RECOMMENDATION

Approve a change to the \$15,000 funds originally allocated for “Celebrating Our Vietnamese Culture with a Têt Parade” within the budget for Council District #07 to broaden and repurpose the use of these funds for other cultural events in District 7, including the Moon Festival, Black April, and other cultural events.

BACKGROUND

Budget Document #16 was approved as part of the 2025-2026 Adopted Operating Budget, and allocated \$15,000 from the Essential Services Reserve to the budget for Council District #07 to “Celebrate Our Vietnamese Culture with a Têt Parade.”

Unfortunately, there have been many challenges finding organizations with experience who are willing to organize and lead the 2026 Têt Parade. To ensure the original intention of the funds are honored, “Celebrating Our Vietnamese Culture,” the District 7 office would like to broaden the usage of these funds to extend to Black April, the Moon Festival, and other cultural events.
