law requires a landlord to provide a tenant a copy of an itemized statement, as specified, and return the security's remaining portion to the tenant by personal delivery or by first-class mail, postage prepaid, no later than 21 calendar days after the tenant has vacated the premises, as specified. Current law authorizes a landlord and tenant to mutually agree to have the landlord deposit electronically the security's remaining portion to a bank account or other financial institution designated by the tenant or provide a copy of the itemized statement to an email account provided by the tenant. This bill would revise these provisions to generally require the landlord to return the security by personal delivery or by check made payable to the tenant. If the landlord received the security or rental payments from the tenant electronically, the bill would instead require the landlord to return the remainder of the security electronically, as specified, unless the landlord and tenant designated another method of return, by written agreement. If the landlord received the security or rental payments from the tenant electronically, the bill would require the landlord to notify the tenant in writing of the tenant's right to receive the security electronically pursuant to these provisions, as specified. Current law establishes the State Department of Health Care Services and, among other things, requires the department to implement certain mental health services through contracts with a county or counties acting jointly. Current law requires the Governor to create a California Interagency Council on Homelessness to serve as a statewide facilitator, coordinator, and policy development resource on ending homelessness in California, among other things. Current law requires the council to create a statewide data system with a goal of matching data on homelessness to programs impacting homeless recipients of state programs. This bill would require the Controller, by January 1, 2027, in collaboration with the department and the council to develop, publish, and maintain an online search portal that contains specified information relating to state funding for programs as described above. The bill would require the portal to include funding amounts provided in the current fiscal year and the previous 10 fiscal years, as well as specified information about the state program that received the funds and the department or agency that administers the program. SUSPENSE FILE	Current law establishes the Geologic Energy Management Division in the Department of Conservation, under the direction of the State Oil and Gas Supervisor, who is required to supervise the drilling, operation, maintenance, and abandonment of wells so as to permit the owners or operators of those wells to utilize all methods and practices known to the industry for the purpose of increasing the ultimate recovery of geothermal resources, as provided. Current law requires the division to be the lead agency for all geothermal exploratory projects for purposes of the California Environmental Quality Act (CEQA), as specified, and authorizes the division to delegate its lead agency responsibility for geothermal exploratory projects to a county that has adopted a geothermal element for its general plan. Current also requires the county in which a geothermal project is located to assume the responsibilities of a lead agency for a geothermal exploratory project upon the request of an applicant, as specified. Current law defines “geothermal exploratory project” in part as a project composed of not more than 6 wells and associated drilling and testing equipment whose chief and original purpose is to evaluate the presence and characteristics of geothermal resources. Current law requires wells included within a geothermal exploratory project to be located at least one-half mile from geothermal development wells that are capable of producing geothermal resources in commercial quantities. This bill would expressly include as part of a geothermal exploratory project, among other things, equipment and activities necessary to establish interconnectivity between wells and reservoirs. The bill would exclude certain wells connecting to geothermal reservoirs from the one-half mile limit described above. The bill would, until January 1, 2031, exempt from CEQA geothermal exploratory projects that meet specified conditions and for which the county is the lead agency. Before the lead agency determines that a geothermal exploratory project is exempt from CEQA, the bill would require a project developer to supply the lead agency with a survey that includes specified information. The bill would authorize the lead agency to require the project applicant to file an indemnity bond, as specified, before the lead agency determines that a geothermal exploratory project is exempt from CEQA. Current law defines a “transitional housing placement provider” to mean an organization licensed by the department to provide transitional housing to foster children who are at least 16 years of age. A violation of the act is a misdemeanor. Current law defines “Transitional Housing Program-Plus” to mean a provider certified by the applicable county to provide transitional housing services to former foster youth who have exited the foster care system on or after their 18th birthday. Current law exempts Transitional Housing Program-Plus providers from licensure under the California Community Care Facilities Act if they are certified and have obtained a local fire clearance. Chapter 56 of the Statutes of 2022 (AB 195) amended AUMA to, among other things, discontinue the imposition of the cultivation tax on July 1, 2022. AB 195, beginning in the 2025–26 fiscal year and every 2 years thereafter, requires the California Department of Tax and Fee Administration to adjust the cannabis excise tax rate by a percentage that will generate an amount of revenue that would have been collected pursuant to the cultivation tax imposed prior to its discontinuation, as specified, not to exceed 19% of the gross receipts of retail sale. Pursuant to that law, the department increased the cannabis excise tax rate to 19% for the 2025–26 fiscal year. SUSPENSE FILE	The Planning and Zoning Law requires a city or county to adopt a general plan for land use development that includes, among other things, a housing element. Current law, commonly referred to as the Housing Element Law, prescribes requirements for a city's or county's preparation of, and compliance with, its housing element, and requires the Department of Housing and Community Development to review and determine whether the housing element substantially complies with the Housing Element Law, as specified. Current law requires the housing element to include an analysis of potential and actual governmental constraints upon the maintenance, improvement, or development of housing for all income levels, including, among others, locally adopted ordinances that directly impact the cost and supply of residential development. Current law also requires the analysis to demonstrate local efforts to remove governmental constraints that hinder the locality from meeting its share of the regional housing need. This bill would require the housing element to include, in addition to the above-described analysis, a potential and actual governmental constraints disclosure statement that contains, among other things, an identification of each new or amended potential or actual governmental constraint, or revision increasing the stringency of a governmental constraint, that was adopted after the due date of the previous housing element and before submittal of the current draft housing element to the department. By imposing new requirements upon local governments submitting a housing element, the bill would impose a state-mandated local program. (Based on 07/17/2025 text)	Monitor

Current law defines “sexually explicit material” for purposes of that provision to mean any portion of an audiovisual work that shows the depicted individual performing in the nude or appearing to engage in, or being subjected to, sexual conduct and defines “depicted individual” to mean an individual who appears, as a result of digitization, to be giving a performance the individual did not actually perform or to be performing in an altered depiction. Current law authorizes a plaintiff to recover, among other relief, statutory damages of not less than \$1,500 but not more than \$30,000, or \$150,000 for a malicious violation, as prescribed. This bill would revise and recast the provision described above to additionally grant to a depicted individual a cause of action against a person who knows, or reasonably should know, that the depicted individual was a minor when the digitized sexually explicit material was created and would additionally grant a cause of action to that depicted individual against a person who knowingly facilitates or recklessly aids or abets conduct prohibited by that provision. Current law imposes minimum statutory damages for construction-related accessibility claims if the violation of a construction-related accessibility standard denied the plaintiff full and equal access to the place of public accommodation on a particular occasion, as specified. Current law provides that a plaintiff demonstrates that the plaintiff was deterred from accessing a place of public accommodation on a particular occasion only if both (1) the plaintiff had actual knowledge of a violation, as specified, and (2) the violation would have actually denied the plaintiff full and equal access, as specified. Current law authorizes the assessment of statutory damages under these provisions based on each particular occasion that the plaintiff was denied full and equal access, as specified, not upon the number of violations of construction-related accessibility standards. Current law prohibits a defendant from being liable for minimum statutory damages in a construction-related accessibility claim, with respect to a violation noted in a report by a certified access specialist (CASP), for a period of 120 days following the date of the inspection if the defendant demonstrates compliance with each of specified requirements. Current law includes in these specified requirements that the inspection predates the filing of the claim by, or receipt of a demand letter from, the plaintiff, as specified, and that the defendant was not on notice of the alleged violation before the CASp inspection. This bill would establish, until January 1, 2034, the Small Business Right to Cure Program and would prohibit a defendant who qualifies for the program from being liable for minimum statutory damages for any construction-related accessibility claim for a period of 6 years following a CASp report, as provided. Hearing canceled at the request of author.	06/11/2025 - Senate N.R. & W.	The former Governor, Edmund G. Brown, Jr., issued Executive Order No. B-52-18 that, among other things, established a Forest Management Task Force, now known as the Wildfire and Forest Resilience Task Force, involving specified state agencies to create the action plan for wildfire and forest resilience. The executive order also established a Joint Institute for Wood Products Innovation, to be located within the state board. Under current law, the Public Utilities Commission (PUC) has regulatory authority over public utilities, including electrical corporations. The California Renewables Portfolio Standard Program requires every electrical corporation to file with the PUC a standard tariff for electricity generated by an electric generation facility, as defined, that qualifies for the tariff, is owned and operated by a retail customer of the electrical corporation, and is located within the service territory of, and developed to sell electricity to, the electrical corporation. The PUC refers to this requirement as the renewable feed-in tariff. The renewable feed-in tariff law, in part, requires the PUC to direct the electrical corporations, collectively, to procure at least 250 megawatts of cumulative rated generating capacity from developers of bioenergy projects that commence operation on or after June 1, 2013. Pursuant to this requirement, the PUC has established and revised the Bioenergy Market Adjusting Tariff (BioMAT) program. On March 18, 2016, the PUC issued Resolution E-4770 to order investor-owned utilities to each hold a solicitation for contract with facilities that can use biofuel from high hazard zones to address an Emergency Proclamation using the Bioenergy Renewable Auction Mechanism (BioRAM) program. This bill would establish the fire fuel reduction program to support sufficient procurement, transport, and beneficial use of forest biomass waste to reduce fuel for wildfires by up to 15,000,000 bone-dry tons of forest biomass waste per year. Current law, except as provided, requires revenues received by an electrical corporation as a result of the direct allocation of greenhouse gas allowances to electrical distribution utilities to be credited directly to residential, small business, and emissions-intensive trade-exposed retail customers of the electrical corporation, commonly known as the electric California Climate Credit. The Public Utilities Commission has regulatory jurisdiction over public utilities, including electrical corporations and gas corporations. Under its regulatory authority, the commission requires, except as provided, revenues received by a gas corporation as a result of the direct allowance of greenhouse gas allowances to natural gas suppliers to be credited directly to residential customers of the gas corporation, commonly known as the natural gas California Climate Credit. This bill would require that the electric California Climate Credit be provided to the residential and small business retail customers of electrical corporations on the bills of those customers for the months of August and September of each year, and to the emissions-intensive trade-exposed retail customers of electrical corporations on the bills of those customers for the month of August of each year, unless otherwise directed by the commission, as specified. Ordered to second reading.	08/27/2025 - Senate SEC OND READING	Current law, beginning January 1, 2026, prescribes various statewide warehouse design and build standards for any proposed new or expanded logistics use developments, as specified, including, among other things, standards for building design and location, parking, truck loading bays, landscaping buffers, entry gates, and signage. Current law defines various terms, including “21st century warehouse,” and “tier 1 21st century warehouse,” for purposes of those provisions as logistics uses that, among other things, comply with specified building and energy efficiency standards, including requirements related to the availability of conduits and electrical hookups to power climate control equipment at loading bays, as specified. Current law, subject to specified exceptions, defines “logistics use” for these purposes to mean a building in which cargo, goods, or products are moved or stored for later distribution to business or retail customers, or both, that does not predominantly serve retail customers for onsite purchases, and heavy-duty trucks are primarily involved in the movement of the cargo, goods, or products. This bill would clarify that a 21st century warehouse and a tier 1 21st century warehouse are required to comply with those standards as are in effect at the time that the building permit for a development of a 21st century warehouse is issued and make other clarifying changes relating to permissibility of use of conduits and electrical hookups at loading bays at those locations. Current law describes state responsibility areas as areas of the state in which the financial responsibility of preventing and suppressing fires has been determined by the State Board of Forestry and Fire Protection to be primarily the responsibility of the department. Current law requires the State Fire Marshal to classify lands within state responsibility areas into fire hazard severity zones and, by regulation, designate fire hazard severity zones and assign to each zone a rating reflecting the degree of severity of fire hazard that is expected to prevail in the zone, as provided. Current law also requires the State Fire Marshal to identify areas of the state that are local responsibility areas where a local government or district is responsible for fire protection as moderate, high, and very high fire hazard severity zones based on specified criteria. Current law requires a local agency to designate, by ordinance, fire hazard severity zones in its jurisdiction within 120 days of receiving recommendations from the State Fire Marshal, as described above. This bill would, on or before January 1, 2028, and every 2 years thereafter, require the department or a local entity to conduct an assessment, as provided, of all undeveloped public lands for which it is primarily responsible for preventing and suppressing fires to ensure that the public land is not a severe fire hazard. Current law, subject to implementation of the California Advancing and Innovating Medi-Cal (CalAIM) initiative, authorizes a Medi-Cal managed care plan to elect to cover community supports approved by the department as cost effective and medically appropriate in a comprehensive risk contract that are in lieu of applicable Medi-Cal state plan services. Under current law, community supports that the department is authorized to approve include, among other things, housing transition navigation services, housing deposits, and housing tenancy sustaining services. Current law, subject to an appropriation, requires the department to complete an independent analysis to determine whether network adequacy exists to obtain federal approval for a covered Medi-Cal benefit that provides housing support services. Current law requires that the analysis take into consideration specified information, including the number of providers in relation to each region's or county's number of people experiencing homelessness. Current law requires the department to report the outcomes of the analysis to the Legislature by January 1, 2024. This bill would delete the requirement for the department to complete that analysis, and instead would make housing support services for specified populations a covered Medi-Cal benefit when the Legislature has made an appropriation for purposes of the housing support services. The bill would require the department to seek federal approval for the housing support services benefit, as specified. (Based on 02/18/2025 text)	Monitor

SUSPENSE FILE	The Department of Housing and Community Development is required to administer various programs intended to promote the development of housing, as specified, pursuant to which the department provides financial assistance in the form of deferred payment loans to pay for the eligible costs of development of specified types of housing projects. Current law sets forth various general powers of the department in implementing these programs, including authorizing the department to enter into long-term contracts or agreements of up to 30 years for the purpose of servicing loans or grants or enforcing regulatory agreements or other security documents. This bill would authorize the department to take prescribed action, including authorizing the transfer of excess reserves or excess operating income, as defined, from one rental housing development to another rental housing development with the same owner, as specified, and waiving payment of residual receipts or minimum annual loan payments, as provided. AB 914	<u>Garcia, D</u>	Air pollution: indirect sources.	05/23/2025 - Amended HTML PDF	06/05/2025 - Failed Deadline pursuant to Rule 61(a)(8). (Last location was INACTIVE FILE on 6/2/2025)(May be acted upon Jan 2026)	06/05/2025 - Assembly 2 YEAR	Existing law generally designates the State Air Resources Board as the state agency with the primary responsibility for the control of vehicular air pollution, and air pollution control districts and air quality management districts with the primary responsibility for the control of air pollution from all sources other than vehicular sources. Existing law authorizes air districts to adopt and implement regulations to reduce or mitigate emissions from indirect sources of air pollution. Existing law authorizes an air district to adopt a schedule of fees to be assessed on indirect sources of emissions to recover the costs of district programs related to these sources. This bill would require the state board, if necessary to carry out that duty to achieve those ambient air quality standards, to adopt and enforce rules and regulations applicable to indirect sources of emissions. The bill would require the state board to establish a schedule of fees on facilities and mobile sources to cover the reasonable costs of implementing and enforcing the regulations and would require the fees to be deposited in the Air Pollution Control Fund and made available to the state board upon appropriation by the Legislature. The bill would require each air district, no later than 120 days after the adoption by the state board of indirect source regulations, to determine if the district or the state board will implement and enforce those regulations within its jurisdiction, as specified. The bill would require the state board to annually prepare a presentation on the impacts and effects of any indirect source regulations that it adopts and to post that presentation on its internet website. This bill contains other related provisions and other existing laws. (Based on 05/23/2025 text)	Monitor

SUSPENSE FILE on 4/30/2025)(May be acted upon Jan 2026)	05/23/2025 - Assembly 2 YEAR	The Mobilehome Parks Act generally regulates various classifications of mobilehome and related vehicle parks, and imposes enforcement duties on the Department of Housing and Community Development (department) and local enforcement agencies. Current law makes it unlawful to operate a park without a valid permit issued by the enforcement agency. In this connection, current law requires payment of an annual fee of \$4 per lot at the time of payment of the annual operating permit fee that is used exclusively by the department or local enforcement agency for the inspection of mobilehome parks and mobilehomes to determine compliance with the act. This bill would increase the per-lot fee to \$10 until January 1, 2030. (Based on 02/19/2025 text)	Monitor

SUSPENSE FILE on 4/30/2025)(May be acted upon Jan 2026)	05/23/2025 - Assembly 2 YEAR	Current law establishes a statewide electronic benefits transfer (EBT) system, administered by the State Department of Social Services, for the purpose of providing financial and food assistance benefits, including CalFresh benefits. Current law establishes the California Fruit and Vegetable EBT Pilot Project, and requires the department, in consultation with the Department of Food and Agriculture and specified stakeholders, to include within the EBT system a supplemental benefits mechanism that allows an authorized retailer to deliver and redeem supplemental benefits. Current law repeals the pilot project on January 1, 2027. This bill would rename the pilot project as the CalFresh Fruit and Vegetable Supplemental Benefits Program, and would delete the repeal of these provisions, thereby making the program operative indefinitely. The bill would also specify how the department is required to allocate the funding provided for the program, and would require the department to quarterly publish certain data on program utilization on its internet website. SUSPENSE FILE	Current law vests the Public Utilities Commission (PUC) with regulatory authority over public utilities, including electrical corporations. Current law requires the PUC to continue a program of assistance to low-income electric and gas customers with annual household incomes that are no greater than 200% of the federal poverty guidelines, as specified, which is referred to as the California Alternate Rates for Energy (CARE) program. Current law also requires the PUC to continue a program of assistance to residential customers of the state's 3 largest electrical corporations consisting of households of 3 or more persons with total household annual gross income levels between 200% and 250% of the federal poverty guideline level, which is referred to as the Family Electric Rate Assistance (FERA) program. Current law, except as provided, requires revenues received by an electrical corporation as a result of the direct allocation of greenhouse gas allowances to be credited directly to residential, small business, and emissions-intensive trade-exposed retail customers of the electrical corporation, commonly known as the California Climate Credit. This bill would exclude residential customers from receiving the California Climate Credit if they are not enrolled in the CARE or FERA program and their total electricity bills for the previous year were less than \$300. AB 965	<u>Dixon, R</u>	Vehicles: electric bicycles.	07/28/2025 - Chaptered HTML PDF	07/28/2025 - Chaptered by Secretary of State - Chapter 65, Statutes of 2025	07/28/2025 - Assembly CHAPTERED	Current law defines an electric bicycle and classifies electric bicycles into 3 classes with different restrictions. Under existing law, a "class 1 electric bicycle" is a bicycle equipped with a motor that, among other things, provides assistance only when the rider is pedaling and ceases to provide assistance when the bicycle reaches the speed of 20 miles per hour. Under current law, a "class 2 electric bicycle" is a bicycle equipped with a motor that may be used exclusively to propel the bicycle and is not capable of providing assistance when the bicycle reaches the speed of 20 miles per hour. Under current law, a "class 3 electric bicycle" is a bicycle equipped with a speedometer and a motor that, in pertinent part, provides assistance only when the rider is pedaling, and that ceases to provide assistance when the bicycle reaches the speed of 28 miles per hour. Current law prohibits a person under 16 years of age from operating a class 3 electric bicycle. A violation of this provision is punishable as an infraction. This bill would prohibit a person from selling a class 3 electric bicycle to a person under 16 years of age and would make a violation of that prohibition an infraction punishable by a fine not to exceed \$250. Ordered to third reading.	08/25/2025 - Senate THIRD READING	Current law prohibits a person, a state or local governmental agency, or a public utility from substantially diverting or obstructing the natural flow of, or substantially changing or using any material from the bed, channel, or bank of, any river, stream, or lake, or depositing or disposing of debris, waste, or other material containing crumbled, flaked, or ground pavement where it may pass into any river, stream, or lake, unless prescribed requirements are met, including written notification to the Department of Fish and Wildlife regarding the activity. Current law requires the department to determine whether the activity may substantially adversely affect an existing fish and wildlife resource and, if so, to provide a draft lake or streambed alteration agreement to the person, agency, or utility. Current law prescribes various requirements for lake and streambed alteration agreements. Existing law also establishes various exemptions from these provisions. This bill would, until January 1, 2027, exempt from these provisions projects to repair or reconstruct a bridge 30 feet long or less or a culvert 70 feet long or less within the County of Sutter that has been damaged or destroyed as a result of fire, flood, storm, earthquake, land subsidence, gradual earth movement, or landslide, in, or after, 2022, as specified. Ordered to third reading.	07/08/2025 - Senate THIRD READING	The California Integrated Waste Management Act of 1989 requires the Director of Transportation, upon consultation with the Department of Resources Recycling and Recovery, to review and modify all bid specifications relating to the purchase of paving materials and base, subbase, and pervious backfill materials using certain recycled materials. Current law requires the specifications to be based on standards developed by the Department of Transportation for recycled paving materials and for recycled base, subbase, and pervious backfill materials. Current law requires a local agency that has jurisdiction over a street or highway, to the extent feasible and cost effective, to apply standard specifications that allow for the use of recycled materials in streets and highways, except as provided. Current law requires, until January 1, 2027, those standard specifications to allow recycled materials at or above the level allowed in the department's standard specifications that went into effect on October 22, 2018, for specified materials. This bill would indefinitely require a local agency's standard specifications to allow recycled materials at a level no less than the level allowed in the department's specifications for those specified materials. If a local agency's standard specifications do not allow for the use of recycled materials at a level that is equal to or greater than the level allowed in the department's standard specifications on the basis that the use of those recycled materials at those levels is not feasible, the bill would authorize a person bidding on a contract to supply materials subject to those specifications to request the local agency to provide the reason for that determination upon request and would require the local agency to respond to that request, as specified. SUSPENSE FILE on 5/7/2025)(May be acted upon Jan 2026)	05/23/2025 - Assembly 2 YEAR	Current law requires, until January 1, 2026, a person who has been convicted on or after January 1, 2019, of driving a motor vehicle under the influence of an alcoholic beverage, as specified, to install for a period of time, as ordered by the court, an ignition interlock device (IID) on the vehicle they operate. Installation of an IID is discretionary for a first offender, as specified. Current law also requires persons convicted of driving under the influence of a drug to install an IID. Current law specifies periods for which a person convicted of one or more prior driving-under-the-influence violations is required to install an IID, as specified. A violation of the Vehicle Code is a crime punishable as an infraction, unless otherwise specified. This bill would require the Department of Motor Vehicles to establish, until January 1, 2033, a pilot program in the Counties of Los Angeles, San Diego, Fresno, Sacramento, and Kern that would impose a similar requirement for persons convicted of specified driving offenses relating to excessive speed, reckless driving, and exhibitions of speed to install for a period of time, as ordered by the court, a certified active intelligent speed assist device (ISA) on any vehicle the person operates. The bill would similarly make the installation of an ISA discretionary for a first offender, as specified. The bill would establish periods for which a person convicted of one or more prior specified driving offenses is required to install an ISA, as specified. The bill would require the Department of Motor Vehicles to create a verification installation form to be submitted by persons subject to these provisions. The bill would impose a fee schedule to be adopted by certified ISA manufacturers and their agents for the ISA and other related costs. (Based on 04/28/2025 text)	Monitor

GOV. on 3/17/2025)(May be acted upon Jan 2026)	05/01/2025 - Assembly 2 YEAR	Current law provides for the formation of various transit districts and specifies the duties and powers of their governing boards. Current law authorizes a transit district to compensate a member of the governing board for attending a board meeting and for engaging in other district business, as provided. This bill would prohibit a transit district from compensating a member of the governing board unless the member demonstrates personal use of the transit system, as specified. The bill would require the governing board of a transit district to include 2 nonvoting members and 4 alternate nonvoting members, as specified. The bill would require nonvoting members and alternate nonvoting members to have certain rights and protections, including the right to attend and participate in all public meetings of the governing board, except as specified. The bill would require the chair of the governing board of a transit district to exclude these nonvoting members from meetings discussing, among other things, negotiations with labor organizations. Ordered to third reading.	08/20/2025 - Senate THIRD READING	Current law requires the Office of Emergency Services to be responsible for the state's emergency and disaster response services for natural, technological, or manmade disasters and emergencies, including responsibility for activities necessary to prevent, respond to, recover from, and mitigate the effects of emergencies and disasters to people and property. The FIREScope Act of 1989 requires the office to establish and administer the FIREScope program to maintain and enhance the efficiency and effectiveness of managing multiagency firefighting resources in responding to an incident. Current law requires the office, in collaboration with the Department of Forestry and Fire Protection and the board of directors of the FIREScope program, to develop standards and regulations for any privately contracted private fire prevention resources operating during an active fire incident in the state, as provided, and to develop regulations to govern the use of equipment used by privately contracted private fire prevention resources during an active fire incident, as provided. This bill would additionally require the office to develop regulations prohibiting privately contracted private fire prevention resources from hooking up their equipment to public water sources, unless approved by incident command or the authority having jurisdiction over the active fire incident and unless the equipment includes a backflow prevention device. SUSPENSE FILE	Existing law establishes procedures for an adult petitioner to obtain a court order for a change of name to conform to the petitioner's gender identity. Existing law requires the court to make an order to show cause with regard to the petition and a process for persons interested to make known any objection to the change of name by filing a written objection within 6 weeks of the making of the order. Existing law requires, in the case of a conforming name change petition for a minor that does not include the signatures of both living parents, the petition and the order to show cause to be served as prescribed on the nonsigning parent within 30 days of the order. This bill would eliminate the mechanism to file an objection to an adult petitioner's change of name to conform to the petitioner's name to the petitioner's gender identity. The bill would require the court to enter an order granting the petition without a hearing within 6 weeks of the petition's filing, as specified. Current law prohibits a person from installing or affixing on a vehicle a casing, shield, frame, border, product, or other device that obstructs or impairs the reading or recognition of a license plate by an electronic device operated by state or local law enforcement, an electronic device operated in connection with a toll road, high-occupancy toll lane, toll bridge, or other toll facility, or a remote emission sensing device, as specified. Current law also prohibits the sale of a product or device that obscures, or is intended to obscure, the reading or recognition of a license plate by visual means, or by an electronic device in violation of the above-described provisions. A conviction for a violation of this provision is punishable by a fine of two hundred fifty dollars \$250 per item sold or per violation. This bill would further prohibit a person from installing or affixing a shade or tint that obstructs the reading or recognition of a license plate by an electronic device operated by state or local law enforcement, an electronic device operated in connection with a toll road, high-occupancy toll lane, toll bridge, or other toll facility, or a remote emission sensing device, as specified. Ordered to third reading.	08/25/2025 - Senate THIRD READING	Current law requires each electrical utility or other entity that offers electrical service, except as specified, to develop a standard contract or tariff that provides for net energy metering (NEM), that, among other things, compensates each eligible customer-generator, as defined, for the electricity it generated, as provided. Current law requires each electrical utility to make the contract or tariff, commonly known as NEM 1.0, available to eligible customer-generators, upon request, as specified. Current law requires the Public Utilities Commission to develop an additional standard contract or tariff, and requires each large electrical corporation to offer that standard contract or tariff, commonly known as NEM 2.0, to its eligible customer-generators, as provided. Existing law authorizes the commission to revise the standard contract or tariff, as specified. Pursuant to its authority, the commission adopted Decision 22-12-056 (December 19, 2022), commonly known as the net billing tariff, which creates a successor tariff to NEM 1.0 and NEM 2.0 and includes specified elements. The Planning and Zoning Law requires each county and city to adopt a comprehensive, long-term general plan for its physical development, and the development of certain lands outside its boundaries, that includes, among other mandatory elements, a housing element. That law, until January 1, 2033, deems a housing development project an allowable use on any real property owned by a local educational agency if the housing development satisfies specified conditions, including, among others, consisting of at least 10 housing units, 100% of the units being rented by local educational agency employees, local public employees, and general members of the public pursuant to a specified priority, and a majority of the units being deed restricted for lower income or moderate-income households, as specified. The Housing Accountability Act, among other things, prohibits a local agency from disapproving a housing development project for very low, low-, or moderate-income households unless the local agency makes written findings as to one of certain sets of conditions, as specified, and describes various procedural requirements applicable to housing development projects. This bill would revise and recast the provisions deeming a housing development project an allowable use on any real property owned by a local educational agency. The bill would require the housing development to satisfy specified conditions, and would apply the specified procedural requirements of the Housing Accountability Act to review of housing development projects subject to these provisions. SUSPENSE FILE	Current law vests the Public Utilities Commission with regulatory authority over public utilities, including electrical corporations. Current law authorizes the commission to fix the rates and charges for every public utility and requires that those rates and charges be just and reasonable. Current law requires each electrical corporation to identify a separate rate component to fund certain programs that enhance system reliability and provide in-state benefits and requires that the rate component be a nonbypassable element of the local distribution service. This bill would require the commission, through a new or existing proceeding, to develop optional dynamic rate tariffs applicable to each large electrical corporation for the large electrical corporation's customers. The bill would require at least one optional dynamic rate tariff for each segment of medium and large commercial and industrial customers on or before July 1, 2028, and at least one optional dynamic rate tariff for each segment of residential and small commercial customers on or before July 1, 2030. The bill would require each optional dynamic rate tariff to include, at minimum, a time-varying distribution rate that reflects dynamic grid constraints, a time-varying generation rate that reflects wholesale market conditions, and nonbypassable charges, as specified. The bill would require the commission to ensure, among other things, any overcollection of transmission-, distribution-, and generation-related revenue requirements from participating bundled customers is returned to the participating bundled customers and any undercollection of those revenue requirements is borne by those same customers. The bill would additionally require that any overcollection of transmission- or distribution-related revenue requirements from unbundled customers be returned to the same unbundled customers, and any undercollection of those revenue requirements be borne by those same customers. The bill would require that any customer of an electrical corporation with an installed smart meter who chooses to take service under an optional dynamic rate tariff be provided access to their own interval usage data directly from the smart meter as that data is generated, as provided. The bill would also require the commission to determine whether each large electrical corporation would be required to allow medium and large commercial and industrial customers taking service under an optional dynamic rate tariff to also participate in supply-side resource demand response programs, as provided. SUSPENSE FILE	Current law prohibits any person from selling, leasing, or transferring any firearm unless the person is licensed as a firearms dealer, as specified. Current law prescribes certain requirements and prohibitions for licensed firearms dealers. A violation of any of these requirements or prohibitions is grounds for forfeiture of a firearms dealer's license. For purposes of these provisions, current law defines "machinegun" to mean, among other definitions, any weapon that shoots or is designed to shoot automatically more than one shot, without manual reloading, by a single function of the trigger. This bill would prohibit a licensed firearms dealer to sell, offer for sale, exchange, give, transfer, or deliver any semiautomatic machinegun-convertible pistol, except as specified. For these purposes, the bill would define "machinegun-convertible pistol" as any semiautomatic pistol with a cruciform trigger bar that can be readily converted by hand or with common household tools into a machinegun by the installation or attachment of a pistol converter, as specified, and "pistol converter" as any device or instrument that, when installed in or attached to the rear of the slide of a semiautomatic pistol, replaces the backplate and interferes with the trigger mechanism and thereby enables the pistol to shoot automatically more than one shot by a single function of the trigger. Hearing canceled at the request of author.	04/22/2025 - Assembly J UD.	The California Climate Crisis Act declares that it is the policy of the state both to achieve net-zero greenhouse gas emissions as soon as possible, but no later than 2045, and achieve and maintain net-negative greenhouse gas emissions thereafter, and to ensure that by 2045, statewide anthropogenic greenhouse gas emissions are reduced to at least 85% below the 1990 levels. This bill would enact the Polluters Pay Climate Superfund Act of 2025 and would establish the Polluters Pay Climate Superfund Program to be administered by the California Environmental Protection Agency to require fossil fuel polluters to pay their fair share of the damage caused by greenhouse gases released into the atmosphere during the covered period, which the bill would define as the time period between the 1990 and 2024 calendar years, inclusive, resulting from the extraction, production, refining, sale, or combustion of fossil fuels or petroleum products, to relieve a portion of the burden to address cost borne by current and future California taxpayers. The bill would require the agency, within 90 days of the effective date of the act, to determine and publish a list of responsible parties, which the bill would define as an entity with a majority ownership interest in a business engaged in extracting or refining fossil fuels that, during the covered period, did business in the state or otherwise had sufficient contact with the state, and is determined by the agency to be responsible for more than 1,000,000,000 metric tons of covered fossil fuel emissions, as defined, in aggregate globally, during the covered period. Current law requires, among other things, that the network company provide a health care subsidy to qualifying app-based drivers, provide a minimum level of compensation for app-based drivers, and not restrict app-based drivers from working in any other lawful occupation or business. Current case law holds that specified provisions of the initiative are invalid on separation of powers grounds; however, the court severed the unconstitutional provisions, allowing the rest of the initiative to remain in effect. Current law also establishes the Public Employment Relations Board in state government as a means of resolving disputes and enforcing the statutory duties and rights of specified public employers and employees under various acts regulating collective bargaining. Current law vests the board with jurisdiction to enforce certain provisions over charges of unfair practices for represented employees. This bill, the Transportation Network Company Drivers Labor Relations Act (act), would establish that transportation network company (TNC) drivers have the right to form, join, and participate in the activities of TNC driver organizations of their own choosing to engage in other concerted activities for the purpose of collective bargaining or other mutual aid or protection. (Last location was JUD. on 3/24/2025)(May be acted upon Jan 2026)	05/01/2025 - Assembly 2 YEAR	Current law prescribes various restrictions on the sale or lease of lots in a subdivision. Current law defines a subdivision as improved or unimproved land or lands, wherever situated within California, divided or proposed to be divided for the purpose of sale or lease or financing, whether immediate or future, into 5 or more lots or parcels, as specified. Current law requires a person who intends to offer subdivided lands for sale or lease to file with the Department of Real Estate an application for a public report, as specified. In certain instances, existing law permits lots to be sold or leased only if the money paid or advanced by a purchaser or lessee is placed into an escrow depository or a bond is furnished for the purpose of protecting purchasers or lessees. This bill would authorize a purchaser's deposit that is held in escrow pursuant to a binding sales contract for a lot or parcel within a subdivision that is not yet constructed or developed to be disbursed before closing to pay for project expenses, as specified. The bill would authorize the disbursement of a purchaser's deposit before closing if specified conditions are met, including that the developer has submitted to the Department of Real Estate a project budget showing all costs required to be paid in order to complete the project. Ordered to third reading.	08/26/2025 - Senate THIRD READING	Current law prohibits requiring a person desiring to use an electric vehicle charging station, as defined, that requires payment of a fee from paying a subscription fee in order to use the station, or requiring the person to obtain membership in any club, association, or organization as a condition of using the station. Current law authorizes an electric vehicle charging station to offer services on a subscription- or membership-only basis if the station allows nonsubscribers or nonmembers to use the station through a contactless payment method that accepts major credit and debit cards, as specified, and either an automated toll-free telephone number or a short message system (SMS) that provides the customer with the option to initiate a charging session and submit payment. Current law authorizes the State Energy Resources Conservation and Development Commission, by regulation that is effective no earlier than January 1, 2028, to add to or subtract from those required payment methods, as specified. This bill would instead authorize the commission to modify, add to, or subtract from those required payment methods, as appropriate in light of changing technologies or cost impacts. Current law requires the City and County of San Francisco to establish a board for the district at the same time that it adopts the resolution of intention to form the district, and requires the district to prepare a downtown revitalization financing plan (financing plan) that includes specified information and requirements, including that the first distribution of incremental tax revenues distributed back to a commercial-to-residential conversion project commence with the fiscal year that begins after the project is issued a certificate of occupancy. Current law, among other things, requires a district to establish a process for eligible commercial-to-residential conversion projects identified in the financing plan to opt into receiving incremental tax revenue generated by the respective project. Current law specifies that the commercial-to-residential conversion projects that opt in to receive incremental tax revenue are public works for which prevailing wages are required to be paid, as specified, and requires the commercial-to-residential conversion projects that opt in to receiving incremental tax revenue to comply with labor standards adopted by the Board of Supervisors of the City and County of San Francisco, as provided. This bill would additionally authorize any city, county, or city and county, except the City and County of San Francisco, to establish a downtown revitalization and economic recovery financing district for the purpose of financing specified commercial-to-residential conversion projects with incremental tax revenues generated by commercial-to-residential conversion projects within the district. The bill would require the district to meet the requirements imposed on the City and County of San Francisco when establishing a downtown revitalization and economic recovery financing district described above. Current law requires each city, county, and city and county to revise its housing element according to a specified schedule, as provided. Current law, for the 4th and subsequent revisions of the housing element, requires the Department of Housing and Community Development to determine the existing and projected need for housing for each region, and requires the appropriate council of governments, or the department for cities and counties without a council of governments, to adopt a final regional housing need plan that allocates a share of the regional housing need to each city, county, or city and county, as provided. At least 2 years before a scheduled revision of the housing element, as specified, existing law requires each council of governments, or delegate subregion as applicable, to develop, in consultation with the department, a proposed methodology for distributing the existing and projected regional housing need to jurisdictions, as specified. Current law requires that the final allocation plan ensure that the total regional housing need, by income category, determined as specified, is maintained, and that each jurisdiction in the region receive an allocation of units for low- and very low income households. For the 7th and subsequent revisions of the housing element, current law also requires that the allocation to each region include an allocation of units for acutely low and extremely low income households. This bill, until January 1, 2032, would require the council of governments, or delegate subregion, as applicable, in developing the proposed allocation methodology that allocates each jurisdiction's share of the regional housing need for acutely low income housing, to count any newly constructed interim housing, as specified, as meeting the needs of acutely low income households. Current law authorizes the court to dismiss a case without prejudice when the court finds that a petitioner has not made a prima facie showing that they qualify for the CARE process. Current law requires the court to take prescribed actions if it finds that a prima facie showing has been made, including, but not limited to, setting the matter for an initial appearance on the petition. Current law requires the court, if it determines the parties have entered or are likely to enter into a CARE agreement, to either approve or modify the CARE agreement and continue the matter at a progress hearing in 60 days, or continue the matter for 14 days to allow the parties additional time to enter into an agreement. Current law prohibits a person from being tried or adjudged to punishment while that person is mentally incompetent. Current law requires the court to, for a person found mentally incompetent and not charged with certain offenses, among other things, determine whether restoring the person to mental competence is in the interests of justice. Current law requires the court to, if restoring the person to mental competence is not in the interests of justice, conduct a hearing, as specified, and determine the person's eligibility for diversion. SUSPENSE FILE	Current law authorizes a person to file a petition with the superior court seeking a judgment recognizing their change of gender to female, male, or nonbinary, including a person who is under 18 years of age. Current law authorizes a person to file a single petition to simultaneously change the petitioner's name and recognize the change to the petitioner's gender and sex identifier, as specified. Current law requires a petition for a change of gender and sex identifier or a single petition for change to the petitioner's name and to recognize the change of the petitioner's gender and sex identifier filed by a person under 18 years of age, and any papers associated with the proceeding, to be kept confidential by the court. Current law requires the court to limit access to these records to specified individuals, including, among others, the minor, the minor's parents, and their attorneys. This bill would expand that confidentiality to apply to all filed petitions, regardless of the age of the petitioner, and any papers associated with a proceeding for a change of gender and sex identifier, for a single petition for change to the petitioner's name and to recognize the change to the petitioner's gender and sex identifier, or for a change of name to conform the petitioner's name to the petitioner's gender identity, as specified. No later than December 31, 2026, this bill would require the Judicial Council and all superior courts to apply these confidentiality protections retroactively, as specified. The bill would require the Judicial Council to ensure that all courts have implemented a method to ensure the court maintains the confidentiality of these petitions and associated papers. The bill would authorize, if a person or entity discovers that a court record is not being kept confidential by the court, a person or entity to apply ex parte and without a fee to the court for an order to make those records confidential. Current law authorizes the Department of Motor Vehicles to waive the registration penalties accrued before the purchase of a vehicle upon payment for the fees for registration due, if the transferee or purchaser was not aware that the fees were unpaid. Current law also authorizes the department to waive the registration fees that became due before the purchase of the vehicle if the transferee or purchaser was not aware that the fees were unpaid and the license plate assigned to the vehicle displays a validating device issued by the department that contains the year number of the registration year for which the transferee or purchaser is requesting a waiver of fees. Current law further provides that these unpaid fees and penalties are the personal debt of the transferor of the vehicle and may be collected by the department in an appropriate civil action if the department has waived the fees and penalties. This bill would instead require the department to waive delinquent registration fees and penalties when a transferee or purchaser of a vehicle applies for a transfer of registration if the department determines that the fees became due or the penalties accrued before the purchase of the vehicle. SUSPENSE FILE	Current law requires a social media platform to take various steps to prevent cyberbullying of minors on the platform, including by requiring the platform to establish a prominent mechanism within its internet-based service that allows any individual, whether or not that individual has a profile on the internet-based service, to report cyberbullying or any content that violates the existing terms of service related to cyberbullying. Current law authorizes the State Department of Public Health to establish the Office of Suicide Prevention in the department, as prescribed. This bill would, among other things related to making a companion chatbot platform safer for users, require an operator of a companion chatbot platform to take reasonable steps to prevent a companion chatbot, as defined, on its companion chatbot platform from providing rewards to a user at unpredictable intervals or after an inconsistent number of actions or from encouraging increased engagement, usage, or response rates. The bill would also require an operator to prevent a companion chatbot on its companion chatbot platform from engaging with users unless the operator has implemented a protocol for addressing suicidal ideation, suicide, or self-harm expressed by a user to the companion chatbot, as specified, and publish details on that protocol on the operator's internet website. This bill would require an operator to annually report to the Office of Suicide Prevention certain things, including the number of times the operator has detected exhibitions of suicidal ideation by users, and would require the office to post data from that report on its internet website. SUSPENSE FILE	Current law requires any sale, loan, or transfer of a firearm to be processed through a licensed firearms dealer. Current law exempts from this requirement certain transfers such as those made by gift, bequest, intestate succession, or operation of law, among others. Current law requires a person who receives a firearm pursuant to these provisions to submit to the Department of Justice a report, as prescribed by the department, describing the firearm and providing personal information. Current law requires, for a firearm purchase when the register is used, 2 copies of the original sheet of the register containing certain information to be mailed to the department, and when the electronic or telephonic transfer of applicant information is used, the record of applicant information be transmitted to the department by electronic or telephonic transfer. Current law requires that fees charged by the department for the processing of these forms be deposited in the Dealers' Record of Sale Special Account, which is available, upon appropriation by the Legislature, to offset certain costs relating to the regulation of firearms, among other things. This bill would, beginning July 1, 2027, require the department to mail to each purchaser of a firearm, within 10 days of the application, or any person who notifies the department pursuant to the above-described reports of a firearm transaction, within 10 days of the notification, a letter that includes certain information relevant to firearm ownership, such as information on how to legally transfer or relinquish a firearm and resources regarding gun violence restraining orders, among others. The Department of Housing and Community Development is required to determine whether the housing element is in substantial compliance with those provisions. Current law requires the department to designate jurisdictions as prohousing pursuant to emergency regulations adopted by the department, as prescribed. Current law requires that jurisdictions that are prohousing and that are in substantial compliance with specified provisions be awarded additional points or preference in the scoring of applications for specified state programs. Current law defines “prohousing local policies” for these purposes and specifies a nonexhaustive list of examples of those policies, including local financial incentives for housing and adoption of zoning allowing for use by right for residential and mixed-use development. Existing law prohibits an air district from issuing a permit to a Title V source, as defined, if the Administrator of the United States Environmental Protection Agency objects to its issuance, as specified. Current law requires each district with moderate, serious, or severe air pollution to include certain measures in its plan to attain state ambient air quality standards, including the use of best available control technology for any new or modified stationary source, and the use of best available retrofit control technology for all existing stationary sources, under certain circumstances, as prescribed. Under the federal Clean Air Act, a new or modified major stationary source is required to meet various requirements in order to obtain a permit to operate, including a requirement that the source employs best available control technology on its emission-emitting equipment. This bill would establish definitions for the terms "best available control technology" and "best available retrofit control technology" for purposes of the laws governing air pollution and would set forth various requirements for the determination of best available control technology. The bill would require an air district to submit a proposed permit for a Title V source to the executive officer of the state board. The bill would require the executive officer to review the permit and, if the executive officer determines that the permit does not to comply with the federal Clean Air Act or state law governing air pollution, to object to the issuance of that permit. Placed on APPR. suspense file.	08/20/2025 - Assembly A PPR. SUSPENSE FILE	Current law establishes in the Department of Industrial Relations the Division of Labor Standards Enforcement under the direction of the Labor Commissioner and authorizes the Labor Commissioner to investigate employee complaints and recover civil penalties for violations of labor law, as prescribed. Current law requires an employer who pays wages to a resident employee for services performed either within or without this state, or to a nonresident employee for services performed in this state, to deduct and withhold from those wages a sum which is substantially equivalent to the amount of tax reasonably estimated to be due under the Personal Income Tax Law resulting from the inclusion in the gross income of the employee of the wages which were subject to withholding. Current law requires the Employment Development Department to have the powers and duties necessary to administer the reporting, collection, refunding to the employer, and enforcement of taxes required to be withheld by employers, as described above. This bill would require, within 60 days of a final judgment being entered against an employer requiring payment to an employee or to the state, as specified, the judgment debtor employer to provide documentation to the Labor Commissioner that the judgment is fully satisfied, a certain bond has been posted, or the judgment debtor entered into an agreement for the judgment to be paid in installments, as prescribed, and is in compliance with that agreement. The bill would make a judgment debtor employer who fails to comply with that provision liable for a civil penalty. (Based on 06/26/2025 text)	Support

Current law requires a local agency that imposes a fee on a housing development for the purpose of mitigating vehicular traffic impacts to set the rate for that fee, if the housing development satisfies all of certain prescribed characteristics, to reflect a lower rate of automobile trip generation associated with such housing developments in comparison with housing developments without the prescribed characteristics, unless the local agency adopts findings after a public hearing establishing that the housing development, even with those characteristics, would not generate fewer automobile trips than a housing development without those characteristics. Under the act, when a person, as a result of a mental health disorder, is a danger to themselves or others, or is gravely disabled, the person may, upon probable cause, be taken into custody by specified individuals, including, among others, a peace officer and a designated member of a mobile crisis team, and placed in a facility designated by the county and approved by the State Department of Health Care Services for up to 72 hours for evaluation and treatment. Current law defines "assessment" for those purposes to mean the determination of whether a person shall be evaluated and treated. SB 415	<u>Reyes, D</u>	Planning and zoning: logistics use developments: truck routes.	07/17/2025 - Amended H TML PDF	08/21/2025 - Read second time. Ordered to third reading.	08/21/2025 - Assembly T HIRD READING	Current law, beginning January 1, 2026, prescribes various statewide warehouse design and build standards for any proposed new or expanded logistics use developments, as specified, including, among other things, standards for building design and location, parking, truck loading bays, landscaping buffers, entry gates, and signage. Current law defines various terms, including "21st century warehouse," and "tier 1 21st century warehouse," for purposes of those provisions as logistics uses that, among other things, comply with specified building and energy efficiency standards, including requirements related to the availability of conduits and electrical hookups to power climate control equipment at loading bays, as specified. Current law, subject to specified exceptions, defines "logistics use" for these purposes to mean a building in which cargo, goods, or products are moved or stored for later distribution to business or retail customers, or both, that does not predominantly serve retail customers for onsite purchases, and heavy-duty trucks are primarily involved in the movement of the cargo, goods, or products. This bill would clarify that a 21st century warehouse and a tier 1 21st century warehouse are required to comply with those standards as are in effect at the time that the building permit for a development of a 21st century warehouse is issued and make other clarifying changes relating to permissibility of use of conduits and electrical hookups at loading bays at those locations. The bill would revise the definition of "logistics use" and instead define "logistics use development" for these purposes to mean a building that is primarily used as a warehouse for the movement or the storage of cargo, goods, or products that are moved to business or retail customers, or both, that does not predominantly serve retail customers for onsite purchases, and heavy-duty trucks are primarily involved in the movement of the cargo, goods, or products. This bill would require a health care service plan contract or health insurance policy issued, amended, renewed, or delivered on or after the bill's operative date to cover up to a 12-month supply of a United States Food and Drug Administration (FDA)-approved prescription hormone therapy, and the necessary supplies for self-administration, that is prescribed by a network provider within their scope of practice and dispensed at one time, as specified. The bill would make the same prescription hormone therapy a covered benefit under the Medi-Cal program, as specified. The bill would prohibit a plan, an insurer, or the Medi-Cal program from imposing utilization controls or other forms of medical management limiting the supply of this hormone therapy to an amount that is less than a 12-month supply, but would not prohibit a contract, a policy, or the Medi-Cal program from limiting refills that may be obtained in the last quarter of the plan, policy, or coverage year if a 12-month supply of the prescription hormone therapy has already been dispensed during that year. (Last location was HOUSING on 2/26/2025)(May be acted upon Jan 2026)	05/08/2025 - Senate 2 YEAR	The Planning and Zoning Law requires each county and each city to adopt a comprehensive, long-term general plan for the physical development of the county or city, and specified land outside its boundaries, that includes, among other specified mandatory elements, a housing element. Current law, commonly referred to as the housing element law, prescribes requirements for a city's or county's preparation of, and compliance with, its housing element, and requires the Department of Housing and Community Development to review and determine whether the housing element substantially complies with the housing element law, as specified. Current law within the Planning and Zoning Law, the Housing Accountability Act, among other things, prohibits a local agency from disapproving, or conditioning approval in a manner that renders infeasible, a housing development project for very low, low-, or moderate-income households or an emergency shelter unless the local agency makes written findings, based on a preponderance of the evidence, that one of 6 specified conditions exist. Among these conditions, the act allows a local agency to disapprove a housing development project that is inconsistent with the jurisdiction's zoning ordinances and general plan land use designation as it existed on the date the application was deemed complete, if the jurisdiction has adopted a revised housing element that is in substantial compliance with the housing element law, as specified. After the legislative body has adopted a general plan, that law also authorizes, or if so directed by the legislative body, requires, the planning agency to prepare specific plans for the systematic implementation of the general plan for all or part of the area covered by the general plan, as provided. The California Environmental Quality Act (CEQA) requires a court, if it finds that any determination, finding, or decision of a public agency has been made without compliance with CEQA, to enter an order that includes one or more specified mandates, including a mandate to void the determination, finding, or decision of the public agency. Previous law, until January 1, 2025, notwithstanding the above-described requirement for a court to enter an order under CEQA, prohibited a court in an action or proceeding to attack, review, set aside, void, or annul the acts or decisions of the local agency, including a charter city, in adopting an update to a community plan on the grounds of noncompliance with CEQA from, on the basis of that noncompliance, invalidating, reviewing, voiding, or setting aside the approval of a development project that meets certain requirements. Previous law specified that those provisions did not affect or alter the obligation for the approval of a development project that was consistent with an approved community plan update to comply with CEQA or, except as expressly provided, preclude or limit an action to attack, review, set aside, void, or annul the approval of a development project that was consistent with an approved community plan pursuant to specified law. Previous law provided that the repeal of those provisions does not affect any right or immunity granted by those provisions to a development project that meets specified requirements before January 1, 2025. Existing law requires the department, on and after July 1, 2030, to enforce and ensure compliance with those provisions and regulations, as provided. Existing law requires manufacturers of these products, on or before July 1, 2029, to register with the department, to pay a registration fee to the department, and to provide a statement of compliance certifying compliance with the applicable prohibitions on the use of PFAS to the department, as specified. Existing law authorizes the department to test products and to rely on third-party testing to determine compliance with prohibitions on the use of PFAS, as specified. Existing law requires the department to issue a notice of violation for a product in violation of the prohibitions on the use of PFAS, as provided. Existing law authorizes the department to assess an administrative penalty for a violation of these prohibitions and authorizes the department to seek an injunction to restrain a person or entity from violating these prohibitions, as specified. This bill would, on and after January 1, 2028, prohibit a person from distributing, selling, or offering for sale a cleaning product, dental floss, juvenile product, food packaging, or ski wax, as provided, that contains intentionally added PFAS, as defined, except for previously used products and as otherwise preempted by federal law. The bill would, on and after January 1, 2030, prohibit a person from distributing, selling, or offering for sale cookware that contains intentionally added PFAS, except for previously used products and as otherwise preempted by federal law. Ordered to consent calendar.	08/20/2025 - Assembly C ONSENT CALENDAR	The Zenovich-Moscone-Chacon Housing and Home Finance Act establishes the Department of Housing and Community Development and requires it to administer various programs intended to promote the development of housing and to provide housing assistance and home loans. Current law sets forth various general powers of the department in implementing these programs, including authorizing the department to enter into long-term contracts or agreements of up to 30 years for the purpose of servicing loans or grants or enforcing regulatory agreements or other security documents. Current law requires the department, subject to certain conditions, to allow property owners subject to a regulatory agreement with the department to take out additional debt on the development in order to finance, with the department's approval, the rehabilitation of the property or investment in new affordable housing. Under current law, one of those conditions is that any extracted equity is required to meet at least one of several conditions, as specified. Current law defines "extracted equity" for these purposes to mean debt added to a department-regulated property that is not used in prescribed ways. This bill would, additionally, require the department to allow property owners to take out additional debt, as described above, if any extracted equity is utilized for reimbursement of borrower advances for predevelopment costs, unreimbursed capital improvements, and unreimbursed operating deficits. Current law makes it unlawful for a peace officer or an unauthorized person to remove an unattended vehicle from a highway, except as provided. Current law authorizes a city, county, or city and county to adopt an ordinance establishing procedures for the abatement and removal, as public nuisances, of abandoned, wrecked, dismantled, or inoperative vehicles or parts of vehicles from private or public property. Current law requires that any ordinance for the removal of abandoned vehicles contain certain provisions, including a provision exempting vehicles under certain circumstances, and a provision providing no less than a 10-day notice of intention to abate and remove the vehicle or part thereof as a public nuisance, unless the property owner and the owner of the vehicle sign releases. Current law also exempts from the 10-day notice prior to removal provision, a vehicle meeting specified requirements, including being valued at less than \$200 and being determined to be a public nuisance, if the property owner has signed a release. This bill would specifically authorize a local government to perform emergency summary abatement of vehicles creating imminent health and safety hazards. The bill would modify the exemption from prior 10-day notice of intention to abate and remove a vehicle to no longer require that both the vehicle be determined to be a public nuisance and that the property owner sign a release. SUSPENSE FILE	Current law establishes a public school financing system that requires state funding for county superintendents of schools, school districts, and charter schools to be calculated pursuant to a local control funding formula (LCFF), as specified The Classroom Instructional Improvement and Accountability Act, an initiative approved by the voters as Proposition 98 at the November 8, 1988, statewide general election, amended the California Constitution to, among other things, set forth a formula for computing the minimum amount of revenues that the state is required to appropriate for the support of school districts and community college districts in any given fiscal year. The California Constitution creates the Public School System Stabilization Account in the General Fund and requires the Controller to transfer, pursuant to a schedule provided by the Director of Finance, a specified amount from the General Fund to the account in each fiscal year, except as provided. The California Constitution generally prohibits the total annual appropriations subject to limitation of the state and each local government from exceeding the appropriations limit of the entity of government for the prior fiscal year, adjusted for the change in the cost of living and the change in population. The California Constitution defines "appropriations subject to limitation" for these purposes. This bill would establish the Equalization Reserve Account in the General Fund. The bill would require interest earned on funds in the account to be available, upon appropriation by the Legislature, to increase per-pupil funding in non-basic aid school districts, defined as school districts that received the above-described apportionment of LCFF funds in any of the then preceding 3 fiscal years, in a manner prescribed by the Legislature. The bill would require the Controller, in any fiscal year in which there is an increase over the preceding fiscal year in the minimum amount of revenues the state is required to appropriate for the support of school districts and community college districts, to transfer from the General Fund to the Equalization Reserve Account an amount equal to the total amount transferred from the General Fund to the Public School System Stabilization Account in that fiscal year, as provided.
