**BACKGROUND**

On February 1, 2005, the City Council adopted Resolution No. 72517 which requires Councilmembers to submit a memorandum to the Rules Committee regarding proposed City Council sponsored Special Events and the proposed use of any funds.

San José's selection as a key regional hub for major upcoming international and national sporting events and conferences including Super Bowl 60, NCAA Division I Tournament, and the 2026 FIFA World Cup marks a defining moment for the City's civic identity and economic vitality. These first-class events showcase San José's growing reputation as a global destination for athletic excellence, cultural celebration, and community pride.

The continued growth of NVIDIA GTC and its growing positive economic impact on San Jose's small business community further reinforces the City's role as the epicenter of technological innovation that powers Silicon Valley and shapes industries worldwide. Together, these milestones highlight San José's unique position at the intersection of sports, technology, and community leadership, reflecting both our local spirit and global reach.

Hosting these high-quality events celebrate our community's enthusiasm for world-class sports and underscores the City's ongoing commitment to inclusion, teamwork, and excellence. The presence of these events will energize residents, draw international attention, and expand San José's visibility as a vibrant, forward-looking city.

More than half a million visitors are expected to travel to the Bay Area for Super Bowl 60, March Madness, and the FIFA World Cup. These guests will fill our hotels, restaurants, bars, and small businesses, helping San José capture a significant portion of the estimated \$1.4 billion in regional economic impact generated by these events.

This extraordinary lineup of activities gives San Joséans something to be proud of, whether or not they have a seat in the stands, and solidifies our City's place as the premier entertainment destination in the South Bay for 2026 and for many years to come.
